CERTIFICATI DEL SISTEMA DI GESTIONE

Gessi the ethical company, attentive to quality, laborers and the environment.
Employing advanced technology, and sometimes inventing its own new processes, adhering to its own strict policies, often far beyond regulations, every day Gessi affirms its goal of preserving the environment, manufacturing creations of unparalleled quality and promoting a healthy workplace.
These is what Gessi strives for, in the belief these values should be shared by all those who want to foster a culture of the product that goes beyond simple appearances.

Gessi azienda etica tra qualità, persona e ambiente.
Impiegando tecnologie avanzate e talvolta creando processi innovativi, aderendo alle proprie severe politiche e andando spesso oltre le prescrizioni regolamentari, ogni giorno Gessi afferma il proprio obiettivo di preservare l'ambiente, di realizzare prodotti di impareggiabile qualità e di promuovere un luogo di lavoro salubre.
Sono questi i valori che stanno a cuore dell'azienda e che dovrebbero essere condivisi da tutti coloro che, come Gessi, intendono promuovere una cultura del prodotto che vada oltre le pure apparenze.

Gessi, maison éthique entre qualité, personnes et environnement.
En utilisant des technologies à l'avant-garde et parfois en créant des procès innovants, en obéissant à ses propres politiques sévères et en allant aussi souvent au delà des prescriptions réglementaires, chaque jour Gessi affirme son objectif de préserver l'environnement, de réaliser des produits de qualité incomparable et de promouvoir une place de travail salubre.
Ceux-là sont les valeurs que Gessi tient beaucoup à coeur et qui devraient être partagés de la part de tous ceux qui comme Gessi souhaitent encourager une culture du produit qui aille au delà des simples apparences.

Gessi empresa ética de calidad, personas y medio ambiente.
Utilizando tecnologías avanzadas, y en ocasiones la creación de procesos innovadores, uniéndose a sus estrictas políticas y con frecuencia va más allá de los requisitos reglamentarios, todos los días Gessi afirma que su objetivo es preservar el medio ambiente, para crear productos de calidad sin igual y promover un entorno laboral saludable.
Estos son los valores que son caros a la empresa y debe ser compartida por todos aquellos que, como Gessi, quieren promover una cultura de producto que va más allá de las meras apariencias.

AMBIENTE

Gessi has been for years on the forefront of "green" production; in fact the Company has since long engaged in very serious R&D aimed at introducing technological or technical solutions in its products and processes, whose goal is the to minimize resources consumption and the overall impact on the environment, while still preserving outstanding aesthetics and proposing innovative designs at every new season.

Gessi è da sempre attenta al tema di una produzione "verde". L'azienda è da anni seriamente impegnata nella ricerca e nello sviluppo di soluzioni tecnologiche e tecniche nei propri prodotti e processi, rivolte a ridurre i consumi e minimizzare l'impatto sull'ambiente, preservando tuttavia la cura attentissima all'estetica e proponendo ad ogni stagione design innovativi.

Gessi depuis toujours prête attention au thème d'une production "verte". L'usine depuis plusieurs années est engagée dans la recherche et développement de solutions technologiques et techniques dans ses propres produits et procès, dirigés à réduire la consommation et minimiser l'impact sur l'environnement, en préservant toutefois le soin très attentif à l'esthétique et en proposant à chaque saison des designs innovants.

Gessi está siempre atenta con el tema de una producción "verde". La compañía ha estado durante mucho tiempo realmente comprometida con la investigación y el desarrollo de soluciones tecnológicas y técnicas en sus productos y procesos, destinados a reducir el consumo y minimizar el impacto ambiental, conservando la estética y el cuidado y proponiendo cada temporada diseños innovadores.

SICUREZZA

The production philosophy of Gessi sets people at the centre of its ideal system as it pursue a concept of "total overall quality" of its processes, products and working conditions. The Company is also extremely attentive to the safeness and pleasantness of the environments where people work and dwel.

La filosofia produttiva Gessi pone al centro del suo sistema ideale la persona e il perseguimento della qualità totale: di processo, di prodotto, del lavoro; con un'attenzione speciale all'ambiente dove l'uomo vive e lavora.

La philosophe de production Gessi pose la personne et la poursuite de la qualité totale au centre se son système idéal: système de procéssus, de produit, de travail; avec un soin particulier au milieu où l'homme vie et travaille.

La filosofía de producción de Gessi pone en el centro de su sistema ideal la persona y el perseguimiento de la calidad total: de processo, de producto, de trabajo, con atención especial al medio ambiente donde el hombre vive y trabaja.

QUALITÁ

The added value of a genuine, integrally "Made in Italy – Made in Gessi" production, is apparent in all Gessi's creations.

Il valore aggiunto di una produzione genuinamente e integralmente "Made in Italy – Made in Gessi", emerge in ogni creazione Gessi.

La valeur ajoutée d'une production intégralement "Made in Italy – Made in Gessi" apparaît dans chaque produit Gessi.

El valor añadido de la producción total y genuinamente "Made in Italy – Made in Gessi" se manifiesta en cada creación Gessi.

L'OASI GESSI, UN PARCO INDUSTRIALE NEL VERDE

Design today need not only be aesthetics, ergonomics, functionality and ability to industrialize the product; it should also take account of the values and concerns of society: the environment, energy resources, new dwelling customs, new individual and collective needs.
Gessi has long engaged in a very accurate study of innovative, timeless designs and new housing concepts for tomorrow's dwellings to be invariably proposed at every season - relying on the use of highest quality materials and the time-honoured tradition of meticulous Italian craftsmanship. The same level of accuracy is used in its search for technical and technological solutions so as to obtain safe and sustainable products and processes.
Gessi purports to be a 'special place' where out-of-the-ordinary fantasies come true.
The new Gessi Park originates from this very idea. It was designed as a special, oasis-like production complex that combines functionality and efficiency with beauty, eco-friendliness and worker-friendliness. The Park layout mixes industrial and landscape eco-architecture, technology and design, all harmoniously integrated in the territory. This provides a perfect setting for seamless production processes where products meant for worldwide exportation are manufactured with the use of state-of-the art technologies and zero environmental impact.
The green design of the Park is just an aspect of the overall project whose environmental sustainability rests with technically advanced, ecologically responsible and industrially unparalleled if not unique system solutions.
These solutions span from natural lighting and ventilation apparatuses through indoor quality control to highly efficient conditioning and heating systems including, inter alia, systems recovering and reusing the heat produced; all devices are designed with the utmost attention to energy efficiency and abatement of polluting emissions into the atmosphere.
The commitment to optimise processes and minimise wastes and inefficiencies involves each level of the Organization through an Integrated Quality and Environmental Management System.
Environment protection is a concern since the very early stages of development of any product or process project; Gessi considers it a mission towards its clients and a commitment to create a mindset for everyone to embrace environment minded behaviours and choices.
After all, for Gessi Innovation means not only inventing new aesthetic solutions but also, and more importantly, meeting dreams and needs, including those of generations to come, with new technologies, new production processes and new materials. Along with design uniqueness and technology, the real added value of the Gessi brand is indeed its content of poetry and respect for the world.

Il design oggi non può essere solo estetica, ergonomia, funzionalità e capacità di industrializzare il prodotto; il design deve tenere conto dei valori e delle preoccupazioni della società: l'ambiente, le risorse energetiche, nuove modalità dell'abitare, nuovi bisogni individuali e collettivi.
Gessi è impegnata da anni in una ricerca molto seria, per proporre, ad ogni stagione, design innovativi dal valore atemporale, nuovi concetti abitativi per il vivere di domani, resi nei materiali di più alta qualità e con la garanzia di una meticolosa produzione italiana; uguale attenzione è dedicata alla ricerca di soluzioni tecniche e tecnologiche orientate alla sicurezza e sostenibilità dei prodotti e dei processi.
Gessi aspira ad essere un posto speciale dove si sviluppano percorsi fuori dall'ordinario.
Da queste premesse nasce il progetto di "azienda-oasi" del Parco Gessi: un sito produttivo "speciale", progettato per essere funzionale ed efficiente, ma anche bello e in ogni aspetto amico del lavoratore e della natura. Il Parco realizza una scenografia di eco-architettura industriale e paesaggistica, tecnologia e design, inserita in modo armonico nel territorio; qui si concepisce e realizza, in modo totalmente integrato, ogni aspetto di una produzione destinata all'esportazione in ogni parte del mondo, con l'impiego delle migliori tecnologie oggi disponibili e con impatto ambientale nullo.
L'immagine "verde" del Parco non è che un aspetto del progetto, che in realtà fonda la sua sostenibilità ambientale su molteplici soluzioni impiantistiche tecnicamente avanzate ed ecologicamente responsabili, assolutamente uniche nel panorama industriale. Esse vanno dagli apparati di illuminazione e ventilazione naturale, al controllo della qualità indoor, ai sistemi che garantiscono un'alta performance climatica anche attraverso il recupero e riutilizzo del calore, con attenzione all'efficienza energetica e alle emissioni nocive nell'atmosfera.
L'impegno alla ottimizzazione dei processi e alla minimizzazione di sprechi e inefficienze coinvolge, attraverso il Sistema di Gestione Integrato Qualità e Ambiente, tutti i livelli dell'organizzazione aziendale. La tutela ambientale è presa in considerazione fin dalle prime fasi di sviluppo di ogni progetto relativo a processi o a prodotti: essa è vissuta dall'Azienda come una missione verso i propri clienti e un impegno a creare una mentalità che faccia diventare per tutti tale scelta una "naturale esigenza".
D'altra parte innovare significa per Gessi non solo inventare nuove soluzioni estetiche ma soprattutto soddisfare sogni e bisogni, anche quelli delle generazioni future, con nuove tecnologie, nuovi processi produttivi, nuovi materiali.
Insieme all'unicità del design, alla tecnologia, il vero valore aggiunto del marchio Gessi è il suo contenuto di poesia e rispetto per il mondo.

THE GESSI OASIS. A “GREEN” INDUSTRIAL PARK

Aujourd’hui le design n’est pas seulement esthétique, ergonomie, fonctionnalité et la capacité d’industrialiser la conception du produit; le design doit prendre en compte des valeurs et des préoccupations de la société: l’environnement, des ressources énergétiques, des nouvelles façons de vivre, des nouveaux besoins individuels et collectifs.
Gessi est engagée depuis des années dans une recherche fondamentale, de manière à proposer à chaque saison, un design innovant à valeur intemporelle, nouveaux concepts de vie pour la vie future, réalisés dans des matériaux de haute qualité et avec la garantie d’une minutieuse production italienne; la même attention est consacrée à la recherche de solutions techniques et technologiques pour la sécurité et la durabilité des produits et des procédés.
Gessi a l’ambition de développer une démarche exceptionnelle à partir d’un site exceptionnel.
A partir de ce préambule est né le projet de «usine-oasis» du Parc Gessi: un site productif «particulier», projeté pour être fonctionnel et efficient, en même temps beau et dans chaque aspect ami de l’ouvrier et de la nature. Le Parc réalise une scénographie de éco architecture industrielle et paysagiste, technologie et design, insérée dans le territoire en manière harmonique. Chez Gessi on pense et on réalise, en manière totalement intégrée, chaque aspect d’une production destinée à l’exportation dans chaque partie du monde, avec l’emploi des meilleures technologies à ce jour disponibles sans impact sur l’environnement.
L’image «verte» du Parc n’est qu’un aspect du projet, qui dans la réalité se base sur son soutien de l’environnement sur plusieurs solutions de systèmes techniquement avancés et écologiquement responsables, absolument uniques sur le panorama industriel. A partir de l’éclairage et de l’aération naturelle, au contrôle de la qualité interne, aux systèmes qui assurent une efficace climatisation par la récupération et la réutilisation de la chaleur, en faisant attention à l’efficience énergétique et aux émission nuisances dans l’atmosphère.
L’engagement envers l’optimisation des procédés et envers la minimalisation des gaspillages et le manque d’é fficacité implique, à travers le système de Gestion Intégrée Qualité et Environnement, tous les niveaux de l’organisation de l’usine. La sauvegarde de l’environnement est prise en considération déjà à partir des premières phases de production de chaque projet relatif à procédés ou à produits: la sauvegarde de l’environnement est vécue par Gessi comme une véritable mission envers ses clients et comme un engagement à créer une mentalité qui fasse devenir pour chaque personne ce choix comme une “exigence naturelle”.
D’autre part innover pour Gessi signifie non seulement inventer de nouvelles solutions esthétiques mais surtout satisfaire des rêves et des besoins, même ceux des générations futures, caractérisées par des technologies nouvelles, des nouveaux procédés productifs, des matériaux nouveaux. La véritable valeur adjointe de la marque Gessi est son contenu de poésie et respect pour le monde liés à son design unique et à sa technologie.

El diseño, hoy no es sólo estética, ergonomía, funcionalidad y capacidad de industrializar el diseño del producto debe tener en cuenta los valores y preocupaciones de la sociedad: el medio ambiente, los recursos energéticos, las nuevas formas de vida, las nuevas necesidades individuales y colectivas.
Gessi ha participado durante años en un estudio muy serio, para proponer, con cada temporada, diseño innovador con un concepto de valor intemporal, nuevos conceptos para el vivir de un mañana, realizados en los materiales de la más alta calidad y con la garantía de una producción italiana meticulosa; la misma atención se dedica a la búsqueda de soluciones técnicas y tecnológicas orientadas a la investigación a la seguridad y la sostenibilidad de los productos y procesos.
Gessi aspira a ser un lugar especial donde se desarrollan rutas fuera de lo común.
De esta premisa se ha creado el proyecto de “empresa-oasis” del Parque Gessi: un lugar productivo “especial”, diseñado para ser funcional y eficiente, pero también hermoso y en todos los aspectos amigo del trabajador y de la naturaleza. El parque crea una escenografia de arquitectura eco-industrial y paisagistica, tecnología y diseño, armoniosamente insertados en el territorio, aquí está conciben y realizan, de maneral totalemente integrada, todos los aspectos de la producción para la exportación en todo el mundo, utilizando las mejores tecnologías disponibles hoy en día y sin impacto ambiental.
La imagen “verde” del Parque no es sólo un aspecto del proyecto, que en realidad funda su sostenibilidad del medio ambiente con múltiples soluciones con sistemas de tecnología avanzada y ambientalmente responsable, absolutamente únicas en la industria. Que van desde la iluminación natural y ventilación, control de calidad en interiores, los sistemas que garanticen el clima de alto rendimiento a través de la recuperación y reutilización de calor, con especial atención a la eficiencia energética y las emisiones a la atmósfera.
El compromiso con la optimización de los procesos y la minimización de residuos y la ineficiencia participan, a través del Sistema de Gestión Integrado de Calidad y Medio Ambiente, todos los niveles de la organización dela empresa. La protección del medio ambiente viene tomada en consideración desde las primeras fases de desarrollo de cada proyecto relativo a procesos o a productos: es experimentado por la compañía como una misión hacia los propios clientes; es un compromiso para crear una mentalidad que logre que todo el mundo tome tal elección como una “necesidad natural”.
Por otra parte la innovación significa para Gessi no sólo inventar nuevas soluciones estéticas, sino también sobretodo cumplir con los sueños y las necesidades, incluidas las de las generaciones futuras, con las nuevas tecnologías, nuevos procesos productivos, nuevos materiales. Junto con la originalidad del diseño, la tecnología, el valor real añadido de la marca Gessi es su contenido de poesía y respeto al mundo en el que vivimos.

push- BUTTON

The purchaser will receive the mixer with a standard keys configuration, as per the most common water functions selection.

Ciascun acquirente riceverà il miscelatore configurato con i tasti della dotazione standard, corrispondenti alle più comuni configurazioni di funzioni acqua di un'area doccia

Single outlet mixer standard supplied button

Tasto in dotazione standard per mixer a 1 uscita

2 outlet mixer standard supplied buttons

Tasto in dotazione standard per mixer a 2 uscite

3 outlet mixer standard supplied buttons

Tasto in dotazione standard per mixer a 3 uscite

4 outlet mixer standard supplied buttons

Tasto in dotazione standard per mixer a 4 uscite

The standard keys can be replaced with special etched one having the specific icons of the water outlets required by the customer. Any custom key can be ordered separately. Keys without etching or neutral configurated are not available.

I pulsanti standard sono sostituibili con tasti recanti le icone specifiche delle uscite acqua che l'utilizzatore desidera installare nella propria doccia e che sono ordinabili separatamente.Non sono previsti tasti con configurazione neutra ovvero non serigrafati.

SAFETY VALVE

Gessi Patent Safety Valve
Minimali and Colour showerheads are equipped with a revolutionary safety system, which improves the system and the customer's safety. Impurities and dirt, which might be present inside the system, during the use of the showerhead might reach the silicone nozzles and clog them. In this case, in a system of 3 bars pressure approx., a huge force gets generated. Thanks to the new technology, which is installed exclusively in Gessi showerheads, with a nozzles clog of 50%, the Safety Valve system will drop water through two openings specially provided. This will prevent useless stress for the gaskets and will warn the customer that a proper maintenance is needed. This will be really easy thanks to the cleaning kit provided together with the showerheads. Once the pressure level will go back to standard, the safety system will be automatically shut off.
I soffioni Minimali e Colour sono stati dotati di un rivoluzionario sistema a favore delle sicurezza dell'impianto e del cliente.
Gli impianti portano con se piccole impurità e depositi che con l'utilizzo vanno a depositarsi nelle tettarelle in silicone dei soffioni e cercano di ostruirle. In caso di ostruzione, all'interno del sistema con una pressione idrica di 3 bar si crea una grande forza.
Grazie alla nuova tecnologia installata in esclusiva nei soffioni Gessi, con l'ostruzione al 50% delle tettarelle, il sistema Safety Valve scarica l'acqua attraverso due aperture del dispositivo di sicurezza, al fine di evitare inutili sollecitazioni alle guarnizioni interne al soffione, e dare un segnale al cliente di procedere alla manutenzione e alla pulizia del soffione stesso, grazie al kit di pulizia in omaggio con i Sistemi doccia. Ripristinando le caratteristiche di pressione il sistema si chiude in automatico.
Les pommes de douche Minimali et Colour sont équipées par un système révolutionnaire pour la sécurité de l'installation et de l'utilisateur.
Dans le cas d'obstruction des picots (dû au calcaire et aux impuretés), le système Safety valve permet de décharger l'eau resté à l'intérieur de la pomme de douche par deux ouvertures du dispositif de sécurité. Cela évite des sollicitations inutiles aux joints internes de la pomme de douche et prévient le client de procéder avec l'entretien de l'article à l'aide du kit de nettoyage fourni avec le produit. Après cet entretien, le système de décharge se ferme automatiquement.
Los rociadores Minimali y Colour vienen provistos de un revolucionario sistema que mejora la seguridad de la instalación y del cliente.
Las pequeñas impuridades y los depósitos que pueden hallarse en el interior de las instalaciones, a lo largo de su utilización, se acumulan en los picos de las boquillas de silicona y pueden obstruirlas. En estos casos, en el interior del sistema, con una presión hídrica de 3 bares, se origina una grande fuerza.
Gracias a la nueva tecnología instalada exclusivamente en los rociadores Gessi, cuando ocurra una obstrucción del 50% de los picos de las boquillas, el sistema Safety Valve descargará el agua a través de dos aberturas del dispositivo de seguridad para evitar inútiles solicitaciones de las juntas internas del rociador, avisando al cliente que es necesario proceder a su mantenimiento utilizando el juego de limpieza incluido gratuitamente en el suministro de los Sistemas Ducha. Al restablecer las características de presión, el sistema se cierra automáticamente.

CLEANING KIT

In order to grant a proper cleaning and beauty of Private Wellness showerheads, Gessi prepared kit R4185, supplied together with Minimali and Colour showerheads. This kit is composed by a telescopic arm, meant to reach showerheads installed at a significant height, a rubber roll and a spatula. While water is pouring in "rain" function, it will be necessary to move the roll in any direction of the surface of the showerhead, In this way, nozzles will be squeezed and limestone removed and expelled through the stream of water. We suggest to repeat the same action until all the nozzles will provide a perfect flow. The spatula is meant for the waterfall function. It will be enough to install it on the telescopic arm and move it back and forth the waterfall opening, in order to remove any limestone sediment until the stream of water will get the typical "V" shape.
Per garantire la pulizia e la bellezza dei Sistemi Doccia Private Wellness è stato realizzato il kit R4185, in omaggio con i Soffioni Minimali e Colour.
Il Kit è costituito da un braccio telescopico per riuscire a raggiungere i soffioni posizionati anche molto in alto, un rullo in gomma e una spatola per le bocche a cascata.
Mentre il flusso d'acqua scorre attraverso gli ugelli della funzione "pioggia" contemporaneamente muovere il rullo in tutte le direzioni sulla superficie del Soffione. Le tettarelle verranno così compresse in modo da sfaldare il calcare all'interno e farlo uscire attraverso il flusso d'acqua, ripetendo questa azione fino ad ottenere un getto lineare d'acqua attraverso tutte le uscite.
La spatola viene invece utilizzata per le cascate d'acqua. Fissata sull'asta telescopica, dopo aver aperto il flusso d'acqua, è sufficiente muovere avanti e indietro la spatola rimuovendo così il calcare fino a riportare il corretto funzionamento del getto d'acqua che assume la caratteristica forma a V.
Gessi pour assurer le correct entretien et la beauté des pommes de douche Private Wellness a réalisé un kit de nettoyage fourni gratuitement avec le produit.
Ce kit est composé par :
Bras télescopique qui permet d'accéder facilement à la pomme de douche
Rouleau en caoutchouc pour le nettoyage des picots
Palette pour le nettoyage du bec cascade.
Para garantizar la limpieza y la belleza de los Sistemas Ducha Private Wellness se ha realizado el juego R4185, ofrecido gratuitamente con los Rociadores Minimali y Colour.
El juego consta de un brazo telescópico que permite alcanzar incluso los rociadores instalados muy arriba, un rodillo de goma y una espátula para las bocas de cascada.
Mientras que fluya el agua de las boquillas de la función "lluvia", muevan el rodillo en todos los sentidos sobre la superficie del rociador. De esta forma los picos serán comprimidos, llegando a deshacer la cal en el interior de ellos, la cual será expulsada junto al agua. Se Les recomienda que repitan esta operación hasta obtener un flujo linear de agua a través de todas las salidas.
La espátula se utiliza para las cascadas de agua, aplicándola a la varilla telescópica. Tras haber abierto el agua, será suficiente mover hacia adelante y hacia atrás la espátula, removiendo de tal forma la cal y restableciendo el correcto funcionamiento del chorro que asumirá la característica forma en "V".

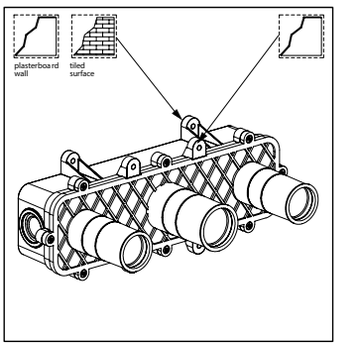

FIXING WALL

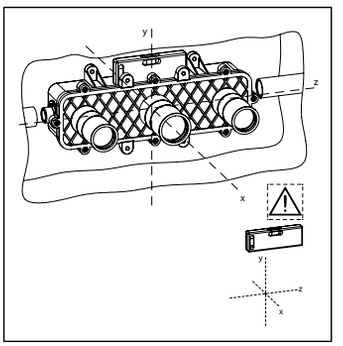

Gessi built in parts can be installed both in the rear and in the front part. For the rear installation, the box can be installed directly on the wall. The built in part will be correctly secured to the wall by fixing the screws on the rear part, while on the front part the screws will be fixed on apposite wings. Any Gessi built in part have apposite surfaces, both in square or round outer boxes, where to position the level, in order to install the built in part in a proper way, reducing the mistake chances. The boxes are equipped with specific colored rings meant for the installation of the respective pipes.

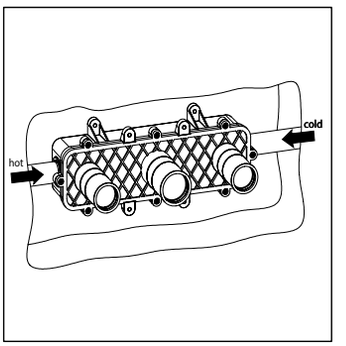

I nostri incassi possono essere fissati nella parte posteriore, fissando la scatola direttamente sul muro, o nella parte anteriore. Applicando le viti nella parte posteriore, l'incasso rimane ben fisso al muro, nella parte anteriore le viti vengono fissate su delle seconde alette. Tutti gli incassi Gessi hanno la possibilità di posizionare la bolla, al fine di poter installare l'incasso nel modo migliore, riducendo al minimo le possibilità di errore, con superfici apposite per il posizionamento della livella sia nelle scatole di sezione quadrata che in quelle di sezione tonda. Le scatole sono dotate di appositi anelli colorati per l'installazione delle rispettive mandate.

Les parties encastrées Gessi peuvent être installées soit au mur que sur placoplâtre.
Cela est possible grâce à des vis positionnées dans deux différents logements comme montré dans l'image à côté.
Pour toutes les parties encastrées il y a la possibilité de positionner le niveau en réduisant de cette manière au minimum éventuels erreurs de positionnement.
Les boites sont équipées de bagues bleu et rouge pour la correcte installation des arrivées d'eau.

Nuestros detalles empotrados pueden ser fijados tanto en la parte posterior, aplicando la caja directamente en la pared, como en la parte anterior. Si la instalación ocurre en la parte posterior, el detalle empotrado queda firmemente juntado en la pared; en la parte anterior, al contrario, los tornillos se fijan en unas correspondientes aletas. En todos los detalles empotrados Gessi hay la posibilidad de posicionar un nivel de burbuja sobre apropiadas superficies realizadas tanto en las cajas de sección cuadrada como en aquella de sección redonda, lo cual permite instalar el conjunto de la mejor forma reduciendo al mínimo las posibilidades de error. Las cajas vienen provistas de correspondientes aros coloreados que identifican las correspondientes líneas de envío.

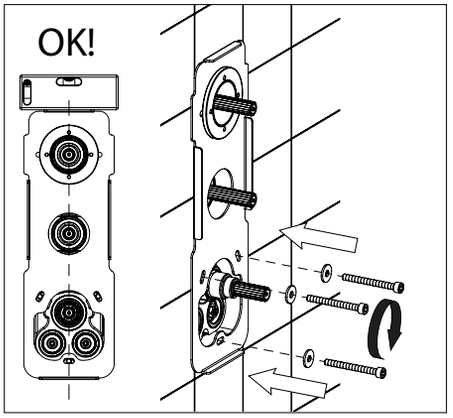

ADJUSTMENT INSTALLATION MISTAKE

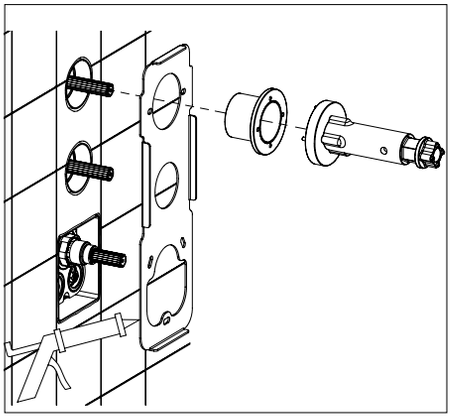

Another innovation of great importance is the chance to correct any installation mistake of the external parts. It could be quite difficult to install correctly a big and heavy built in body such as thermostatic ones. Now, thanks to a special plate made exclusively by Gessi, mistakes till 1,5 degrees can be fixed. It will be enough to position the supplied plate on the installed built in part and it will help to align the external parts to the tiles.

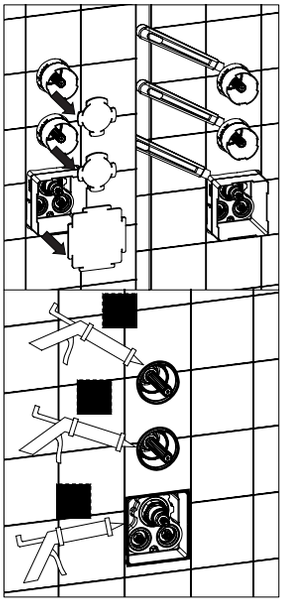

Un'altra innovazione molto importante è la possibilità di correggere nella parte esterna gli eventuali errori avvenuti durante l'installazione.Un corpo posizionato verticalmente o orizzontalmente, soprattutto di dimensioni abbastanza importanti come ad esempio termostatici alta portata, possono essere aggiustati errori fino a 1,5 gradi, con il posizionamento di una piastra in esclusiva di Gessi, per poter allineare le fughe delle piastrelle sulle linea delle parti esterne.

Une autre innovation très importante est la possibilité de corriger d'éventuelles erreurs d'installation sur le mur. Dans le cas d'un corps positionné verticalement ou horizontalement, par exemple un mélangeur thermostatique haut débit, il est possible d'ajuster les erreurs jusqu'à 1,5 degrés, en positionnant une plaque exclusive Gessi qui permet d'aligner les joints des carreaux avec les lignes des pièces installé sur le mur.

Otra innovación muy importante es la posibilidad de corregir los eventuales errores de instalación en la pared. En el caso de un cuerpo posicionado vertical u horizontalmente, por ejemplo un mezclador termostático de alto caudal, es posible ajustar errores hasta los 1,5 grados, posicionando una placa exclusiva Gessi que permite alinear las juntas de los baldosas con las líneas de las partes instaladas en la pared.

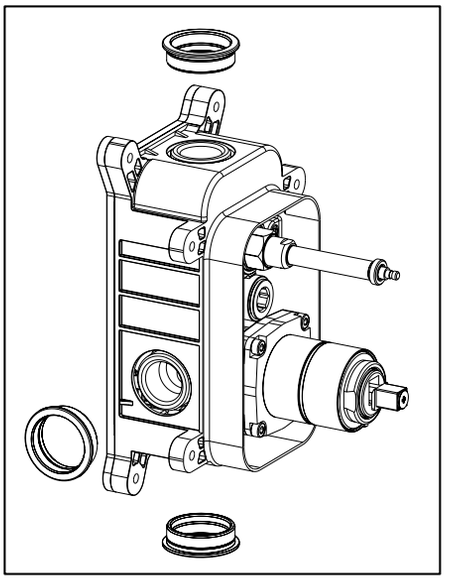

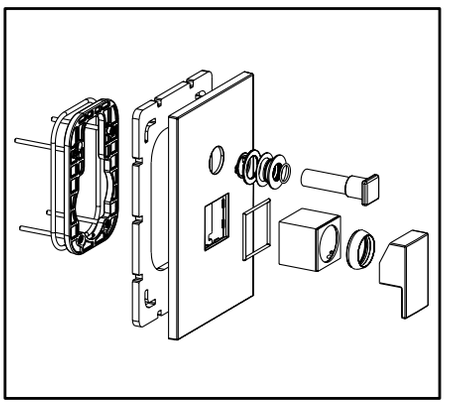

GESSI

INSIDE SAFETY
OUTSIDE SAFETY

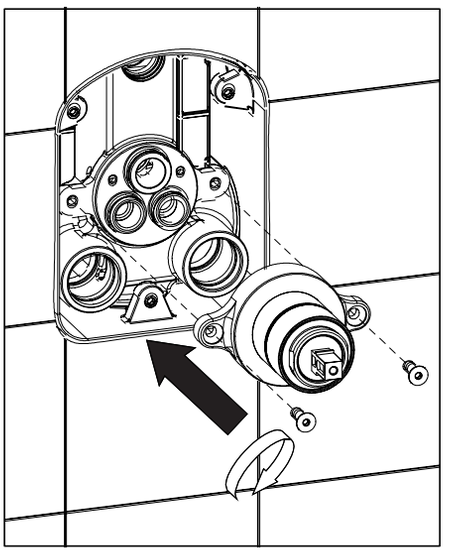

One of the greatest strength of Gessi is the technology of the built-in parts' safety and of their related external parts; it allows not to disperse any water inside the wall and to protect it from any external infiltration. In every position of entry and exit of the hoses, built-in parts have special gaskets that keep every potential leak inside the box. The customer, anyway, is able to notice the leaks thanks to some special rides under the external parts. So, in case of leaks, water will get out of the box without penetrating into the wall and causing extensive damages. During water supply, specific gaskets prevent the entry of water inside the box. Water that runs on the wall cannot indeed penetrate inside the box because of sophisticated innovations that keep the water outside the flange that is under the finished plate. Therefore, Gessi ranks as a top quality Company in the construction of hotels and big buildings.

Un grande punto di forza per Gessi è la tecnologia che contraddistingue la sicurezza degli incassi e delle relative parti esterne che permette di non disperdere acqua dall'interno del muro e che la parte estetica protegga il muro da eventuali infiltrazioni dall'esterno.
In ogni posizione d'ingresso e uscita tubi gli incassi hanno apposite guarnizioni che trattengono eventuali perdite all'interno della scatola, che il cliente percepirà vedendo delle uscite d'acqua attraverso appositi passaggi attraverso le flange al di sotto della parte estetica e con una apposita sezione nelle guarnizioni posteriori alle piastre di finitura.
In questo modo, in caso di eventuali perdite, l'acqua uscirà dalla scatola senza invadere il muro ed evitare quindi danni ingenti.
Durante l'erogazione dell'acqua, specifiche guarnizioni evitano l'ingresso dell'acqua all'interno della scatola. L'acqua che corre sul muro, infatti, non potrà entrare all'interno della scatola grazie a sofisticate innovazioni che permettono di mantenere l'acqua all'esterno della flangia posta al di sotto della piastra di finitura e grazie a guarnizioni poste in prossimità della cartuccia e del deviatore. Gessi si posiziona quindi ai più alti livelli come qualità per la costruzione di hotel e grandi palazzi.

Important point de force de Gessi est la technologie qui distingue la sécurité des corps d'encastrement et des relatives parties apparentes qui permet de ne pas disperser l'eau à l'intérieur du mur et que la partie apparente puisse protéger le mur d'éventuelles infiltrations provenant de l'extérieur.
Dans chaque position d'entrée et de sortie des tuyaux, les corps d'encastrement sont équipés de joints qui retiennent des éventuelles fuites à l'intérieur de la boîte d'encastrement. Dans ce cas l'utilisateur percevra la fuite en voyant l'eau sortir par des passages appropriés à travers de brides en dessous de la partie apparente et avec une section spéciale placée dans les joints qui se trouvent derrière la plaque de finition.
De cette manière, en cas de fuites éventuelles, l'eau sortira de la boîte sans abimer le mur en évitant de cette façon des dégâts importants.
Pendant la distribution de l'eau, des joints spécifiques évitent l'entrée de l'eau à l'intérieur de la boîte. L'eau qui coule le long du mur ne pourra pas entrer à l'intérieur de la boîte grâce à des innovations sophistiquées qui permettent de maintenir l'eau à l'extérieur de la bride situé au-dessous de la plaque de finition et à des joints situés en proximité de la cartouche et de l'inverseur.
Una de las mayores primacías de Gessi es la tecnología que caracteriza la seguridad de las partes empotradas y de las correspondientes partes instaladas en la pared que evita la dispersión del agua del interior del muro y al mismo tiempo lo protege de las eventuales infiltraciones del exterior.
En cada posición de entrada y de salida, los tubos vienen provistos de adecuadas juntas que retienen las eventuales pérdidas en el interior de la caja. En cualquier caso el cliente podrá enterarse de ellas ya que el agua difluirá a través de pasajes realizados a propósito por debajo de las partes embellecedoras. De esta forma, en caso de pérdidas, el agua saldrá de la caja sin derramarse por toda la pared, evitando serios perjuicios.
Durante la erogación del agua, juntas específicas impiden al agua entrar en la caja. En efecto, el agua que difluye sobre la pared no podrá infiltrarse al interior de la caja gracias a la implementación de soluciones sofisticadas e innovadoras que crean una barrera hermética alrededor de la brida alojada por debajo de la placa embellecedora y a la presencia de juntas instaladas en el cartucho e en el desviador. Por estas razones, Gessi se halla en el tope de las clasificaciones de calidad en el sector de la construcción de hoteles y grandes residencias.

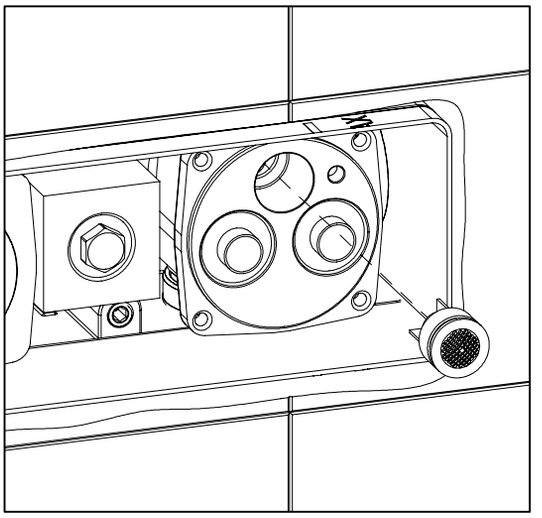

MUFFLER DEVICE CLASS 1

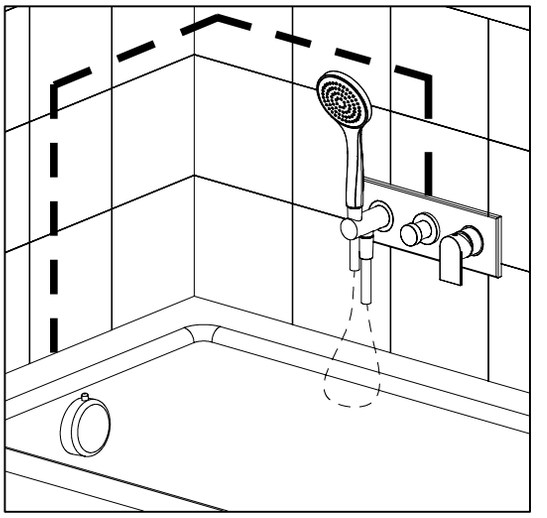

Two devices placed near the cartridge allow noise reduction. Water running in the hoses has pressure and flow changes, which transmit a frequency inside the built-in part. Silicone systems of Gessi's technology allow incoming water with this vibration to come out softly, reducing the noise by 30/40% approximately.
Due dispositivi posti in prossimità della cartuccia permettono la riduzione del rumore. L'acqua che corre nelle tubazioni ha variazioni di flusso e di pressione, che trasmettono una frequenza all'interno del corpo incasso. I sistemi siliconici delle tecnologia Gessi permettono che l'acqua in ingresso con questa vibrazione abbia un uscita molto più soft, riducendo cosi il rumore di circa il 30/40%.
Deux dispositifs installés à proximité de la cartouche permettent une réduction du bruit. L'eau qui filtre dans les tuyaux a des variations de débit et de pression qui transmettent une fréquence à l'intérieur du corps embarqué. Les systèmes en silicone mis en œuvre par la technologie Gessi adoucissent la sortie de l'eau qui pénètre avec cette vibration, réduisant le bruit d'environ 30/40%.
Dos dispositivos instalados cerca del cartucho permiten la reducción del ruido. El agua que filtra en las tuberías tiene variaciones de flujo y de presión que transmiten una frecuencia al interior del cuerpo empotrado. Los sistemas silicónicos implementados por la tecnología Gessi suavizan la salida del agua que entra con esta vibración, reduciendo el ruido de aproximadamente el 30/40%.

PRESSURE | 3 bar noise **< 20 db**
PRESSURE | 5 bar noise **< 25 db**

NON-RETURN SYSTEM UNI EN 1717

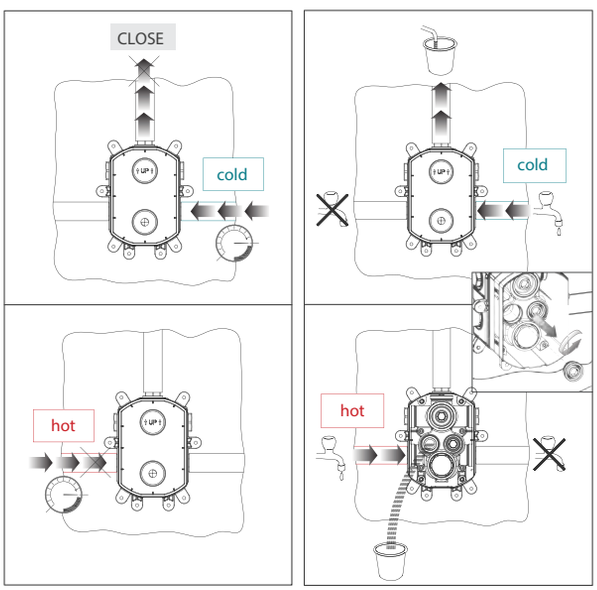

It's a complex system that avoids the contamination of clean water with dirty water in the distribution system. In specific cases, when suction inside the tubing is possible, this system ensures the stop of polluted water up to the non-return valve. Device that complies with the UNI EN 1717 on the prevention on pollution of potable water inside buildings in order to prevent pollution by backflow. A fluid backflow in a system of supply of potable water may occur due to a partial vacuum (pressure drop) in the potable water supply system (caused for example by the operation of a valve, by the bursting of a tube, from the operation of an auxiliary pump, the excessive water demand in one part of the system, the water taken in emergency from a fire hydrant.
Types of installation concerned are: Bath mixer with hand shower, Bath mixer with inlet port below the edge of the bath

Sistema complesso che garantisce la non contaminazione dell'acqua sporca nell'impianto di distribuzione dell'acqua pure. In casi specifici dove ci potrebbe essere l'effetto risucchio delle tubazioni, questo sistema garantisce lo stop dell'acqua inquinata fino alla valvola di non ritorno. Dispositivo che rispetta la normativa UNI EN 1717 riguardante la prevenzione sull' inquinamento dell'acqua potabile all'interno di immobili specifico per evitare l'inquinamento causato dal riflusso. Un riflusso di fluido (retrosifonamento) in un sistema di approvvigionamento di acqua potabile può verificarsi a causa di una depressione parziale (caduta di pressione) nel sistema di approvvigionamento dell'acqua potabile (causata per esempio dal funzionamento di una valvola, dallo scoppio di un tubo, dal funzionamento di una pompa ausiliaria, dall'eccessiva richiesta d'acqua in una parte del sistema, dall'acqua prelevata in caso di emergenza da un idrante antincendio.
Le tipologie di installazione interessate sono: Miscelatore vasca con doccetta manuale, Miscelatore vasca con attacco di ingresso al di sotto del bordo della vasca

Système complexe qui assure qu'aucune contamination sale de l'eau dans le système de distribution de l'eau pure. Dans des cas particuliers où il peut y avoir l'effet d'aspiration des tuyaux, ce système assure l'arrêt de l'eau polluée jusqu'à le clapet anti-retour. Un dispositif conforme à la norme UNI EN 1717 sur la prévention de la «pollution de l'eau potable à l'intérieur des bâtiments afin d'éviter la pollution par retour. Un reflux de fluide (retrosifonamento) dans un système de fourniture d'eau potable peut se produire en raison d'un vide partiel (perte de charge) dans le système d'alimentation en eau potable (provoquée par exemple par le fonctionnement d'une vanne, par l'éclatement d'un Tube, à partir de l'exploitation d'une pompe auxiliaire, la demande excessive de l'eau dans une partie du système, l'eau prise en urgence d'une bouche d'incendie.
Les types d'installation sont concernés: Mélangeur bain avec douche à main, Mélangeur de baignoire avec l'orifice d'entrée au-dessous du bord de la baignoire

Sistema múltiple que garantiza la no-contaminación del agua limpia en la instalación de distribución por parte de los líquidos sucios. En casos específicos, en los cuales podría ocurrir la aspiración en el interior de los tubos de impurezas, este sistema asegura la retención del agua contaminada hasta la válvula antirretorno. Se trata de un dispositivo que cumple con la normativa UNI EN 1717 en materia de prevención de la contaminación del agua potable en inmuebles, típicamente utilizado para impedir su alteración debida al reflujo. Un reflujo de fluido (retrosifonación) de agua potable puede ocurrir en un sistema de provisión en caso de depresión parcial (caída de presión), por ejemplo debida al funcionamiento de una válvula, a la explosión de un tubo, a la puesta en función de una bomba auxiliar, a la excesiva demanda de agua en una parte del sistema o al agua captada en caso de emergencia por un hidrante de incendio.
Las topologías de instalación interesadas son: Mezclador bañera con ducha manual, Mezclador bañera con conexión de entrada por debajo del borde de la bañera

TEST AND CLEAN WATER SUPPLY CONNECTION EN 806-4

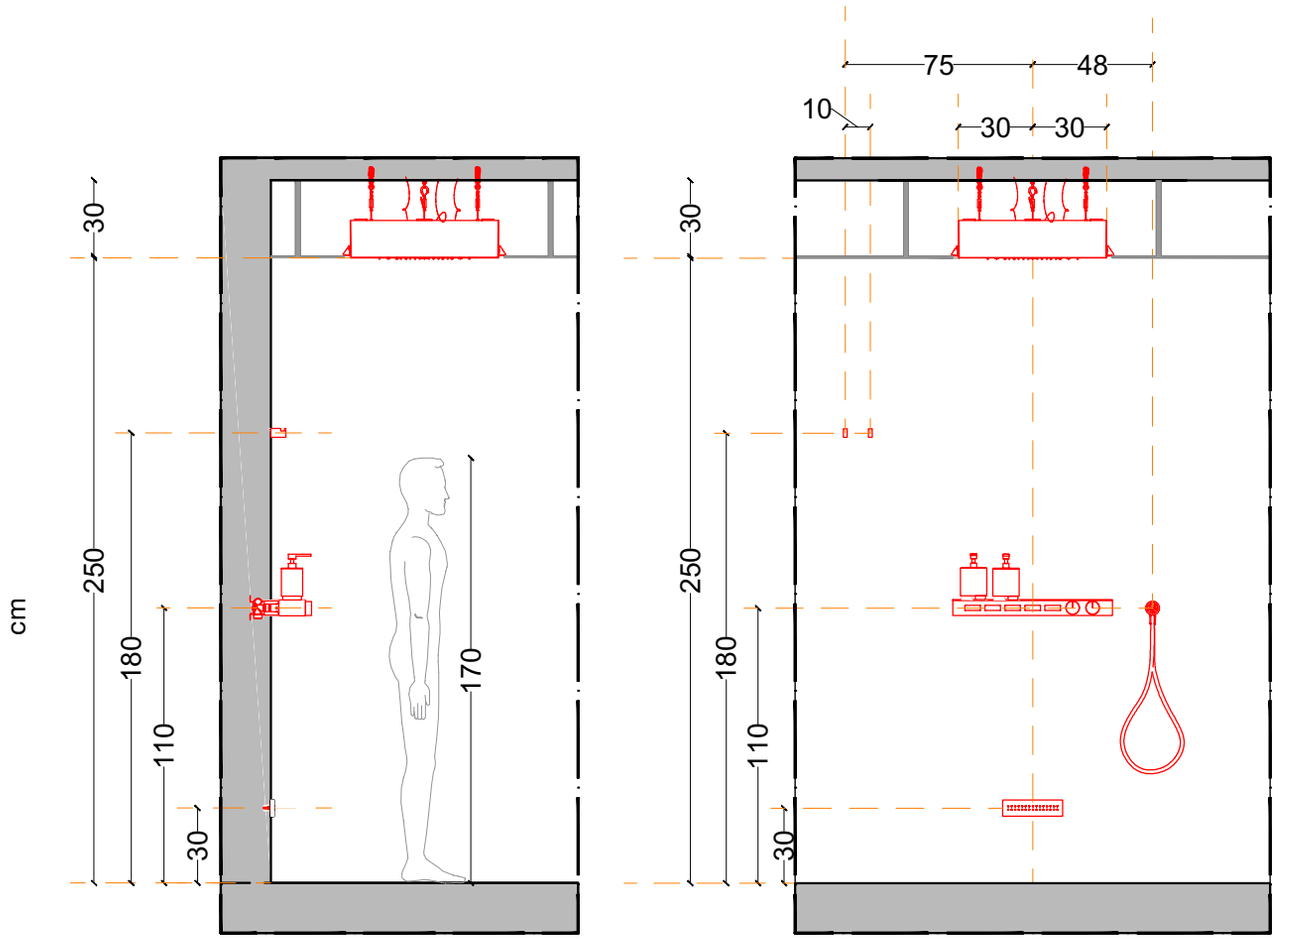

It is possible to test and clean the system after the installation of Gessi built in parts. According to UNI EN 806-4 regulation, a standard procedure allows the plumber to correctly accomplish the simple operations needed to best grant the tests on the system. Functionality components such as cartridges, filters and diverters are not included anymore inside Gessi built in boxes. On the other hand, caps are installed on the built in part: with simple connections they allow the system to be pressured and the internal parts to be cleaned without damaging any delicate component.

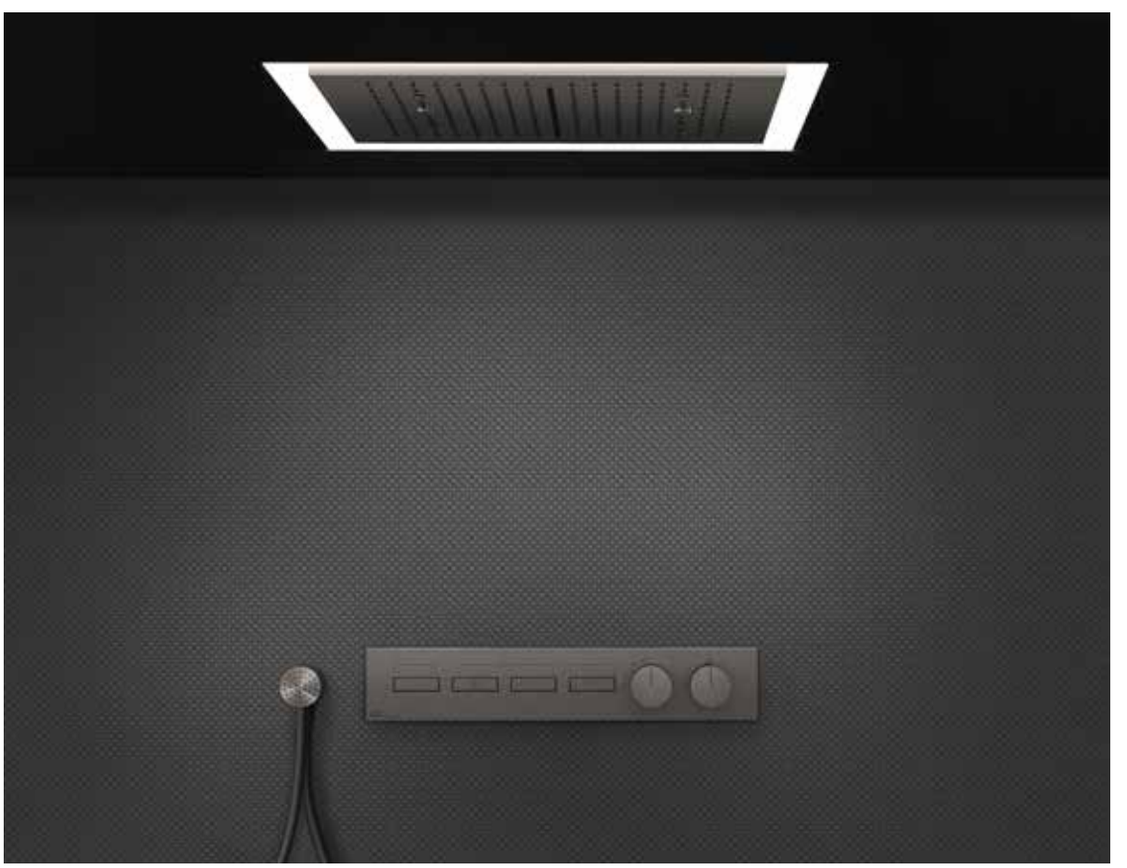

I nostri incassi hanno la possibiltà di Collaudo dell'impianto e pulizia dopo l'installazione. Secondo la norma UNI EN 806-4 una Procedura standard permette all'idraulico di eseguire nel modo corretto le semplici operazioni necessarie per garantire al meglio i test sull'impianto. All'interno della scatola non sono più presenti le parti di funzionalità come cartucce filtri e deviatori, ma sono presenti tappi che con semplici collegamenti permettono di mettere in pressione e poter lavare le parti interne senza danneggiare in alcun modo le parti più delicate.

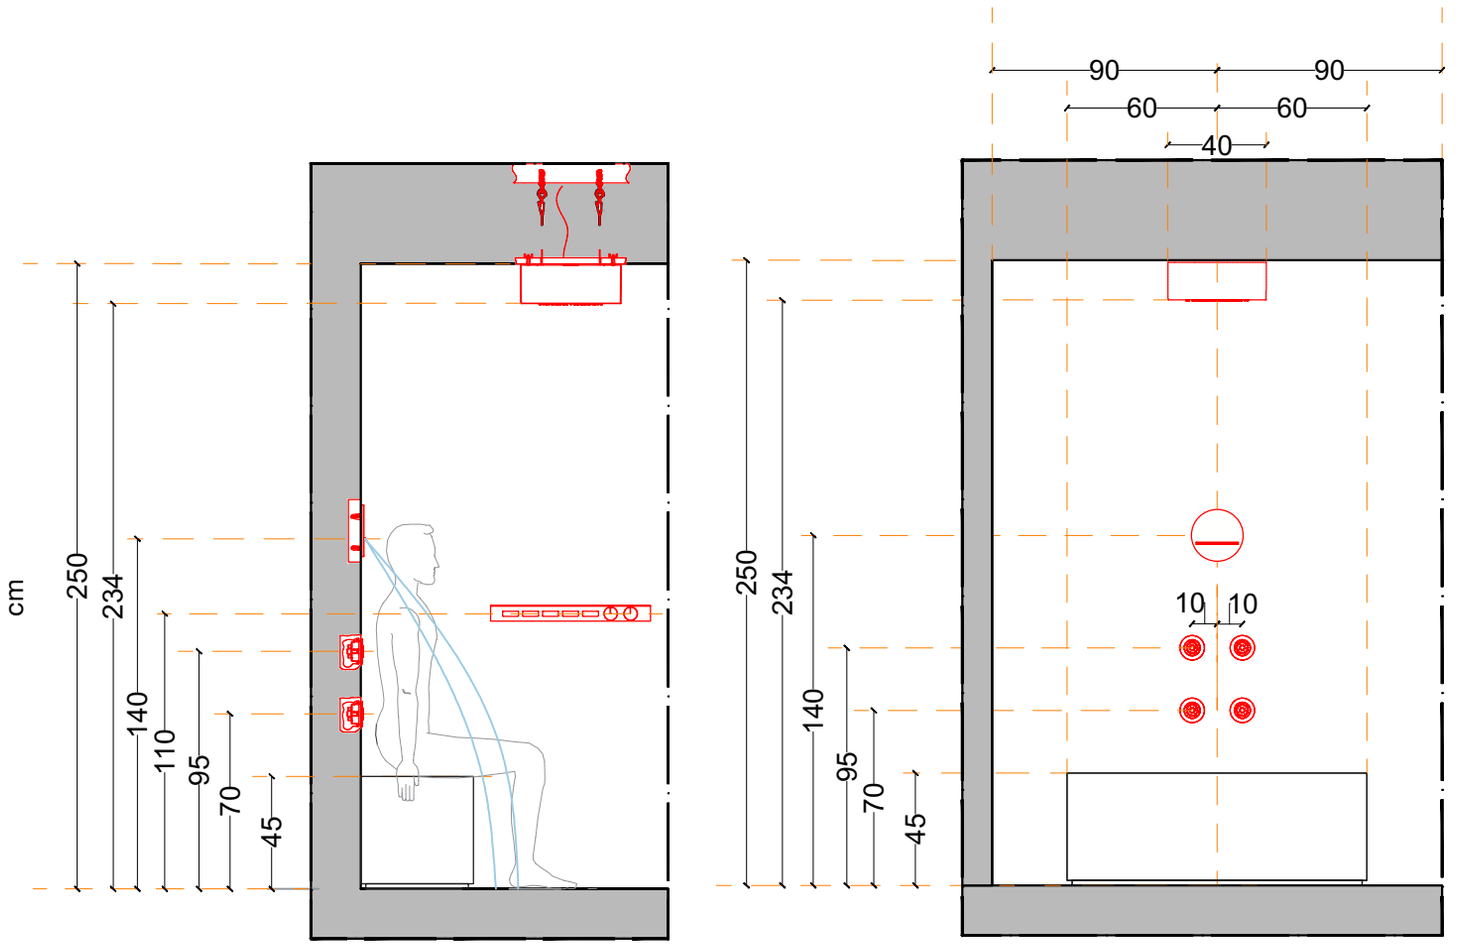

Dans les parties encastrées Gessi sont présents des bouchons d'essai afin de tester la ténue hydraulique et pouvoir purger l'installation sans abimer les parties fonctionnelles telle que la cartouche, les filtres et l'inverseur. Ceci permet de s'aligner à la norme UNI EN 806-4 (procédure qui permet à l'installateur de réaliser correctement les opérations nécessaires à garantir au mieux les tests sur l'installation).

Nuestros productos por empotrar tienen la posibilidad de ser ensayados y limpiados después de la instalación. Según la norma UNI EN 806-4, un procedimiento estándar permite al fontanero efectuar de manera correcta simples operaciones, necesarias para garantizar la mejor realización de las pruebas en la instalación. Dentro de la caja ya no hay partes funcionales, cuales cartuchos, filtros y desviadores, sino tapones que gracias a simples acoplamientos permiten poner bajo presión y limpiar las partes internas sin perjudicar de ninguna forma los componentes más delicados.

43013 - 43105 - 43107 - 43109 - 09264 - 09266 - 09268

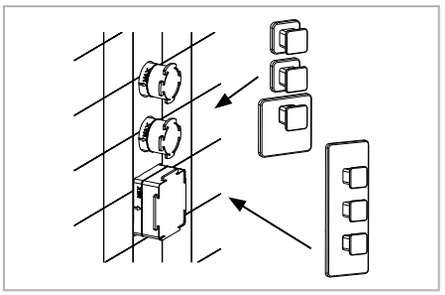

The all high water-flow capacity thermostatic mixer controls can be set up in the vertical position (with hot and cold water-flow facing the bottom) or in the horizontal position (with hot and cold water-flow facing the right hand-side).
It works both with electrical and gas water heater, Central heating systems or Wall and floor boiler
Tutti i comandi termostatici ad alta portata possono essere installati in verticale (con entrate dell'acqua calda e fredda rivolte verso il basso) o in orizzontale (con entrate dell'acqua calda e fredda rivolte verso il lato destro).
Funzionamento: Sia con scaldabagni a gas che elettrici ad accumulo, Impianti centralizzati o Caldaie murali e da terra ad accumulo
Toutes les commandes thermostatiques Haut Débit peuvent être installées verticalement (avec entrée eau chaude et eau froide en partie inférieure) ou horizontalement (avec entrée eau chaude et eau froide à droite).
Todos los mandos termostáticos de gran caudal pueden ser instalados en vertical (con entrada de agua caliente y fria en la parte de abajo) o en horizontal (con entrada de agua caliente y fria en la parte derecha).

Hermetic built-in box. *For installation on wall or blasterboard panel.*
Box incasso a tenuta stagna. Per installazione su pareti in muratura o cartongesso.
Box encastrée tenue étanche. *Pour installation sur murs en maçonnerie ou placoplâtre.*
Caja empotrable estanca*. Para instalación en paredes de mampostería o cartón -yeso*

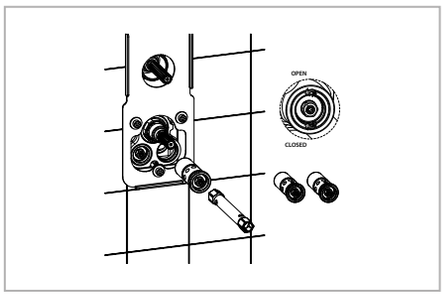

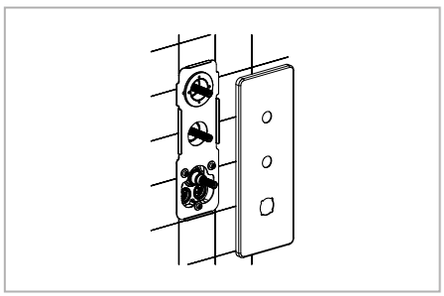

Joint washers between built-in part and wall. *For a perfect hydraulic tightness.*
Guarnizione di tenuta tra corpo incasso e parete. Per una perfetta tenuta idraulica tra muratura e corpo mix incasso.
Joint de tenue entre le corps encastrée et le mur.
Pour une parfaite tenue hydraulique entre la maçonnerie et le corps mitigeur encastrée.
Junta estanca entre parte interna empotrable y la pared.
Para una perfecta estanqueidad hidráulica entre el muro y el cuerpo empotrado

Universal built-in part fitting all collections. *External parts can be one plate or single plates.*
Parte incasso universale da abbinare alle varie collezioni. Le parti esterne si suddividono in due tipologie: piastra unica e piastre singole.
Partie encastrée universelle à combiner aux différentes collections. Les parties apparentes se subdivisent en deux typologies: plaque unique et plaques individuelles.
Parte empotrable universal diseñada para adaptarse a las diferentes colecciones. Las partes externas se dividen en dos tipos: en una sola placa o en placas individuales.

43103 - 43105 - 43107 - 43109

3/4" filters with Non Return Valves and water flow limiting/closure device. *In addition to keeping the mixer cleaned and avoiding water flow return, the water limitation/closure device allows hot and cold water pressure/flow to be balanced as well as the water flow stop in case of maintenance.*
Filtri 3/4" con valvole di non ritorno e sistema di limitazione/chiusura acque. Oltre a mantenere il miscelatore pulito dalle impurità dell'acqua e impedire il ritorno a monte delle acque, il sistema di limitazione e chiusura acque integrato, consente di bilanciare le pressioni/portate tra acque calda e fredda e all'occorrenza di chiudere totalmente l'alimentazione per eseguire eventuali interventi di manutenzione.
Filtres 3/4" avec clapet de non retour et système de limitation/fermeture eau. En plus de maintenir le mitigeur propre des impuretés d'eau et interdire le retour au mont d'eau, le système de limitation et fermeture d'eau intégré, permet de balancer les pressions/débit entre l'eau chaude et l'eau froide et si nécessaire de fermer complètement l'alimentation pour effectuer éventuels interventions d'entretien.
Filtro de 3/4" con válvula de no retorno y sistema de limitación/restrinción del agua. Además de mantener el mezclador limpio de las impurezas del agua e impedir el retorno arriba del agua, el sistema de limitación de restrinción del agua que lleva integrado permite equilibrar la presión/caudal entre el agua caliente y fría. Es necesario cerrar totalmente la alimentación para realizar cualquier operación de mantenimiento.

Sealing flange indipendent of the aesthetic covering flange. *It helps installation, guarantees a perfect sealing and simplifies the periodical maintenance for filters cleaning.*
Flangia di tenuta a muro indipendente dalla piastra di copertura estetica. Facilita l'installazione, garantisce una tenuta perfetta e semplifica notevolmente la manutenzione periodica per l'eventuale pulizia dei filtri.
Joint de tenue mural indépendant de la plaque de fixation externe. Il facilite l'installation, il garantie une parfaite tenue et simplifie considérablement l'entretien périodique pour un éventuel nettoyage des filtres.
El sellado de la brida a muro es independiente de la placa embellecedora. Facilita la instalación, garantiza un ajuste perfecto y simplifica en gran medida el mantenimiento periodico de la limpieza de los filtros.

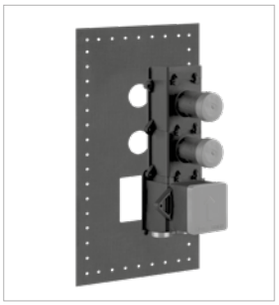

• *Minimum pressure of working: 0.5 bar*
• *Maximum operating pressure: 5 bar (For higher hydraulic pressures we recommend to install a pressure reducer)*
• *Pressure of working advised: 3 bar*
• *Safety block at 38° C*
• *Minimum working temperature 3° C COLD WATER (suggested 15° C)*
• *Maximum working temperature 80° C HOT WATER (suggested 65° C)*
• *Suggested temperature differential: 50° C*
• *Safety system with water supply block in case either hot or cold water is missing*
• *Supplied with steel filter to keep the impurity out*
Features of high performance thermostatic mixers from 2 till 5 exits with option of one or separate restricted wall controls:
• *All the outflows are unconnected (they can be open at the same time – obviously in this case the water-flow capacity divides onto all the open ways)*
• *The thermostatic mixers with 2 outflows have the water-flow towards the right hand-side (or towards the top if they are sep up in the horizontal position)*
• *The thermostatic mixers with 3 outflows have two-ways water-flow towards the right hand-side and one at the top (or two ways towards the top and one towards the left side if they are set up in the horizontal position)*
• *The thermostatic mixers with 4 outflows have all the water-flow gateways towards the right hand-side (or all the gateways towards the top if they are set up in the horizontal position)*
• *The thermostatic mixers with 5 outflows have four-ways water-flow towards the right hand-side and one at the top (or four ways towards the top and one towards the left side if they are set up in the horizontal position)*
• *To three bars, the single gateway water-flow capacities are about 40 l/min*
The thermostatic mixers with 5 outflows: They are totally different from the others as they are made with a stopcock and one diverter with five positions. The outflows can be selected only one by one and therefore they cannot be matched; the water-flow can be open or closed in any position of the switch by operating on the stopcock.
The thermostatic mixer outflows in the vertical position are two on the right hand-side, one on the top and two on the left hand-side
The thermostatic mixer outflows in the horizontal position are two on the top, one on the left hand-side and two on the bottom
To 3 bars, the one single-gateway water-flow capacities are about 30 l/min
Thermostatic mixer with the option of separate wall control (art. 43281-43283):
A separaterd thermostatic group installation is possible for single-plated thermostatics; regarding quantity and positionning of thermostatic exits, they can be installed according to one's needs.
ATTENTION: It is strongly recommended that the product is only installed by a fully qualified plumber who is aware of the installation and the pressure requirements of the system (both for the heating systems above mentioned and others).

• Pression minimum d'exercice: 0,5 bars
• Pression maximum d'exercice: 5 bars (pour pression supérieure on recommande l'installation d'un réducteur de pression)
• Pression d'exercice conseillé: 3 bars
• Bloc de securité 38 °C
• Température minimum d'exercice: 3° C FROIDE (conseillée 15 ° C)
• Température maximum d'exercice: 80° C CHAUDE (conseillée 65 ° C)
• Différentiel thermique conseillé: 50° C
• Système de sécurité avec bloc du débit, en cas de manque d'eau EF/EC
• Equipés de filtres en acier inox pour le traitement des impuretés
Caractéristiques des thermostatiques Haut Débit de 2 à 5 sorties:
• Toutes les sorties sont indépendantes
(on peut ouvrir simultanément, dans ce cas logiquement le débit se partage entre toutes les fonctions ouvertes)
• Les thermostatiques à 2 sorties présentent leurs sorties vers la droite
(ou vers la partie supérieure si installés horizontalement)
• Les thermostatiques à 3 sorties présentent deux sorties à droite et une vers la partie supérieure
(ou 2 vers la partie supérieure et une vers la gauche si installés horizontalement)
• Les thermostatiques à 4 sorties présentent toutes les sorties à droite
(ou toutes vers la partie supérieure si installés horizontalement)
• Les thermostatiques à 5 sorties présentent quatre sorties à droite et une vers la partie supérieure
(ou 4 vers la partie supérieure et une vers la gauche si installés horizontalement)
• A 3 bars, le débit de chaque sortie est de 40 l/mn environ
Les thermostatiques à 5 sorties
Ils se différencient totalement des autres, étant composés d'un robinet d'arrêt et d'un inverseur cinq positions. Les sorties peuvent être sélectionnées seulement individuellement et donc ne peuvent pas se combiner; dans n'importe quelle position de l'inverseur on peut ouvrir et fermer le débit en utilisant le robinet d'arrêt.
Les sorties pour les thermostatiques en position verticale se présentent 2 à droite, une vers la partie supérieure et 2 à gauche
Les sorties pour les thermostatiques en position horizontale se présentent 2 vers la partie supérieure, une à gauche et 2 vers la partie inférieure
A 3 bars de pression, les débits pour chaque sortie sont d'environ 30 l/mn A 3 bars de pression, les débits pour chaque sortie sont d'environ 30 l/mn
Thermostatique avec plaques individuelles non contraignant (art.43281-43283)
Pour les thermostatiques avec plaques individuelles il est possible d'installer un groupe thermostatique séparé; les sorties peuvent être installées en quantités et position selon les exigences du client.
ATTENTION
On conseille, de contacter un plombier-chauffagiste de confiance pour une installation correcte et fonctionnelle du mitigeur thermostatique aussi bien avec dispositif de chauffage indiqué ci-dessus, qu'avec autres typologies.

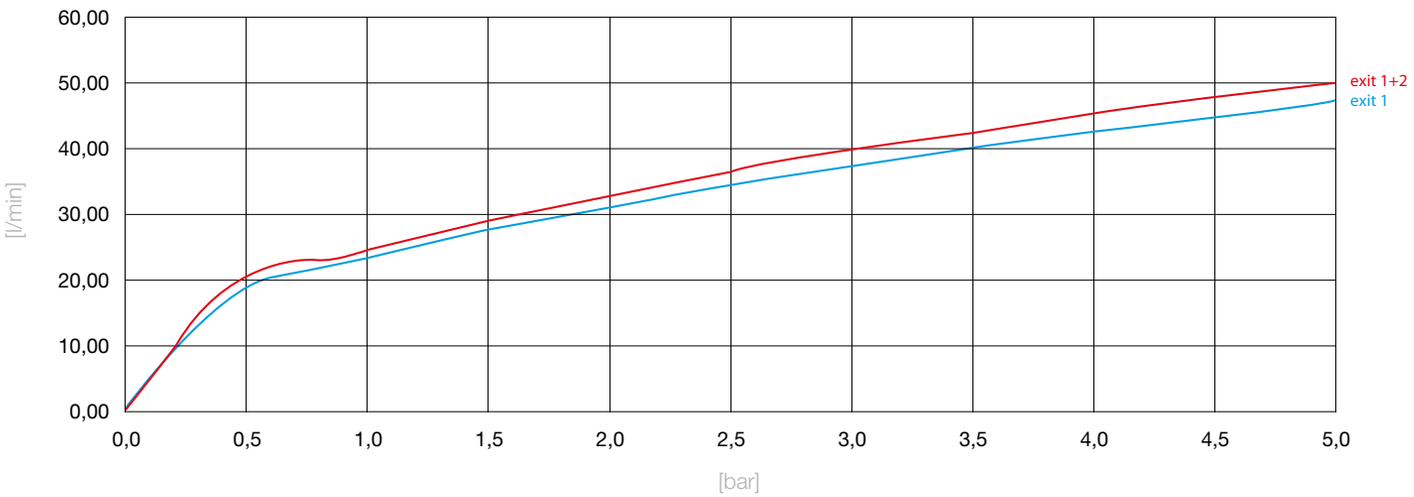

• Pressione minima di esercizio: 0.5 bar
• Pressione massima di esercizio: 5 bar (per pressioni superiori si raccomanda di installare un limitatore di pressione)
• Pressione d'esercizio consigliata: 3 bar
• Blocco di sicurezza a 38 °C
• Temperatura minima di esercizio: 3 °C FREDDA (consigliata 15 °C)
• Temperatura massima di esercizio: 80 °C CALDA (consigliata 65 °C)
• Differenziale termico consigliato: 50 °C
• Sistema di sicurezza con blocco dell'erogazione, in caso di mancanza di una delle due acque
• Dotati di filtri in acciaio inox per il trattenimento delle impurità
Caratteristiche dei termostatici alta prestazione da 2 a 5 uscite con piastre unite e singole vincolate:
• Tutte le uscite sono indipendenti (si possono aprire in contemporanea – in questo caso, logicamente, la portata si ripartisce su tutte le vie aperte)
• I termostatici a 2 uscite presentano l'erogazione dell'acqua verso destra (o verso l'alto se installati in orizzontale)
• I termostatici a 3 uscite presentano due vie di erogazione dell'acqua verso destra e una in alto (o 2 verso l'alto e una verso sinistra se installati in orizzontale)
• I termostatici a 4 uscite presentano tutte le vie di erogazione dell'acqua verso destra (o tutte verso l'alto se installati in orizzontale)
• I termostatici a 5 uscite presentano quattro vie di erogazione dell'acqua verso destra e una in alto (o 4 verso l'alto e una verso sinistra se installati in orizzontale)
• A 3 bar, le portate per una singola uscita sono di 40 l/min circa
I termostatici a 5 uscite: Si differenziano completamente dagli altri, in quanto composti da un rubinetto d'arresto e un deviatore con cinque posizioni. Le uscite possono essere selezionate solo singolarmente e quindi non si possono abbinare; in qualsiasi posizione del deviatore si può aprire e chiudere l'erogazione dell'acqua agendo sul rubinetto d'arresto
Le uscite per i termostatici in verticale si presentano 2 a destra, una in alto e 2 a sinistra
Le uscite per i termostatici in orizzontale si presentano 2 in alto, una a sinistra e 2 in basso
A 3 bar, le portate per una singola uscita sono di 30 l/min circa
Termostatico con piastre singole non vincolate (art. 43281-43283): Per i termostatici con piastre singole è possibile l'installazione del gruppo termostatico separato; le uscite possono essere installate in quantità e posizione a seconda delle esigenze.
ATTENZIONE: Si consiglia, di contattare il proprio termoidraulico di fiducia per una corretta e funzionale installazione del miscelatore termostatico, sia con i dispositivi di riscaldamento sopraelencati, che con altre tipologie.

• *Presión mínima de trabajo: 0,5 bar*
• *Presión máxima de trabajo: 5 bar (para presiones superiores se recomienda instalar un limitador de presión)*
• *Presión de trabajo recomendada: 3 bar*
• *Bloqueo de seguridad a 38º C*
• *Temperatura mínima de trabajo: 3º C FRIA (recomendamos 15º C)*
• *Temperatura máxima de trabajo: 80º C CALIENTE (recomendamos 65º C)*
• *Diferencia térmica recomendada: 50º C*
• *Sistema de seguridad con bloqueo de la erogación, en caso de que fallara una de las dos aguas*
• *Equipado con filtros de acero inoxidable para el tratamiento de las impurezas*
Características del termostático de gran caudal de 2 a 5 salidas:
• *Todas las salidas son independientes*
(Si puede abrirse al mismo tiempo- en este caso-lógicamente, el caudal se reparte por todas las vias abiertas)
• *I Termostático de 2 salida, donde la erogación del agua está en la parte derecha*
(o en la parte superior si se instala horizontalmente)
• *I Termostático de 3 salidas, presentando dos vias de erogación del agua a la derecha y la otra en la parte superior*
(o 2 hacia arriba y 1 a la izquierda si se instala horizontalmente)
• *I Termostático de 4 vias, presentando todas las vias de erogación del agua en la parte derecha*
(o todas las vias en la parte de arriba si se instala horizontalmente)
• *I Termostático de 5 vias, presentando cuatro vias de erogación del agua a derecha y la otra en la parte superior*
(o 4 hacia arriba y 1 a la izquierda si se instala horizontalmente)
• *A 3 bar, el caudal para una sola salida es de 40 l /min aproximadamente*
I termostático de 5 salidas
Nos diferenciamos completamente de otros, respecto a la composición de un grifo de cierre o de un desviador de cinco posiciones. La salida solo se puede seleccionar individualmente y por lo tanto no puede ser combinable; en cualquier posición del desviador se puede abrir y cerrerar la erogación del agua mediante la llave de paso.
La salida para un termostático en vertical se presentan 2 a la derecha, una en la parte superior y 2 a la izquierda
La salida para un termostático en horizontal se presentan 2 en la parte superior, una a la izquierda y 2 en la parte de abajo
A 3 bar, el caudal para una sola salida es de 30 l /min aproximadamente
Termostato con placas individuales no vinculados (art. 43281-43283)
Para termostáticos con placas individuales es posible la instalación del grupo termostático separado; la salida puede ser instalada en cantidad y posición según sean las exigencias.
ATENCIÓN
Se pongan, en contacto con su fontanero de confianza para el correcto funcionamiento e instalación del mezclador termostático, tanto con dispositivos de calefacción mencionados antes, como con otros de otra tipología.

Funzionamento
Il nebulizzatore è un sistema che consente la dispersione nell'aria di minutissime goccioline d'acqua. La particolarità che ne contraddistingue il funzionamento è che queste micro-particelle, a seconda delle dimensioni e della velocità, assorbono il calore dall'ambiente circostante (evaporando) e/o lo disperdono (raffreddandosi). In ogni caso, il risultato ottenuto è l'erogazione di un flusso nebulizzato a temperatura non elevata, tale da garantire un benefico effetto di refreshment.
I tubi d'alimentazione devono essere sciacquati con cura prima dell'installazione del dispositivo, in modo che non rimangano trucioli, residui di saldatura o canapa, o altre impurità all'interno dei tubi. Attraverso tubazioni non sciacquate a fondo o attraverso la rete idrica generale, nel dispositivo possono entrare corpi estranei in grado di danneggiare guarnizioni/o-ring. Si raccomanda pertanto di dotare anche l'impianto generale di filtri.
Pressione minima per il corretto funzionamento: > 2 Bar.

Functioning
The nebulizer is a system that allows dispersion into the air of microscopic water droplets. The operation of these micro-particles features, according to sizes and speed, the absorption of heat from the surrounding environment (evaporating) and/or its dispersion (cooling).
Anyway the result obtained is the supply of an atomized flow at high temperature, such as to guarantee a beneficial refreshment effect.
The feeding pipes have to be rinsed carefully before the installation of the device so that there won't remain shavings, sealing or hemp residues, or other impurities inside the pipes. Through pipes not thoroughly rinsed or through the general water network, in the device foreign bodies can enter that could damage gaskets /o-ring. So filters should be installed also on the general system.
Minimum pressure for proper operation: > 2 Bar.

Fonctionnement
Le nébuliseur est un système qui permet la dispersion dans l'air de gouttelettes d'eau microscopiques. Le fonctionnement de ces microparticules comporte, selon les dimensions et la vitesse, l'absorption de la chaleur du milieu ambiant (évaporation) et/ou sa dispersion (refroidissement).
Quoi qu'il en soit, le résultat obtenu est la fourniture d'un flux atomisé à haute température, de manière à garantir un effet rafraîchissant bénéfique.
Les tuyaux d'alimentation doivent être soigneusement rincés avant l'installation de l'appareil afin qu'il ne reste pas de copeaux, de résidus de cachetage ou de chanvre, ou d'autres impuretés à l'intérieur des tuyaux. A travers les tuyaux qui n'ont pas été soigneusement rincés ou à travers le réseau d'eau général, dans l'appareil peuvent entrer des corps étrangers qui pourraient endommager les joints /o-ring. Il faut donc installer des filtres également sur le réseau général.
Pression minimale pour un bon fonctionnement : > 2 Bar.

Funcionamiento
El nebulizador es un sistema que permite la dispersión en el aire de gotas de agua microscópicas. El funcionamiento de estas micropartículas se caracteriza, según el tamaño y la velocidad, por la absorción del calor del entorno (evaporación) y/o su dispersión (enfriamiento).
En cualquier caso, el resultado obtenido es el suministro de un flujo atomizado a alta temperatura, para garantizar un efecto refrescante beneficioso.
Las tuberías, deben limpiarse cuidadosamente antes de la instalación del dispositivo para que no queden virutas, residuos de sellado o cáñamo, u otras impurezas dentro de las tuberías. Si la limpieza de las tuberías , no se realiza a fondo , a través de la red general de agua, pueden entrar cuerpos extraños que podrían dañar las juntas/anillos. Por ello, también aconsejamos instalar filtros en la red general.
Presión mínima para un correcto funcionamiento: > 2 Bar.

Cristalplant®

Materiale "Solid Surface", Bianco Opaco, Made in Italy
Solid Surface Material, Matt White, Made in Italy
Matériau « Solid Surface », Blanc Mat, Made in Italy
Material "Solid Surface", Blanco Opaco, Made in Italy

Cristalplant® è un materiale composito tecnologicamente avanzato, non assorbente, ipoallergenico e non tossico, riciclabile al 100%, ignifugo, igienico, resistente e piacevole al tatto per la sua finitura vellutata simile alla pietra naturale. È sufficiente l'uso di acqua e comuni detergenti con una spugna abrasiva per rimuovere macchie e sporco dalla superficie.

Cristalplant® is a unique, technologically advanced composite material, non-absorbent, hypoallergenic and non-toxic, 100% recyclable, fireproof, hygienic, durable and pleasant-touching, easy on the hands for its velvety texture, similar to natural stone. It is enough to clean Cristalplant® with soapy water or household detergents (even abrasive) in order to remove the majority of stains and dirt from the surface.

Cristalplant® est un matériau composite, technologiquement avancé, non absorbant, hypoallergénique et non toxique, recyclable à 100% ignifuge, hygiénique, résistant et agréable au toucher grâce à sa finition veloutée semblable à la pierre naturelle. L'utilisation d'eau et de détergents courants avec une éponge abrasive est suffisante pour enlever les taches et les impuretés de la surface.

Cristalplant® es un material compuesto tecnológicamente avanzado, no absorbente, hipoalergénico y no toxico, reciclable al 100%, inifugo, higiénico, resistente y agradable al tacto por su acabado suave similar a la piedra natural. Es suficiente el uso de agua y detergentes comunes con una esponja abrasiva para remover manchas y suciedad de la superficie.

DESIGN:
- It allows the creation of products with shapes and dimensions unfit for sanitary ceramic (e.g. freestanding bathtubs and washbasins)
- Pleasant to touch due to its velvet finish, similar to natural stone
- Pieces can be split and invisibly joint, allowing customization
- Integrated slot overflow in the thickness of the washbasin or bathtub

QUALITY:
- ECO material, fully recyclable
- Material very similar to Corian, but with better technical performances
- Does not absorb
- Shock resistant
- Does not turn yellow and optimally stands the sun
- Fireproof (Class 1)
- Resistant to intense heat up to 140°C
- Specific formulation and productive technology, exceeding restrictive European regulations for bathroom furniture (e.g. bathtubs and washbasins)
- 100% Italian Patent and 100% Made in Italy

CARE & MAINTENANCE:
- Clean daily with standard products, even abrasive products
- Burns and stubborn stains can be removed with a standard abrasive sponge (e.g. Scotch Brite)
- External scratches, even deep ones, can be easily removed

DESIGN :
-Il permet la réalisation de produits aux formes et dimensions irréalisables avec de la céramique Sanitaire (Ex : Baignoire centre pièce ou vasques au sol)
-Il est agréable au toucher, pour sa finition veloutée semblable à la pierre naturelle
-Il peut être coupé et assemblé permettant la personnalisation sur mesure sans joints visibles
-Trop plein intégré dans l'épaisseur de la baignoire ou de la vasque

QUALITE'
- Matériel ECO, totalement recyclable
- Matériel semblable au Corian, mais avec des prestations techniques supérieures
- Il n'absorbe pas
- Résistant aux impacts
- Il ne jaunit pas et possède une excellente résistance aux rayonnements UV
- Ignifuge (classe 1)
- Résistant à la chaleur intense jusqu'à 140°C
- Formulation spécifique et technologie productive qui satisfont et dépassent les normes Européennes très restrictives pour l'ameublement de la salle de bain (Ex : baignoires et vasques)
- Brevet 100% Italien et 100% Made in Italy

ENTRETIEN ET NETTOYAGE
- Il peut être nettoyé quotidiennement avec les produits courants du commerce, même abrasifs
- Les brûlures et les taches résistantes peuvent être enlevées avec une éponge abrasive
- Les éventuelles rayures, même profondes, peuvent être enlevées très facilement

DESIGN:
- Permette la realizzazione di articoli con forme e dimensioni impensabili per la ceramica sanitaria (es. vasche e lavabi freestanding)
- Piacevole al tatto per la sua finitura vellutata simile alla pietra naturale
- Può essere tagliato e giuntato permettendo la personalizzazione su misura senza che le giunture siano visibili
-Troppopieno a taglio, integrato nello spessore di vasca o lavabo

QUALITA':
- Materiale ECO, completamente riciclabile
- Materiale molto simile al Corian, ma con migliori prestazioni tecniche
- Non assorbe
- Resistente agli impatti
- Non ingiallisce e resiste ottimamente al sole
- Ignifugo (Classe 1)
- Resiste al calore intenso fino a 140°C
- Specifica formulazione e tecnologia produttiva che soddisfa ed eccede le restrittive normative europee per l'arredo bagno (es. vasche e lavabi)
- Brevetto 100% italiano e 100% Made in Italy

CURA E MANUTENZIONE:
- Può essere pulito quotidianamente con i normali prodotti in commercio, anche abrasivi
- Le bruciature e le macchie più ostinate possono essere rimosse con l'ausilio di una comune spugna abrasiva
- Eventuali graffi, anche profondi, possono essere eliminati con facilità

DISEÑO:
- Permite la realización de articulos con formas y dimensiones imposibles con la cerámica sanitaria (p.ej.bañeras y lavabos exentos)
- Agradable al tacto debido a su acabado similar a la piedra natural.
- Puede ser cortado y soldado permitiendo la personalización a medida sin que las uniones sean visibles.
- Rebosadero tipo corte, integrado en el propio espesor de las paredes del lavabo o bañera.

CALIDAD:
- Material ECO, completamente reciclable
- Material muy parecido al Corian, pero con mejores prestaciones técnicas
- No absorbe
- Resistente a los impactos
- No amarillea y resiste óptimamente a la luz solar
- Inifugo, clase 1
- Resiste al calor intenso , hasta 140º
- Su especifica formulación tecnológica y productiva satisface y supera las restrictivas normas europeas para equipamiento de baño (p.ej. bañeras y lavabos)
- Patente 100% italiana y fabricado en Italia

CUIDADO Y MANTENIMIENTO
- Puede ser limpiado cotidianamente con los productos que se encuentran en el mercado, incluidos aquellos que son abrasivos
- Las manchas más persistentes pueden ser retiradas con la ayuda de una esponja abrasiva común.
- Eventuales rayas más profundas pueden ser eliminadas con facilidad.

GESSI

Ceramica

Vitreous China & Fireclay, Gloss White, Made in Italy
Vitreous China & Fireclay, Bianco Lucido, Made in Italy
Vitreous China & Fireclay, Blanc brillant, Made in Italy
Vitreous China & Fireclay, Bianco brillante, Made in Italy

The sanitary ceramic is a natural material, made by water and clay, used for centuries. It is a extremely hygienic material, endowed with an ultra-resistant glaze that provides better performances than any other non-ceramic material. It is enough to clean it with soapy water or household detergents (even abrasive) in order to remove stains and dirt from the surface.

La ceramica sanitaria è un materiale naturale, realizzato con acqua e argilla ed utilizzato da secoli. E' un materiale estremamente igienico, dotato di uno smalto ultra resistente che garantisce prestazioni superiori a qualsiasi altro materiale non ceramico. É sufficiente l'uso di acqua e comuni detergenti con una spugna anche leggermente abrasiva per rimuovere macchie e sporco dalla superficie.

Le céramique sanitaire est un matériau naturel, réalisé avec de l'eau et de l'argile et utilisé depuis des siècles. Il s'agit d'un matériau extrêmement hygiénique, pourvu d'un émail assez résistant qui garantit des performances supérieures à n'importe quel autre matériau non céramique. L'utilisation d'eau et de détergents courants avec une éponge même légèrement abrasive est suffisante pour enlever les taches et les impuretés en surface

La cerámica sanitaria es un material natural, realizado con agua y arcilla utilizado desde siglos atrás. Es un material extremadamente higiénico, dotado de un esmalte ultra resistente que garantiza prestaciones superiores cualquier otro material no cerámico. Es suficiente el uso de agua y detergentes comunes con una esponja ligeramente abrasiva para remover manchas y suciedad de la superficie.

DESIGN:
- It allows the creation of products of great design (e.g. toilets and bidets), bound by restrictive regulations, which can not be made of other materials
- Nicely smooth and hygienic glazed surface
- It is traditionally the most valued material because of its funcionality in the bathroom
- Overflow integrated in the thickness of the washbasin

QUALITY:
- Ceramic is in itself a natural product, made with clay and water and used for centuries
- Material with ultra-resistant glaze, ensuring better performance than anyother non-ceramic material
- It does not absord and does not stain
- Resistant to scratches and abrasion
- Still unmatched shining and purity, typical of Italian production
- It does not turn yellow, it is practically an eternal material
- Resistant to intense heat and burns
- 100% Made in Italy

CARE & MAINTENANCE:
- Clean daily with non-aggressive products and delicate clothes
- Also the most stubborn stains can be easily removed with the use of the most common products

DESIGN:
- Permette la realizzazione di articoli di grande design, e vincolati da restrittive normative, come vasi e bidet, che non possono essere realizzati in altri materiali
- Superficie smaltata, piacevolmente liscia e igienica
- E' il materiale tradizionalmente più apprezzato per gli elementi funzionali dell'arredo bagno
- Troppopieno, integrato nello spessore del lavabo

QUALITA':
- La ceramica è di per sé un prodotto naturale, realizzato con acqua e argilla, ed utilizzato da secoli
- Materiale dotato di smalto ultra resistente che garantisce prestazioni superiori a qualsiasi altro materiale non ceramico
- Non assorbe e non si macchia
- Resistente ai graffi e all'abrasione
- Brillantezza e purezza caratteristiche della produzione italiana, ancora ineguagliate
- Non ingiallisce, materiale praticamente eterno
- Resiste al calore intenso e alle bruciature
- 100% Made in Italy

CURA & MANUTENZIONE:
- Può essere pulito quotidianamente con i normali prodotti in commercio, anche leggermente abrasivi
- Anche le macchie più ostinate possono essere rimosse facilmente con i più comuni prodotti

DESIGN
- Ce matériau permet la réalisation d'articles au design remarquable soumis à des normes restrictives, tels que wc et bidets, qui ne peuvent pas être réalisés dans d'autres matériaux
- Surface émaillée, agréablement lisse et hygiénique
- Il s'agit du matériau traditionnellement le plus apprécié pour les éléments fonctionnels de la salle de bain
- Trop plein intégré dans l'épaisseur de la vasque

QUALITE'
La céramique est un produit naturel, réalisé avec de l'eau et de l'argile, utilisé depuis des siècles
- Matériau pourvu d'un émail assez résistant qui garantit des performances supérieures à n'importe quel autre matériau non céramique
- Il n'absorbe et ne se tache pas
- Résistant aux griffures et aux abrasions
- Brillant et pureté caractéristiques de la production italienne, encore inégalée
- Il ne jaunit pas, matériau pratiquement éternel
- Il résiste à la chaleur intense et aux brûlures
- 100 % Made in Italy

ENTRETIEN ET NETTOYAGE
Il peut être nettoyé quotidiennement avec les produits normalement vendus dans le commerce, même légèrement abrasifs
Même les taches les plus tenaces peuvent être enlevées facilement avec les produits les plus courants

DISEÑO:
- Permite la realización de artículos de gran diseño y vinculados a las restrictivas normas como inodoros y bidets, que no pueden ser realizados en otros materiales.
- Superficie esmaltada, agradablemente lisa e higiénica.
- Es el material tradicionalmente más apreciado para los elementos funcionales del equipamiento de baño.
- Rebosadero integrado en el espesor del lavabo.

CALIDAD:
- La cerámica sanitaria es un material natural, realizado con agua y arcilla utilizado desde siglos atrás
- Material dotado de esmalte ultra-resistente que garantiza prestaciones superiores a cualquier otro material no cerámico.
- No absorbe y no se mancha
- Resistente a las rayas y a la abrasión.
- Brillantez y pureza característica de la producción italiana, aún no igualada.
- No amarillea, material prácticamente eterno
- Resiste al calor intenso y a la suciedad.
- 100% fabricado en Italia

CUIDADO Y MANTENIMIENTO
- Puede ser limpiado cotidianamente con los productos que se encuentran en el mercado, incluso ligeramente abrasivos
- Incluso las manchas más persistentes pueden ser retiradas con los productos de limpieza más comunes.

GESSI

Gres

Semi-Opaque Gres, White/Black Gessi, Made in Italy
Gres Semi-opaco, Bianco/Nero Gessi, Made in Italy
Grès semi opaque, Blanc/Noir Gessi, Made in Italy
Gres Semi-opaco, Blanco/Negro Gessi, Made in Italy

Gres is a natural material, made by water and clay, used for centuries. It is a extremely hygienic material, endowed with an ultra-resistant glaze that provides better performance than any other non-ceramic material. It is enough to clean it with soapy water or household detergents (even abrasive) in order to remove stains and dirt from the surface.

Il gres è un materiale naturale, realizzato con acqua e argilla ed utilizzato da secoli. E' un materiale estremamente igienico, dotato di uno smalto ultra resistente che garantisce prestazioni superiori a qualsiasi altro materiale non ceramico. É sufficiente l'uso di acqua e comuni detergenti con una spugna anche leggermente abrasiva per rimuovere macchie e sporco dalla superficie.

Le grès est un matériau naturel, réalisé avec de l'eau et de l'argile utilisé depuis des siècles. Il s'agit d'un matériau extrêmement hygiénique, pourvu d'un émail assez résistant qui garantit des performances supérieures à n'importe quel autre matériau non céramique. L'utilisation d'eau et de détergents courants avec une éponge même légèrement abrasive est suffisante pour enlever les taches et les impuretés de la surface.

El gres es un material natural, realizado con agua y arcilla utilizado desde siglos atrás. Es un material extremadamente higiénico, dotado de un esmalte ultra resistente que garantiza prestaciones superiores cualquier otro material no cerámico. Es suficiente el uso de agua y detergentes comunes con una esponja ligeramente abrasiva para remover manchas y suciedad de la superficie

---

DESIGN:
- It allows the creation of products of great design, characterized by very thin edges and special surface finishes
- Semi-opaque glazed surface with exclusive Gessi colours, pleasant to touch
- Like sanitary ceramic, gres is a material traditionally valued for its technical performances

QUALITY:
- The Gres is in itself a natural product, made with clay and water and used since centuries
- Material with ultra-resistant glaze, ensuring better performance than anyother non-ceramic material
- Does not absorb or stain
- Resistant to scratches and abrasion
- Still unmatched shining and purity, typical of Italian production
- Does not deteriorate over time, it is practically an eternal material
- Resistant to intense heat and burns
- 100% Made in Italy

CARE & MAINTENANCE:
- Clean daily with non-aggressive products and delicate clothes
- Also the most stubborn stains can be easily removed with the use of the most common products

DESIGN:
- Permette la realizzazione di articoli di grande design, caratterizzati da bordi particolarmente sottili e finiture superficiali ricercate
- Superficie smaltata, semi opaca e connotata in colori esclusivi Gessi, gradevole al tatto
- Come la ceramica sanitaria, è materiale tradizio-nalmente apprezzato per gli elementi funzionali dell'arredo bagno

QUALITA':
- Il gres è di per sé un prodotto naturale, realizzato con acqua e argilla, ed utilizzato da secoli
- Materiale dotato di smalto ultra resistente che garantisce prestazioni superiori a qualsiasi altro materiale non ceramico
- Non assorbe e non si macchia
- Resistente ai graffi e all'abrasione
- Brillantezza e purezza caratteristiche della produzione italiana, ancora ineguagliate
- Non deteriora nel tempo, materiale praticamente eterno
- Resiste al calore intenso e alle bruciature
- 100% Made in Italy

CURA & MANUTENZIONE:
- Può essere pulito quotidianamente con i normali prodotti in commercio, anche leggermente abrasivi
- Anche le macchie più ostinate possono essere rimosse facilmente con i più comuni prodotti

DESIGN
- Ce matériau permet la réalisation d'articles au design remarquable, caractérisés par des bords particulièrement fins et des finitions à la surface recherchées
- Surface émaillée, semi-opaque et proposée dans des couleurs exclusives Gessi, agréable au toucher
- Comme la céramique sanitaire il s'agit d'un matériau traditionnellement apprécié pour les éléments fonctionnels de la salle de bain

QUALITE'
- Le grès est un matériau naturel, réalisé avec de l'eau et de l'argile utilisé depuis des siècles
- Matériau pourvu d'un émail assez résistant qui garantit des performances supérieures à n'importe quel autre matériau non céramique.
- Il n'absorbe pas et ne se tache pas
- Résistant aux griffures et aux abrasions
- Brillant et pureté caractéristiques de la production italienne, encore inégalée
- Matériau qui ne se détériore pas dans le temps, matériau pratiquement éternel
- Il résiste à la chaleur intense et aux brûlures
- 100% Made in Italy

ENTRETIEN ET NETTOYAGE
- Il peut être nettoyé quotidiennement avec les produits normalement vendus dans le commerce, même légèrement abrasifs
- Même les taches les plus tenaces peuvent être enlevées facilement avec les produits les plus communs

DISEÑO:
- Permite la realización de artículos de gran diseño , caracterizados por bordes particularmente sutiles y depurados acabados superficiales
- Superficie esmaltada semi-opaca realizada en colores especiales Gessi, agradable al tacto
- Como la cerámica sanitaria, es un material tradicionalmente apreciado para la realización de elementos funcionales del equipamiento de baño.

CALIDAD
- El gres es un material natural, realizado con agua y arcilla utilizado desde siglos atrás
- Material dotado de esmalte ultra-resistente que garantiza prestaciones superiores a cualquier otro material no cerámico.
- No absorbe y no se mancha
- Resistente a las rayas y a la abrasión.
- Brillantez y pureza característica de la producción italiana, aún no igualada.
- No se deteriora con el paso del tiempo , material prácticamente eterno
- Resiste al calor intenso y a la suciedad.
- 100% fabricado en Italia

CUIDADO Y MANTENIMIENTO
- Puede ser limpiado cotidianamente con los productos que se encuentran en el mercado, incluso ligeramente abrasivos
- Incluso las manchas más persistentes pueden ser retiradas con los productos de limpieza más comunes.

GESSI

Gres Platino / Copper

Gres Platinum, Bright Platinum, Made in Italy
Gres Platino, Platino lucido, Made in Italy
Grès platine, Platine brillant, Made in Italy
Gres platino, Platino brillante, Made in Italy

Gres is a natural material, made by water and clay, used for centuries.
The true platinum finishing is varnished by hand, using two layers of paint and the surface is then coated by an invisible nano-molecular silicone layer that protects the precious finishing. For daily cleaning is necessary to clean with water and a microfiber cloth.

Il gres è un materiale naturale, realizzato con acqua e argilla ed utilizzato da secoli. La finitura in vero platino è applicata artigianalmente, tramite due mani di verniciatura a pennello e la superficie è rivestita da un invisibile strato siliconico nano molecolare che protegge la preziosa finitura. Per la pulizia quotidiana è necessario pulire delicatamente con acqua ed un panno in microfibra.

Le grès est un matériau naturel, réalisé avec de l'eau et de l'argile utilisé depuis des siècles. La finition en platine véritable est appliquée artisanalement, grâce à deux couches de vernis appliquées au pinceau ensuite la surface est revêtue d'une couche à base de silicone nano-moléculaire invisible qui protège cette précieuse finition. Pour le nettoyage quotidien il est nécessaire de nettoyer le produit délicatement avec de l'eau et une éponge en microfibre

El gres es un material natural, realizado con agua y arcilla utilizado desde siglos atrás. El acabado en auténtico platino se aplica artesanalmente a través de dos capas de barniz a pincel de la superficie y recubierto por una invisible capa de silicona nanomolecular que protege el delicado baño. Para la limpieza cotidiana es preciso limpiar delicadamente con agua y un paño de microfibra.

DESIGN:
- It allows the creation of products of great design, characterized by very thin edges and special surface finishes
- Gloss glazed surface, coated with a unique varnishing made of true platinum (18 carat)
- The exclusive design and the platinum finish transform the washbasin in a true jewel-sculpture

QUALITY:
- The gres is in itself a natural product, made with clay and water and used for centuries
- The platinum finish is applied by hand, using two coats of paint brush
- The pieces are then fired in the kiln to fix the finishing
- Finally, the entire surface is coated with an invisible nano-molecular silicone layer that protects the precious finish
- The special finish is evenly delicate and requires more attention than a standard product
- The finish preserves the intrinsic characteristics of platinum, does not oxidize and remains shiny
- 100% Made in Italy

CARE & MAINTENANCE:
- Clean daily with non-aggressive products and delicate clothes
- The use of abrasive, aggressive products or solvents, can compromise the integrity of the preclus platinum coating

DESIGN:
- Permette la realizzazione di articoli di grande design, caratterizzati da bordi particolarmente sottili e finiture superficiali ricercate
- Superficie smaltata, lucida e rivestita da una esclusiva verniciatura in vero platino 18 carati
- Il design esclusivo e la finitura platino trasformano il lavabo in una vera e propria scultura gioiello

QUALITA':
- Il gres è di per sé un prodotto naturale, realizzato con acqua e argilla, ed utilizzato da secoli
- La finitura in vero platino è applicata artigianalmente, tramite due mani di verniciatura a pennello
- I pezzi vengono successivamente cotti in forno per fissare la finitura
- Infine tutta la superficie viene rivestita da un invisibile strato siliconico nano molecolare che protegge la preziosa finitura
- Questa finitura speciale rimane comunque delicata e richiede maggiore attenzione, rispetto a un prodotto standard
- La finitura conserva le caratteristiche intrinseche del platino, non ossida e si mantiene lucente
- 100% Made in Italy

CURA & MANUTENZIONE:
- Può essere pulito quotidianamente con prodotti non aggressivi e panni delicati
- L'uso di prodotti abrasivi, solventi o agenti aggressivi, possono compromettere l'integrità del prezioso rivestimento in platino

DESIGN
- Ce matériau permet la réalisation d'articles au design remarquable, caractérisés par des bords particulièrement fins et des finitions de surface très raffinées
- Surface émaillée, brillante et revêtue par un vernis exclusif en platine véritable 18 carats
- Le design exclusif et la finition platine transforment la vasque en un véritable joyau sculptural

QUALITE'
- Le grès est un matériau naturel, réalisé avec de l'eau et de l'argile utilisé depuis des siècles
- La finition en platine véritable est appliquée artisanalement, par deux couches de vernis au pinceau.
- Les pièces sont successivement cuites au four pour fixer la finition
- Enfin toute la surface est revêtue par une couche à base de silicone nano-moléculaire invisible qui protège cette précieuse finition
- Cette finition spéciale est néanmoins délicate et demande une attention particulière par rapport à un produit standard
- La finition conserve les caractéristiques intrinsèques du platine, elle ne s'oxyde pas et reste brillante
- 100% Made in Italy

ENTRETIEN ET NETTOYAGE
- Il peut être nettoyé quotidiennement avec des produits non abrasifs et des chiffons délicats
- L'utilisation de produits abrasifs, solvants ou agents agressifs peut compromettre l'intégrité du revêtement en platine

DISEÑO:
- Permite la realización de artículos de gran diseño , caracterizados por bordes particularmente sutiles y depurados acabados superficiales
- Superficie esmaltada, pulida y revestida de un exclusivo tratamiento en auténtico platino de 18 kilates
- El diseño exclusivo y el acabado platino transforman el lavabo en una auténtica escultura-joya

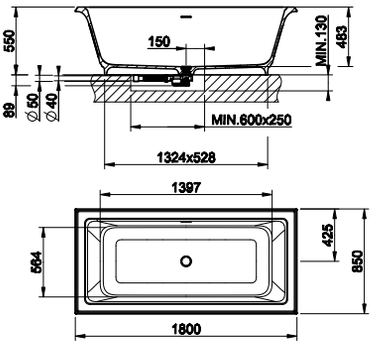

CALIDAD:
- El acabado en auténtico platino se aplica artesanalmente, mediante dos capas de barniz a pincel.
- Las piezas pasan un proceso de cocción en horno par fijar el acabado.
- Finalmente toda la superficie se recubre con una capa invisible de silicona nanomolecular que protege el delicado acabado
- Este acabado especial es más delicado y requiere mayor atención, respecto a un producto standard
- El acabado conserva las características intrínsecas del platino, no se oxida y se mantiene brillante
- 100% Made in Italy

CUIDADO Y MANTENIMIENTO
- Puede ser limpiado cotidianamente con productos no agresivos y paños delicados.
- El uso de productos abrasivos, disolventes o agentes agresivos, puede comprometer la integridad del delicado revestimiento en platino.

METHOD FOR SELECTING WASTEFITTINGS / METODO DI SELEZIONE PILETTE /
MÉTHODE DE SÉLECTION DES BONDES / MÉTODO DE SELECCIÓN PARA VACIADORES

The first distinction to make when selecting a waste fitting is to know the type of sink on which it will be used, which can either have an overflow or without an overflow / La prima distinzione da fare quando si sceglie una piletta riguarda la tipologia di lavabo, che può essere con troppo pieno o senza troppo pieno / La première distinction à faire lors du choix d'une bonde concerne le type de bassin, qui peut être avec ou sans trop-plein / La primera distinción que hay que hacer a la hora de elegir un vaciador se refiere al tipo de lavabo , que puede ser con rebosadero o sin rebosadero

WITH Overflow / CON Troppo Pieno / AVEC trop plein / CON rebosadero

Washbasins with an overflow feature a hole on the side of the basin where excess water drains in case of over accumulation, preventing accidental flooding / I lavabi con troppo pieno, presentano all'interno un foro che serve a scaricare l'acqua, qualora se ne accumulasse troppa, evitando allagamenti accidentali / Les lavabos avec trop-plein sont dotés d'un trou à l'intérieur qui sert à vider l'eau en cas d'accumulation excessive, évitant ainsi une inondation accidentelleì / Los lavabos con rebosadero tienen un agujero al interior que sirve para evacuar el agua, en caso de que se acumule demasiada, evitando inundaciones accidentales

Overflow Hole / Foro Troppo Pieno /
Trou Trop Plein / Agujero del rebosadero

Pop-up waste / Salterello / Tirette / Abertura manual anterior

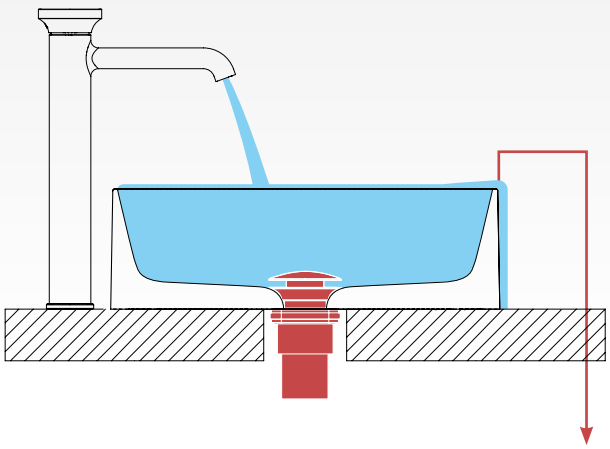

Stop&Go

WHITOUT Overflow / SENZA Troppo Pieno / SANS trop plein / SIN rebosadero

Washbasins without an overflow do not feature any drainage hole, but they have the advantage of offering a better aesthetic result / I lavabi senza troppo pieno non presentano alcun foro di scarico, ma hanno il vantaggio di avere una resa estetica migliore / Les lavabos sans trop-plein n'ont pas de trou de vidage, mais présentent l'avantage de présenter une meilleure esthétique / Los lavabos sin rebosadero no tienen agujeros de desagüe,
pero tienen la ventaja de ser mejores estéticamente

Flooding risk with closed waste /
Pericolo di allagamento con piletta chiusa /
Risque d'inondation en cas de bonde fermée /
Peligro de inundación con vaciador cerrado

Free Flow Drain /
Scarico Libero /
Stop&Go® + Libre / Desagüe libre

Pop-up waste / Salterello / Tirette / Abertura manual anterior

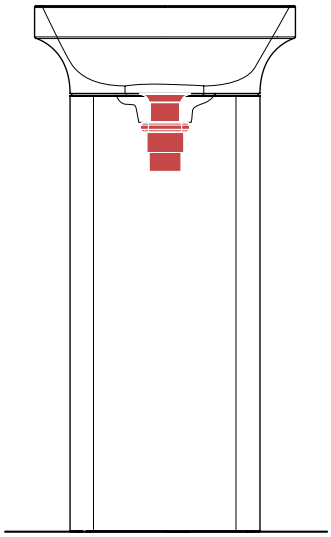

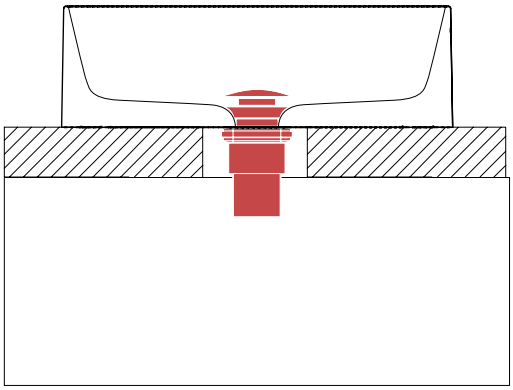

Stop&Go

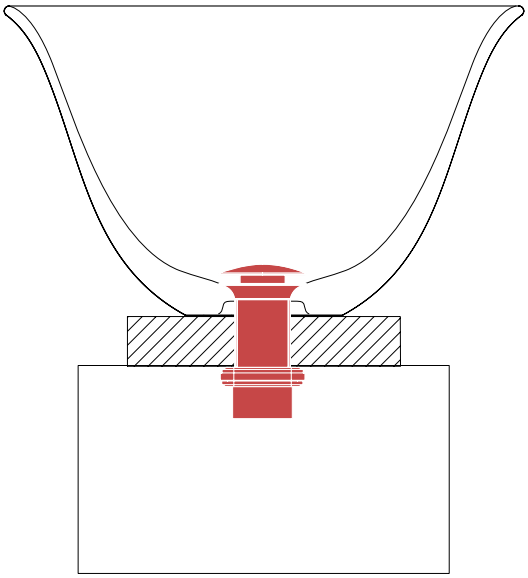

Drains with installable closure, but with risk of flooding /
Pilette con chiusura installabili, ma con pericolo di allagamento /
Des bondes avec fermeture peuvent être installées, mais avec le risque d'inondation /
Se pueden instalar vaciadores con cierre, pero existe el peligro de inundación

SELECTION OF THE DRAIN BASED ON THE HEIGHT OF THE DRAIN HOLE AND POSSIBLE TOP /
SELEZIONE DELLA PILETTA SULLA BASE DELL'ALTEZZA DEL FORO DI SCARICO ED EVENTUALE TOP /
CHOIX DE LA BONDE EN FONCTION DE LA HAUTEUR DU TROU DE VIDAGE ET DE LA SURFACE D'INSTALLATION ÉVENTUELLE /
SELECCIÓN DEL VACIADOR EN FUNCIÓN DE LA ALTURA DEL DESAGÜE Y DE LA ENCIMERA

1

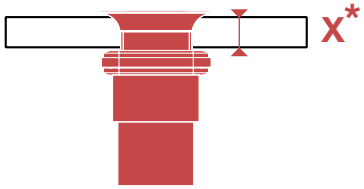

Sink not mounted on a countertop, such as a freestanding sink, the drain is fixed only on the ceramic / Lavabo non appoggiato ad un top, ad esempio freestanding, la piletta viene fissata in modo indipendente sulla ceramica / Lavabo ne posant pas sur une surface d'installation, par exemple sur pied, la bonde est fixée indépendamment à la céramique / Lavabo no de encimera, por ejemplo de pie, el vaciador se instala de forma independiente sobre la cerámica

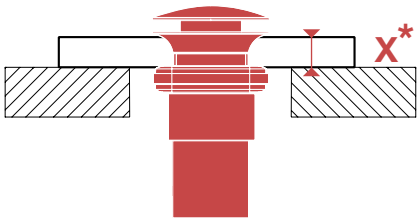

2

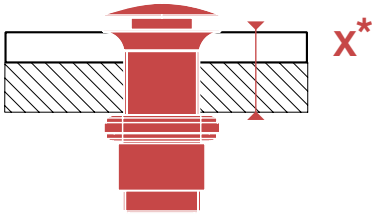

Sink on a countertop, the basin is fixed onto the countertop. The drain is attached to the ceramic, as in the previous case / Lavabo su piano d'appoggio, il lavabo è fissato sul top in modo indipendente dalla piletta. La piletta viene fissata al lavabo come nel caso precedente / Lavabo sur plan, le lavabo est fixé sur la surface indépendamment de la bonde. La bonde est fixée au lavabo comme dans le cas précédent / Lavabo de sobre encimera, el lavabo se fija sobre la encimera independientemente del vaciador. El vaciador se fija al lavabo como en el caso anterior

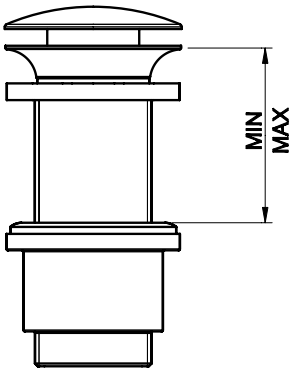

3

Sink on a countertop, the drain also functions as the attachment for the sink to the countertop / Lavabo su piano d'appoggio, la piletta funge anche da fissaggio del lavabo sul top / Lavabo sur plan, la bonde sert également à fixer le lavabo sur la surface d'installation / Lavabo de sobre encimera, el vaciador también sirve de fijación del lavabo a la encimera

* The value X must be between the MIN and MAX of the drain
* Il valore X dev'essere compreso tra MIN e MAX della piletta.
* La valeur X doit être comprise entre les valeurs MIN et MAX de bonde
* El valor X debe estar entre el MIN y el MAX del vaciador

GENERAL INFORMATION

PRESCRIZIONI TECNICHE:

1) al fine di garantire una lunga durata del prodotto installare rubinetti filtro a monte dell'impianto, da pulire periodicamente;
2) non installare il prodotto in presenza di pressione dell'acqua superiore ai 5 bar (nel caso, utilizzare un riduttore di pressione dimostrabile idoneo ai requisiti normativi locali);
3) Collaudo dimostrabile idoneo ai requisiti normativi locali con pressione massima a 12 bar;
4) la temperatura dell'acqua non deve essere superiore ai 70°C;
5) effettuare il risciacquo delle tubazioni prima di installare il rubinetto; prima dell'installazione del prodotto, aver prova che le tubature d'acqua di entrata vengano pulite secondo le norme locali vigenti.
6) per l'installazione attenersi a quanto indicato nelle istruzioni di montaggio allegate al prodotto;
7) non collegare la messa a terra di un impianto elettrico al flessibile o ad altra conduttura idraulica;
8) chiudere l'impianto in caso assenza prolungata per più di ventiquattro ore.

L'azienda si riserva il diritto di invalidare la garanzia nel caso non venissero rispettate le condizioni di cui sopra, accertate da un tecnico della GESSI S.p.A.

Qualsiasi modifica alla presente garanzia potrà essere rilasciata solo dalla GESSI S.p.A. con apposita dichiarazione scritta. La garanzia non sarà, inoltre, operante in mancanza della documentazione comprovante la data di acquisto.

Eventuali danni e/o difetti di prodotti verranno eliminati in garanzia solo se l'articolo oggetto di reclamo sarà rimesso alla GESSI S.p.A. nella confezione originale allegando la prova di acquisto. La garanzia è estesa a tutti i paesi, esclusi Stati Uniti e Canada, in cui il prodotto è fornito dalla GESSI S.p.A. o dal suo distributore autorizzato. Sono in ogni caso esclusi dalla garanzia I costi per il montaggio e lo smontaggio del prodotto, le trasferte e gli interventi tecnici di personale specializzato, nonché gli oneri subiti dal cliente per l'indisponibilità e/o la sospensione dell'utilizzo del prodotto. Eventuali imperfezioni nelle finiture e nei materiali naturali, non sono da considerarsi difetti, ma caratteristica del prodotto per l'artigianalità della produzione.

MANUTENZIONE: INDICAZIONI PER LA PULIZIA DEI PRODOTTI GESSI S.p.A.

I prodotti GESSI S.p.A. sono realizzati in diversi materiali per soddisfare tutte le esigenze di mercato, design e funzionalità. Le
superfici dei prodotti GESSI S.p.A., sia per ambienti interni che esterni, sono ottenute utilizzando i migliori materiali e processi produttivi approvati e sono costantemente valorizzate da avanzati metodi di certificazione della qualità.
La resistenza e la durata di tutti i tipi di materiali sopra citati sono strettamente legate a un uso corretto, a una buona manutenzione e all'impiego di materiali di pulizia adeguati che ne preservino le caratteristiche originali.
Pertanto, la comparsa di macchie di ruggine o depositi di calcare sono chiare indicazioni di una non corretta o mancata pulizia e non di difetti e/o scarsa qualità dei materiali utilizzati.

Pertanto, per apprezzare appieno il vostro prodotto Gessi e preservarne la qualità estetica, considerate quanto segue:

- Le sostanze inquinanti presenti nell'acqua piovana o il calcare dell'acqua di rete rimangono sotto forma di macchie sulla superficie del prodotto una volta evaporata l'acqua.

È possibile prevenire la formazione di depositi e mantenere pulito il prodotto asciugandolo sempre con un panno morbido.

- DETERGENTI, SOLVENTI, AGENTI CHIMICI, SPUGNE ABRASIVE, PAGLIETTE, ALCOOL, PRODOTTI CONTENENTI CLORO E I SUOI DERIVATI, ECC. NON DEVONO ESSERE UTILIZZATI in quanto possono danneggiare irrimediabilmente le superfici del prodotto, compromettendone l'estetica, la brillantezza e la satinatura.

PULIRE REGOLARMENTE IL PRODOTTO CON SOLA ACQUA E SAPONE NEUTRO, ASCIUGANDOLO CON UN PANNO MORBIDO MONOUSO.

- Pulire regolarmente i filtri all'estremità del prodotto, oltre a quelli già citati, dopo averli smontati e aver rimosso il calcare che ostruisce le uscite. Pulire regolarmente anche i punti di erogazione, per esempio strofinando leggermente gli ugelli di erogazione per liberarli dal calcare e mantenere pulito il diffusore.
- Quando si utilizza un sapone spray, spruzzarlo su un panno o una spugna pulita, MAI direttamente sul prodotto.

TECHNICAL PRESCRIPTIONS:

1) in order to guarantee a long-lasting performance of the product we recommend to install angle valves with filter, which must be regularly cleaned;
2) you should not install the product in presence of water pressure higher than 5 bar: in case of higher pressure, it is recommended to use a pressure reducer (In the case, use a demonstrable pressure reducer that complies with local requirements);
3) Testing suitable for local requirements with a maximum pressure of 12 bar;
4) water temperature should not be higher than 70°C;
5) carry out the rinsing of the pipes before installing the tap; before installing the product, have proof that the inlet water pipes are cleaned according to local regulations in force.
6) regarding the installation follow the assembly instructions enclosed with the product;
7) do not connect the earthing of an electric installation to a flexible hose or to another water pipeline;
8) close the plant in case of an extended absence of more than twenty-four hours.

The company has the right to invalidate the warranty when the above mentioned conditions will not be obeyed, checked by a technician of GESSI S.p.A.

The company GESSI S.p.A. can issue only any modifications at this warranty through a proper written declaration. Furthermore, the warranty will not be valid in case of missing documentation which proves the date of purchase.

Possible product damages a/o defects will be replaced under warranty only if the related item of complaint is send back to GESSI S.p.A. in the original packaging including the proof of purchase. The warranty is valid in all the countries, excluded USA and Canada, where the product has been supplied by GESSI S.p.A. or by its authorized distributor. The costs for the assembling and the disassembling of the product, the travelling and the technical interventions by the skilled staff, as well as the burden undergone by the customer due to the indisposition a/o the suspension of the product use are in any case excluded from the warranty. Possible imperfections at the finishing and at the raw materials, are not defects, but features of the product due to the handmade production.

MAINTENANCE: GESSI S.p.A. PRODUCT CLEANING INSTRUCTIONS

GESSI S.p.A. products are manufactured in different materials to suit all market, design and functionality needs. The surfaces of the products manufactured by GESSI S.p.A., for both indoor and outdoor environments, are obtained using the best materials and approved production processes and they are constantly enhanced by advanced quality certification methods.
The resistance and durability of all the types of material mentioned above are closely linked to proper use, good maintenance and the use of suitable cleaning materials and products that preserve the original characteristics. Therefore, the appearance of spots of rust or limescale deposits are clear indications of incorrect or lack of cleaning and not the result of defects and/or poor quality of the materials used.

Therefore, in order to fully appreciate your Gessi product and preserve its aesthetic quality, consider the following:

- The pollutants found in rainwater or the limescale in mains water remain in the form of stains on the surface of the product once the water has evaporated. It is possible to prevent the formation of deposits and keep your product clean by always drying it with a soft cloth.
- DETERGENTS, SOLVENTS, CHEMICAL AGENTS, ABRASIVE SPONGES, WIRE WOOL, ALCOHOL, PRODUCTS CONTAINING CHLORINE AND ITS DERIVATIVES, ETC. MUST NOT BE USED as these may irreparably damage the product surfaces, thus compromising their aesthetic qualities, brightness and satin finish. REGULARLY CLEAN THE PRODUCT WITH ONLY WATER AND A NEUTRAL SOAP, WIPING IT DRY WITH A SOFT DISPOSABLE CLOTH.
- Regularly clean the filters upstream of the product, in addition to those mentioned above, after having disassembled them and removed the limescale obstructing the outlets. Regularly clean the distribution points too, for example by slightly rubbing the distribution nozzles so as to free them of any limescale and keep the diffuser clean.
- When using spray-on soap, spray it onto a clean cloth or sponge, NEVER directly on the product.

PRESCRIPTIONS TECHNIQUES :

1) afin de garantir une performance durable du produit, nous recommandons d'installer des vannes d'angle avec filtre, qui doivent être nettoyées régulièrement ;
2) il ne faut pas installer le produit en présence d'une pression d'eau supérieure à 5 bars : en cas de pression plus élevée, il est recommandé d'utiliser un détendeur (dans le cas, utiliser un détendeur démontrable conforme aux exigences locales) ;
3) Essais adaptés aux exigences locales avec une pression maximale de 12 bar ;
4) la température de l'eau ne doit pas être supérieure à 70°C ;
5) effectuer le rinçage des tuyaux avant d'installer le robinet ; avant d'installer le produit, avoir la preuve que les tuyaux d'eau d'entrée sont nettoyés conformément à la réglementation locale en vigueur.
6) en ce qui concerne l'installation, suivre les instructions de montage jointes au produit ;
7) ne pas raccorder la mise à la terre d'une installation électrique à un tuyau flexible ou à une autre conduite d'eau
8) fermer l'installation en cas d'absence prolongée de plus de vingt-quatre heures.

La société a le droit d'invalider la garantie lorsque les conditions susmentionnées ne seront pas respectées, vérifiées par un technicien de GESSI S.p.A.
La société GESSI S.p.A. ne peut émettre que des modifications à cette garantie par le biais d'une déclaration écrite en bonne et due forme.En outre, la garantie ne sera pas valable en cas de documentation manquante qui prouve la date d'achat.
Les éventuels défauts du produit seront remplacés sous garantie uniquement si l'article concerné de la réclamation est renvoyé à GESSI S.p.A. dans l'emballage d'origine, y compris la preuve d'achat. La garantie est valable dans tous les pays, à l'exclusion des États-Unis et du Canada, où le produit a été fourni par GESSI S.p.A. ou par son distributeur agréé. Les frais de montage et de démontage du produit, les déplacements et les interventions techniques du personnel qualifié, ainsi que la charge supportée par le client du fait de l'indisposition de la suspension de l'utilisation du produit sont en tout état de cause exclus de la garantie. Les imperfections possibles à la finition et aux matières premières, ne sont pas des défauts, mais des caractéristiques du produit en raison de la production artisanale.

ENTRETIEN : INSTRUCTIONS DE NETTOYAGE DU PRODUIT GESSI S.p.A.

Les produits GESSI S.p.A. sont fabriqués dans différents matériaux pour répondre à tous les besoins du marché, de conception et de fonctionnalités. Les surfaces des produits fabriqués par GESSI S.p.A., pour les environnements intérieurs et extérieurs, sont obtenues en utilisant les meilleurs matériaux et procédés de production approuvés et elles sont constamment améliorées par des méthodes de certification de qualité à la pointe. La résistance et la durabilité de tous les types de matériaux mentionnés ci-dessus sont étroitement liées à une utilisation correcte, à un bon entretien et à l'utilisation de matériaux et de produits de nettoyage appropriés qui préservent les caractéristiques d'origine.
Par conséquent, l'apparition de taches de rouille ou de dépôts calcaires est une indication claire d'un mauvais nettoyage ou d'un manque de nettoyage et non le résultat de défauts et/ou d'une mauvaise qualité des matériaux utilisés.
Par conséquent, afin d'apprécier pleinement votre produit Gessi et de préserver sa qualité esthétique, prendre en compte ce qui suit :

- Les polluants présents dans l'eau de pluie ou le calcaire de l'eau de distribution restent sous forme de taches à la surface du produit une fois que l'eau s'est évaporée. Il est possible d'empêcher la formation de dépôts et de garder votre produit propre en le séchant toujours avec un chiffon doux.
- LES DÉTERGENTS, SOLVANTS, AGENTS CHIMIQUES, ÉPONGES ABRASIVES, LAINE MÉTALLIQUE, ALCOOL, PRODUITS CONTENANT DU CHLORE ET SES DÉRIVÉS, ETC. NE DOIVENT PAS ÊTRE UTILISÉS car cela pourrait endommager irrémédiablement les surfaces du produit, compromettant ainsi leurs qualités esthétiques, leur luminosité et leur finition satinée. NETTOYER RÉGULIÈREMENT LE PRODUIT AVEC UNIQUEMENT DE L'EAU ET UN SAVON NEUTRE, L'ESSUYER AVEC UN CHIFFON DOUX JETABLE.
- Nettoyer régulièrement les filtres en amont du produit, en plus de ceux mentionnés ci-dessus, après les avoir démontés et enlevé le calcaire obstruant les sorties. Nettoyer également régulièrement les points de distribution, par exemple en frottant légèrement les buses de distribution afin de les libérer de tout calcaire et de garder le diffuseur propre.
- Lors de l'utilisation d'un savon en spray, le pulvériser sur un chiffon ou une éponge propre, JAMAIS directement sur le produit.

PRESCRIPCIONES TÉCNICAS:

1) para garantizar un rendimiento duradero del producto se recomienda instalar válvulas angulares con filtro, que debe limpiarse regularmente;
2) no se debe instalar el producto en presencia de una presión de agua superior a 5 bar: en caso de presión superior, se recomienda utilizar un reductor de presión (En el caso, utilizar un reductor de presión demostrable que cumpla con los requisitos locales);
3) Pruebas adecuadas a los requisitos locales con una presión máxima de 12 bar;
4) la temperatura del agua no debe ser superior a 70°C;
5) realizar el enjuague de las tuberías antes de instalar el grifo; antes de instalar el producto, tener la prueba de que las tuberías de entrada de agua se limpien de acuerdo con la normativa local vigente.
6) con respecto a la instalación, siga las instrucciones de ensamblaje adjuntas al producto;
7) no conecte la toma de tierra de la instalación eléctrica a un tubo flexible o a otra tubería de agua;
8) cerrar la instalación en caso de una ausencia prolongada de más de veinticuatro horas.

La empresa se reserva el derecho de invalidar la garantía cuando no se observen las condiciones arriba mencionadas, comprobadas por un técnico de GESSI S.p.A.
La empresa GESSI S.p.A. solo puede emitir modificaciones en esta garantía mediante una declaración adecuada por escrito.
Además, la garantía no será válida en caso de falta de documentación que demuestre la fecha de compra.
Los posibles daños y/o defectos del producto serán reemplazados bajo garantía solo si el artículo relacionado con la queja es enviado de vuelta a GESSI S.p.A. en el embalaje original incluyendo la prueba de compra.
La garantía es válida en todos los países, excluidos los Estados Unidos y Canadá, donde el producto ha sido suministrado por GESSI S.p.A. o por su distribuidor autorizado.
Los costes de ensamblaje y desmontaje del producto, los desplazamientos y las intervenciones técnicas del personal especializado, así como las cargas sufridas por el cliente debido a la indisposición y/o a la suspensión del uso del producto están en cualquier caso excluidos de la garantía.
Eventuales imperfecciones en el acabado y en las materias primas, no son defectos, sino características del producto debidas a la producción artesanal.

MANTENIMIENTO: GESSI S.p.A. INSTRUCCIONES DE LIMPIEZA DEL PRODUCTO

Los productos GESSI S.p.A. se fabrican en diferentes materiales para adaptarse a todas las necesidades del mercado, del diseño y de la funcionalidad. Las superficies de los productos fabricados por GESSI S.p.A., tanto para ambientes interiores como exteriores, se obtienen utilizando los mejores materiales y procesos de producción homologados y se mejoran constantemente con métodos avanzados de certificación de calidad. La resistencia y la durabilidad de todos los tipos de material mencionados anteriormente están estrechamente relacionadas con un uso adecuado, un buen mantenimiento y el uso de materiales y productos de limpieza adecuados que conserven las características originales. Por ello, la aparición de manchas de óxido o depósitos de cal son claros indicios de una incorrecta o nula limpieza y no el resultado de defectos y/o mala calidad de los materiales utilizados.

Por lo tanto, para apreciar plenamente su producto Gessi y preservar su calidad estética, tenga en cuenta lo siguiente:

- Los contaminantes presentes en el agua de lluvia o la cal del agua de la red eléctrica permanecen en forma de manchas en la superficie del producto una vez que el agua se ha evaporado. Es posible evitar la formación de depósitos y mantener su producto limpio secándolo siempre con un paño suave.
- DETERGENTES, DISOLVENTES, AGENTES QUÍMICOS, ESPONJAS ABRASIVAS, LANA METÁLICA, ALCOHOL, PRODUCTOS QUE CONTENGAN CLORO Y SUS DERIVADOS, ETC. NO DEBEN SER UTILIZADOS, ya que pueden dañar irremediablemente las superficies del producto, comprometiendo sus cualidades estéticas, su brillo y su satinado. LIMPIE REGULARMENTE EL PRODUCTO SOLO CON AGUA Y UN JABÓN NEUTRO, SECÁNDOLO CON UN PAÑO SUAVE Y DESECHABLE.
- Limpie periódicamente los filtros situados en la parte superior del producto, además de los mencionados anteriormente, después de haberlos desmontado y eliminado la cal que obstruye las salidas. Limpie también regularmente los puntos de distribución, por ejemplo, frotando ligeramente las boquillas de distribución para liberarlas de la cal y mantener limpio el difusor.
- Cuando utilice jabón en spray, rocíelo sobre un paño limpio o una esponja, NUNCA directamente sobre el producto.

CLEANING GUIDELINES - FINISHES
LINEE GUIDA PER LA PULIZIA – FINITURE

In case the instructions above (reported from Gessi standard warranty) have not been observed, it is exceptionally possible to follow the instructions in the table below / Nel caso in cui le istruzioni sopra riportate (riportate dalla garanzia standard Gessi) non siano state rispettate, è eccezionalmente possibile seguire le istruzioni riportate nella tabella sottostante.

Vetril); Mousse multi-actions; Alcool éthylique ; Alcool isopropylique. En cas de taches de calcaire : solution d'eau et de vinaigre à 10 %, ou un détergent spécifique anticalcaire (par exemple Viakal). Attention: pour l'utilisation de ces produits, respecter les instructions suivantes (*). / Mantenimiento ordinario: Agua y jabón neutro Mantenimiento extraordinario o en caso de manchas difíciles: Detergente específico para cristales (por ejemplo, Vetril); Espuma multiuso; Alcohol etílico; Alcohol isopropílico. En caso de manchas de cal: solución de agua y vinagre al 10 %, o un detergente específico antical (por ejemplo, Viakal). Atención: para utilizar estos productos, siga las instrucciones que se indican a continuación (*).	Unipol et autres pâtes abrasives, eau de Javel, produits à base de chlore. / Unipol y otras pastas abrasivas, lejía, productos a base de cloro.	Entretien courant : Chiffon doux en micro-fibre. Entretien en cas de taches tenaces : Chiffon en papier. Éponge blanche douce. À éviter : éponge à vaisselle et tout support abrasif. / Mantenimiento ordinario: Paño suave de micro-fibra. Mantenimiento en caso de manchas difíciles: Paño de papel. Esponja blanca suave. A evitar: esponja para platos y cualquier soporte abrasivo.	Pour éviter la formation de taches de calcaire, nettoyez et séchez soigneusement le produit avec un chiffon doux immédiatement après chaque utilisation. En cas de taches de calcaire, appliquez une solution d'eau et de vinaigre ou un détergent anticalcaire (suivez les instructions ci-dessous). Rincez ensuite et séchez soigneusement avec un chiffon doux. / Para evitar la formación de manchas de cal, limpie y seque cuidadosamente el producto con un paño suave inmediatamente después de cada uso. En caso de manchas de cal, aplique una solución de agua y vinagre o un detergente antical (siga las instrucciones que se indican a continuación). A continuación, aclare y seque cuidadosamente con un paño suave.	Nettoyer dans le sens du brossage. Sinon, la finition pourrait être rayée. Ne pas mélanger différents produits de nettoyage : mélangés, ces produits pourraient provoquer des réactions chimiques susceptibles d'endommager la finition./ Limpiar en el sentido del cepillado. De lo contrario, el acabado podría rayarse. No mezclar diferentes productos de limpieza: si se mezclan, podrían provocar reacciones químicas que podrían dañar el acabado.

CLEANING GUIDELINES - FINISHES
LINEE GUIDA PER LA PULIZIA – FINITURE

(*) **DETERGENTE SPECIFICO PER VETRI:** utilizzare su sporco ridotto. Spruzzare il prodotto su una spugna o un panno e strofinare la superficie. Asciugare accuratamente.
SCHIUMA MULTI AZIONE: utilizzare per rimuovere grasso e impronte digitali. Spruzzare il prodotto su un panno, strofinare la superficie e asciugare accuratamente.
ALCOL ETILICO: adatto per rimuovere residui di grasso o sporco persistente. Bagnare il panno con una piccola quantità di prodotto, strofinare la superficie e asciugare accuratamente.
ALCOL ISOPROPILICO: indicato per rimuovere i residui di grasso. Versare un po' di prodotto su un panno, passare la superficie e asciugare molto bene.

(**) **SPUGNA BIANCA:** adatta per pulire lo sporco poco persistente. Passare la spugna sulla superficie. ATTENZIONE: DA UTILIZZARE CON DELICATEZZA
PANNO IN MICROFIBRA: adatto per rimuovere la polvere. ATTENZIONE: PRIMA DI PASSARE LA SPUGNA, VERIFICARE CHE NON SIANO PRESENTI RESIDUI CHE POSSANO GRAFFIARE LA SUPERFICIE.
PANNO DI CARTA: adatto per rimuovere la polvere. Può anche essere utilizzato spruzzando su esso prodotti per la pulizia (NON spruzzare tali prodotti direttamente sulla superficie).

(***) ATTENZIONE: PRIMA DI STROFINARE, **VERIFICARE CHE NON SIANO PRESENTI RESIDUI** CHE POSSANO GRAFFIARE LA SUPERFICIE. DOPO LA PULIZIA CON L'ACQUA, ASCIUGARE IMMEDIATAMENTE OGNI SUPERFICIE PER EVITARE CHE COMPAIANO MACCHIE DI CALCARE. L'USO DI ACQUA DEIONIZZATA EVITA LA FORMAZIONE DI TALI MACCHIE. PULIRE FREQUENTEMENTE LE SUPERFICI PER EVITARE UN ECCESSO DI SPORCO O DI IMPRONTE DIGITALI E PER RIDURRE AL MINIMO GLI SFORZI PER LA PULIZIA, IL COSTO E IL RISCHIO DI ROVINARE/ALTERARE LA FINITURA.

(****) **ISTRUZIONI PER LA PULIZIA DELLE SUPERFICI IN ACCIAIO INOX:**

L'acciaio inox spazzolato può presentare impronte digitali nelle prime fasi dell'installazione, ma esse diventeranno meno evidenti dopo le prime pulizie. I prodotti più efficaci per rimuovere le impronte digitali o altri tipi di macchie sono l'acqua con sapone o un detergente delicato.
L'acciaio inox con finitura a specchio può essere pulito con prodotti specifici normalmente utilizzati per la pulizia delle superfici in vetro: l'importante è che non contengano cloruri.
Non utilizzare prodotti abrasivi perché possono lasciare graffi irreparabili sulle superfici in acciaio inox. In alternativa, per rimuovere la contaminazione, è possibile utilizzare un prodotto specifico per la pulizia dell'acciaio inox contenente acido fosforico, risciacquando accuratamente con acqua pulita e asciugando. È consigliabile trattare l'intera superficie in acciaio inox per evitare la formazione di macchie.
Tracce di malta e cemento possono essere trattate con una soluzione contenente una piccola quantità di acido fosforico. Risciacquare con acqua (preferibilmente deionizzata per ridurre il rischio di macchie) e asciugare. Non utilizzare mai nessun tipo di prodotto specifico per la rimozione della malta o l'acido cloridrico diluito: in caso di utilizzo o se versati accidentalmente sull'acciaio inox, risciacquare abbondantemente con acqua pulita.

NON UTILIZZARE PRODOTTI CONTENENTI CLORURO (IN PARTICOLARE ACIDO CLORIDRICO), CANDEGGINE CON ACIDO IPOCLOROSO O PRODOTTI UTILIZZATI PER LA PULIZIA DELL'ARGENTO.
Se versati accidentalmente sull'acciaio inox, risciacquare abbondantemente.
Per rimuovere lo sporco leggero o le impronte digitali, utilizzare un panno umido o un panno scamosciato; per lo sporco più persistente, si consiglia di utilizzare spugne di nylon.

NON UTILIZZARE PAGLIETTE IN ACCIAIO: oltre a graffiare, possono lasciare depositi di carbonio nell'acciaio che, in presenza di umidità, possono dare origine a macchie di ruggine.
Sulle finiture lucide con una texture superficiale in una sola direzione, la pulizia deve essere effettuata con movimenti che seguono la direzione della finitura, non trasversalmente. Per evitare la contaminazione da parte di particelle di ferro, è necessario assicurarsi che gli strumenti di pulizia scelti non siano stati precedentemente usati su acciaio al carbonio. Infatti, i materiali per la pulizia dei prodotti in acciaio inox devono essere riservati esclusivamente a questo scopo.

CLEANING GUIDELINES - FINISHES
LINEE GUIDA PER LA PULIZIA – FINITURE

(*) **SPECIFIC GLASS CLEANER**: use on low dirt. Spray the product on a sponge or cloth and wipe the surface. Dry accurately.
MULTIFOAM: use to remove grease and fingerprints. Spray on a cloth, wipe the surface and dry thoroughly
ETHYL ALCOHOL: suitable for removing grease residues or persistent dirt. Wet the cloth with a little amount of it, wipe the surface and dry accurately
ISOPROPYL ALCOHOL: indicated for removing grease residues. Put a little product on a cloth, wipe the surface and dry very well.

(**) **WHITE SPONGE:** Suitable for cleaning lightly persistent dirt. Wipe the sponge over the surface. CAUTION: CLAN SOFTLY
MICROFIBRE CLOTH: Suitable for removing dust. CAUTION: BEFORE WIPING, CHECK THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.
PAPER CLOTH: Suitable for removing dust. It can also be sprayed with cleaning products (do NOT spray such products directly on the surface). CAUTION: BEFORE WIPING, CHECK THAT THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.

(***) AFTER CLEANING WITH WATER, **DRY EACH SURFACE IMMEDIATELY** TO PREVENT THE APPEARANCE OF LIMESCALE STAINS. THE USE OF DEIONIZED WATER WILL PREVENT THE FORMATION OF SUCH STAINS. CLEAN THE SURFACES FREQUENTLY TO AVOID EXCESSIVE DIRT OR FINGERPRINTS AND TO MINIMIZE THE CLEANING EFFORT, COST AND THE RISK OF SCORING/ALTERING THE FINISH.

(****) **INSTRUCTIONS FOR STAINLESS STEEL SURFACES CLEANING:**
Brushed stainless steel may show fingerprints in the early stages of installation, but these will become less noticeable after the first few cleanings. The most effective products for removing fingerprints or other types of stains are water with soap or a mild detergent.
Stainless steel with a mirror finish can be cleaned with specific products usuallv used for cleaning glass: most importantiv. thev must not contain chlorides. Do not use abrasive products as they can leave irreparable scratches on stainless steel surfaces. Alternatively, to remove contamination, a specific stainless steel cleaning product containing phosphoric acid may be used, carefully rinsing with clean water and drying. It is advisable to treat the entire stainless steel surface to avoid stains.
Traces of mortar and cement can be treated with a solution containing a small amount of phosphoric acid. Rinse with water (preferably deionized water to reduce the risk of leaving stains) and dry. Never use any type of product specifically designed for mortar removal or diluted hydrochloric acid: if these are accidentally used or spilled on stainless steel, rinse thoroughly with clean water.

DO NOT USE PRODUCTS CONTAINING CHLORIDE (ESPECIALLY CHLORIDRIC ACID), HYPOCHLORIC ACID CANDYGINS, OR PRODUCTS USED TO CLAN SILVER. If accidentally spilled on any stainless steel surface, rinse thoroughly.
To remove light dirt or fingerprints, use a damp cloth or suede leather; for more persistent dirt, nylon sponges are recommended.

DO NOT USE ABRASIVE WOOL PADS AND NON-INOX WOOL PADS: in addition to scratching, they can leave carbon steel deposits that, in the presence of humidity, could result in rust stains.
On polished finishes with a unidirectional surface texture, cleaning should be done with movements that follow the direction of the finish, not across it. To avoid contamination by iron particles, it is necessary to ensure that the cleaning tools chosen have not been previously used on carbon steel. In fact, materials for cleaning stainless steel workpieces must be reserved exclusively for this purpose.

RECOMMANDATIONS DE NETTOYAGE - FINITIONS
INDICACIONES DE LIMPIEZA - ACABADOS

(*) **NETTOYANT SPÉCIFIQUE POUR VITRES :** à utiliser en cas de peu de saleté. Vaporiser le produit sur une éponge ou un chiffon et essuyer la surface. Sécher soigneusement.
MULTI-MOUSSE : à utiliser pour enlever la graisse et les empreintes digitales. Vaporiser sur un chiffon, essuyer la surface et bien sécher
ALCOOL ÉTHYLIQUE : convient pour éliminer les résidus de graisse ou les saletés persistantes. En mettre un peu sur un chiffon, essuyer la surface, puis l'essuyer avec un chiffon imbibé de nettoyant pour verre spécifique et le sécher correctement
ALCOOL ISOPROPYLIQUE : indiqué pour éliminer les résidus de graisse. Mettre un peu de produit sur un chiffon, essuyer la surface et sécher très soigneusement. UNIPOL (ATTENTION : CETTE PÂTE ABRASIVE PEUT RAYER LA FINITION) : à utiliser pour éliminer les taches de chrome et polir les surfaces en acier. Mouiller le chiffon avec un peu d'eau, essuyer la surface et sécher avec soin.

(**) **ÉPONGE BLANCHE :** Convient pour nettoyer la saleté légèrement persistante. Passer l'éponge sur la surface. ATTENTION : NETTOYER EN DOUCEUR
CHIFFON MICROFIBRE : Convient pour enlever la poussière. ATTENTION : AVANT D'ESSUYER, VÉRIFIER QU'IL N'Y A PAS DE RÉSIDUS QUI POURRAIENT RAYER LA SURFACE.
PAPIER TISSUS : Convient pour enlever la poussière. Il peut également être pulvérisé avec des produits de nettoyage (NE PAS pulvériser de tels produits directement sur la surface). ATTENTION : AVANT D'ESSUYER, VÉRIFIER QU'IL N'Y A PAS DE RÉSIDUS QUI POURRAIENT RAYER LA SURFACE.

(***) APRÈS LE NETTOYAGE À L'EAU, **SÉCHER IMMÉDIATEMENT CHAQUE SURFACE** POUR ÉVITER L'APPARITION DE TACHES DE CALCAIRE. L'UTILISATION D'EAU DÉSIONISÉE EMPÊCHERA LA FORMATION DE TELLES TACHES. NETTOYER FRÉQUEMMENT LES SURFACES POUR ÉVITER LES SALETÉS EXCESSIVES OU LES EMPREINTES DE DOIGT ET POUR MINIMISER LES EFFORTS DE NETTOYAGE, LE COÛT ET LE RISQUE DE RAYER/ALTÉRER LA FINITION.

(****) **INSTRUCTIONS POUR LE NETTOYAGE DES SURFACES EN ACIER INOXYDABLE :**

L'acier inoxydable brossé peut faire apparaitre des traces de doigts au début de l'installation, mais celles-ci deviendront moins visibles après les premiers nettoyages. Les produits les plus efficaces pour enlever les empreintes de doigts ou d'autres types de taches sont l'eau avec du savon ou un détergent doux. L'acier inoxydable avec une finition de miroir peut être nettoyé avec des produits spécifiques habituellement utilisés pour le nettoyage du verre : très important, ils ne doivent pas contenir de chlorures.
Ne pas utiliser de produits abrasifs car ils peuvent laisser des rayures irréparables sur les surfaces en acier inoxydable. Alternativement, pour éliminer la contamination, un produit de nettoyage spécifique en acier inoxydable contenant de l'acide phosphorique peut être utilisé, en rinçant soigneusement à l'eau propre et en séchant.
Il est conseillé de traiter toute la surface en acier inoxydable pour éviter les taches. Des traces de mortier et de ciment peuvent être traitées avec une solution contenant une petite quantité d'acide phosphorique. Rincer à l'eau (de préférence de l'eau désionisée pour réduire le risque de laisser des taches) et sécher.
Ne jamais utiliser de produit spécialement conçus pour enlever du mortier ou de l'acide chlorhydrique dilué : si ces derniers sont accidentellement utilisés ou renversés sur de l'acier inoxydable, rincer abondamment à l'eau claire.

NE PAS UTILISER DES PRODUITS CONTENANT DU CHLORURE (EN PARTICULIER DE L'ACIDE CHLORHYDRIQUE), DE L'ACIDE HYPOCHLORIQUE, DE L'EAU DE JAVEL OU DES PRODUITS UTILISÉS POUR NETTOYER L'ARGENT.
En cas de déversement accidentel sur une surface en acier inoxydable, rincer abondamment.
Pour enlever les saletés légères ou les empreintes de doigt, utiliser un chiffon humide ou de la peau de chamois ; pour les saletés plus persistantes, des éponges en nylon sont recommandées.

NE PAS UTILISER DE TAMPONS DE LAINE ABRASIFS ET DE TAMPONS DE LAINE NON-INOX : en plus des rayures, ils peuvent laisser des dépôts d'acier au carbone qui, en présence d'humidité, pourraient entraîner des taches de rouille.
Sur les finitions polies avec une texture de surface unidirectionnelle, le nettoyage doit être effectué avec des mouvements qui suivent la direction de la finition, pas en travers.
Pour éviter toute contamination par des particules de fer, il est nécessaire de s'assurer que les outils de nettoyage choisis n'ont pas été préalablement utilisés sur l'acier au carbone.
En effet, les matériaux de nettoyage des pièces en acier inoxydable doivent être réservés exclusivement à cet effet.

RECOMMANDATIONS DE NETTOYAGE - FINITIONS
INDICACIONES DE LIMPIEZA - ACABADOS

GESSI®

(*) **LIMPIADOR DE VIDRIO ESPECÍFICO:** utilizar en caso de poca suciedad. Rociar el producto sobre una esponja o paño y limpiar la superficie. Secar con precisión.
MULTI ESPUMA: utilizar para eliminar la grasa y las huellas dactilares. Rociar sobre un paño, limpiar la superficie y secar completamente
ALCOHOL ETÍLICO: adecuado para eliminar residuos de grasa o suciedad persistente. Humedezca el paño con una pequeña cantidad, limpie la superficie y seque correctamente
ALCOHOL ISOPROPÍLICO: indicado para la eliminación de residuos de grasa. Poner un poco de producto en un paño, limpiar la superficie y secar muy bien.

(**) **ESPONJA BLANCA:** Adecuada para limpiar la suciedad ligeramente persistente. Pasar la esponja por la superficie. ATENCIÓN: LIMPIAR SUAVEMENTE
PAÑO DE MICROFIBRA: Adecuado para eliminar el polvo. ATENCIÓN: ANTES DE LIMPIAR, COMPRUEBE QUE NO HAY RESIDUOS QUE PUEDAN RAYAR LA SUPERFICIE.
PAÑO DE PAPEL: Adecuado para eliminar el polvo.También se puede rociar con productos de limpieza (NO rociar dichos productos directamente sobre la superficie). ATENCIÓN: ANTES DE LIMPIAR, COMPRUEBE QUE NO HAY RESIDUOS QUE PUEDAN RAYAR LA SUPERFICIE.

(***) DESPUÉS DE LIMPIAR CON AGUA, **SEQUE INMEDIATAMENTE CADA SUPERFICIE** PARA EVITAR LA APARICIÓN DE MANCHAS DE CAL. EL USO DE AGUA DESMINERALIZADA EVITARÁ LA FORMACIÓN DE DICHAS MANCHAS. LIMPIE LAS SUPERFICIES CON FRECUENCIA PARA EVITAR UN EXCESO DE SUCIEDAD O DE HUELLAS DACTILARES Y PARA MINIMIZAR EL ESFUERZO DE LIMPIEZA, EL COSTE Y EL RIESGO DE RAYAR/ ALTERAR EL ACABADO.

(****) **INSTRUCCIONES PARA LA LIMPIEZA DE LAS SUPERFICIES DE ACERO INOXIDABLE:**
El acero inoxidable cepillado puede mostrar huellas dactilares en las primeras etapas de la instalación, pero estas serán menos perceptibles después de las primeras limpiezas.
Los productos más eficaces para eliminar las huellas dactilares u otro tipo de manchas son el agua con jabón o un detergente suave. El acero inoxidable con acabado de espejo puede limpiarse con productos específicos utilizados habitualmente para la limpieza de cristales: lo más importante es que no contengan cloruros.
No utilice productos abrasivos, ya que pueden dejar arañazos irreparables en las superficies de acero inoxidable.
Como alternativa, para eliminar la contaminación, se puede utilizar un producto de limpieza específico para acero inoxidable que contenga ácido fosfórico, enjuagando cuidadosamente con agua limpia y secando.
Se aconseja tratar toda la superficie de acero inoxidable para evitar las manchas.
Los restos de mortero y cemento pueden tratarse con una solución que contenga una pequeña cantidad de ácido fosfórico. Enjuagar con agua (preferiblemente desmineralizada para reducir el riesgo de dejar manchas) y secar.
Nunca utilice ningún tipo de producto específicamente diseñado para eliminar el mortero ni ácido clorhídrico diluido: si se utilizan o se derraman accidentalmente sobre el acero inoxidable, enjuague completamente con agua limpia.

NO UTILICE PRODUCTOS QUE CONTENGAN CLORURO (ESPECIALMENTE ÁCIDO CLORHÍDRICO), ÁCIDO HIPOCLOROSO O PRODUCTOS UTILIZADOS PARA LIMPIAR LA PLATA.
Si se derrama accidentalmente sobre cualquier superficie de acero inoxidable, enjuague a fondo.
Para eliminar la suciedad ligera o las huellas dactilares, utilice un paño húmedo o de cuero de gamuza; para la suciedad más persistente, se recomiendan esponjas de nailon.

NO UTILICE ALMOHADILLAS DE LANA ABRASIVA NI ALMOHADILLAS DE LANA NO INOXIDABLE: además de rayar, pueden dejar depósitos de acero al carbono que, en presencia de humedad, podrían dar lugar a manchas de óxido.
En los acabados pulidos con textura superficial unidireccional, la limpieza debe hacerse con movimientos que sigan la dirección del acabado, no a través de él. Para evitar la contaminación por partículas de hierro, es necesario asegurarse de que las herramientas de limpieza elegidas no hayan sido utilizadas previamente en acero al carbono.
De hecho, los materiales para la limpieza de piezas de acero inoxidable deben reservarse exclusivamente para este fin.

CONDIZIONI GENERALI DI VENDITA

1.Applicabilità

1.1.Le presenti condizioni generali di vendita (le “Condizioni Generali”) rappresentano un contratto tra:

(i) “Gessi”: si intende Gessi s.p.a. con sede legale in Parco Gessi, 13037 frazione Vintebbio, Serravalle Sesia (VC), codice fiscale e P. IVA 02235360027; e

(ii) l’“Acquirente”: si intende il rivenditore professionale che accetti di procedere all’acquisto dei prodotti di Gessi dopo aver ricevuto le presenti Condizioni Generali.

(Gessi e l’Acquirente sono indicate collettivamente come le “Parti”).

1.2.Accettando di procedere all’acquisto dei prodotti di Gessi (i “Prodotti”) dopo aver ricevuto le presenti Condizioni Generali, ad esempio accettando la consegna o effettuando il pagamento, l’Acquirente accetta le presenti Condizioni Generali ai sensi dell’art. 1327 del Codice civile. A seguito di tale accettazione le presenti Condizioni Generali disciplineranno tutti gli ordini effettuati dall'Acquirente (gli “Ordini”). Gli Ordini accettati da Gessi sono considerati contratti di vendita vincolanti che non possono essere risolti unilateralmente dall'Acquirente. Tali Ordini accettati e le presenti Condizioni Generali costituiranno l'intero accordo tra le Parti (l “Accordo”).

1.3. Queste Condizioni Generali prevalgono su qualsiasi eventuale altra previsione, richiesta e/o condizione relativa all’ordine di acquisto che venga avanzata dal Cliente nei confronti di Gessi, salvo che sia da quest’ultima espressamente approvata per iscritto.

1.4. Le presenti Condizioni Generali sono regolate dalla legge italiana.

1.5.. Gessi si riserva il diritto, a sua esclusiva discrezione, di modificare periodicamente le Condizioni Generali. Tali modifiche avranno effetto dal momento in cui saranno comunicate al Cliente o dalla loro pubblicazione nel sito web di Gessi. La risoluzione, nullità, inefficacia di una (o una parte di) clausola o di alcune clausole dell’Accordo non può comportare in alcun modo la risoluzione, nullità, inefficacia delle altre clausole o di parte di esse previste nell’Accordo.

2.Prezzi e pagamento

2.1.I prezzi indicati nel presente listino prezzi (il "Listino Prezzi") si intendono IVA esclusa e sono espressi in EUR. Nel corso del rapporto commerciale con l'Acquirente, Gessi potrà comunicare a quest'ultimo variazioni di prezzo. Gessi e l'Acquirente potranno concordare sconti specifici relativi ai servizi di distribuzione dell'Acquirente.

2.2.Gessi si riserva il diritto di modificare il Listino Prezzi, ad esempio apportando modifiche ai Prodotti e/o anche eliminando lo stesso modello dal presente Listino Prezzi, in qualsiasi momento e a sua esclusiva discrezione senza alcun obbligo di preavviso all'Acquirente

2.3.I pagamenti diventano esigibili alla data di scadenza indicata nella relativa fattura di Gessi e i corrispettivi dovuti non potranno in nessun caso essere trattenuti dall’Acquirente. In particolare, eventuali ritardi nella consegna dei Prodotti o qualsiasi altro comportamento tenuto da Gessi che secondo l’Acquirente configuri un inadempimento di Gessi, non giustificano il ritardo dell’Acquirente nel pagamento dei corrispettivi dovuti.

2.4.In caso di ritardo nel pagamento dei corrispettivi dovuti da parte dell’Acquirente, Gessi si riserva il diritto di applicare gli interessi moratori ai sensi del D.Lgs. n. 231/2002, fermi in ogni caso i limiti di legge.

3.Riserva di proprietà

Gessi rimarrà proprietaria dei Prodotti ordinati sino al pagamento da parte dell’Acquirente dell’intero corrispettivo convenuto per l’Ordine e/o sino al pagamento dilazionato solo se tale modalità di pagamento sia stata espressamente accordata da Gessi. A tal fine l’Acquirente si impegna a collaborare con Gessi per tutelare la proprietà di quest’ultima. I rischi da perdita o da danneggiamento dei Prodotti saranno trasferiti in capo all’Acquirente dal momento in cui i Prodotti verranno consegnati all’Acquirente ex art. 4.1. delle Condizioni Generali.

4.Spedizione e consegna dei Prodotti

4.1.Salvo diverso ed espresso accordo tra Parti, la consegna dei Prodotti dovrà avvenire EXW (Incoterms 2010) presso la sede legale di Gessi, in Italia.

4.2.Al momento della consegna dei Prodotti ordinati, l’Acquirente verificherà (i) se la quantità di Prodotti ricevuta corrisponde a quella acquistata, e (ii) se l’imballaggio dei Prodotti risulta integro. L’Acquirente segnalerà su un apposito report di consegna della spedizione qualsiasi errore e/o diversità della consegna, indicando in particolar modo eventuali errori in merito alla quantità e/o al tipo di Prodotti consegnati e/o eventuali danneggiamenti dell’imballaggio. Questo report dovrà essere confermato per iscritto dal soggetto che ha effettato la consegna all’Acquirente mediante l’apposizione della propria firma e dovrà essere inviato a Gessi.

4.3.Salvo diverso ed espresso accordo tra le Parti, entro 14 giorni di calendario dalla consegna, l’Acquirente dovrà inoltre (i) verificare se i Prodotti sono stati consegnati in buone condizioni; (ii) documentare la presenza di eventuali vizi dei Prodotti tramite, ad esempio, fotografie e/o video che mostrino chiaramente questi vizi; e (iii) segnalare la presenza di questi vizi a Gessi tramite e-mail all’indirizzo di posta del proprio referente commerciale (la cui ricezione della comunicazione sarà confermata da Gessi) oppure tramite fax o raccomandata A/R. La segnalazione dell’Acquirente dovrà includere una descrizione dettagliata e documentata di questi vizi. L’Acquirente metterà a disposizione di Gessi i Prodotti per consentirle di effettuare tutte le verifiche necessarie o dovrà inviare i Prodotti presso la sede di Gessi per le opportune verifiche tecniche, qualora Gessi lo ritenga necessario. Le spese di spedizione sono a carico di Gessi solo se le segnalazioni dell’Acquirente siano ritenute fondate da Gessi.

4.4.Nel caso in cui l’Acquirente non avanzi contestazioni sui Prodotti ordinati e/o sulla consegna nei termini e con le modalità di cui agli articoli 4.2. e 4.3., i Prodotti si considereranno, salvo difetti visibili, consegnati nella quantità e con le qualità convenute, nonché in buono stato e l’Acquirente non potrà avanzare alcuna pretesa in ordine alla quantità e alla qualità dei Prodotti consegnati e/o allo stato dei Prodotti, salvo quanto diversamente previsto dalla legge applicabile. Le disposizioni che precedono non pregiudicano gli obblighi di garanzia in capo a Gessi. Resta inteso tra le Parti che né le Condizioni Generali né le garanzie di Gessi pregiudicano eventuali garanzie inderogabili previste dalla normativa applicabile.

5.Destinazione dei Prodotti

5.1. Le Parti convengono che, qualora la vendita dei Prodotti nel Paese indicato dall'Acquirente quale Paese di destinazione dei Prodotti e/o nel Paese in cui vi sia la sede dell'Acquirente sia (o Gessi venga a conoscenza che sia) soggetta a restrizioni o violerebbe qualsiasi normativa applicabile (le "Restrizioni"), a meno che le Restrizioni non vengano revocate, i relativi Ordini saranno annullati da Gessi ex art. 1456 c.c., senza possibilità di modificare il Paese di destinazione dei Prodotti e Gessi potrà, a sua esclusiva discrezione, (i) rimborsare al Cliente il pagamento ricevuto da quest'ultimo per gli Ordini annullati; e/o (ii) concedere un credito all'Acquirente per i Prodotti che non sono soggetti a Restrizioni, a seconda della disponibilità. In nessun caso l'Acquirente avrà il diritto di richiedere a Gessi di fornire i Prodotti nei Paesi soggetti a Restrizioni e/o che possono essere utilizzati per aggirare le Restrizioni, essendo Gessi un produttore dedito alla scrupolosa osservanza di tutte le leggi applicabili, ivi compresa la normativa inerente alle Restrizioni. Nel caso di violazione dell'art. 12 octies del Regolamento (UE) n. 833/2014, Gessi, oltre al diritto di annullare gli Ordini, può recedere dall'Accordo e ha il diritto di richiedere il rimborso delle spese sostenute in relazione all'Accordo che ha portato alla violazione, nonché il risarcimento dei danni. In ogni caso, Gessi si impegna a notificare le Autorità competenti in caso di violazione del divieto previsto da questo articolo.

5.2.L'Acquirente riconosce che i Prodotti possono essere destinati a determinati territori in cui le leggi locali prevedono requisiti diversi rispetto ad altri territori e/o in cui la struttura sanitaria differisce da quella di altri paesi. L'Acquirente dovrà sempre rivendere i Prodotti all'interno dei territori a cui i Prodotti sono destinati per assicurarsi che siano conformi alle leggi locali, fatte salve eventuali leggi (comprese quelle dell'UE) che vietino limitazioni dei territori di rivendita.

6.Garanzie di Gessi

6.1.Gessi garantisce che i Prodotti possiedono le specifiche tecniche richieste dalle norme di legge, soggette comunque a tolleranze ragionevoli e comunemente accettate nel mercato, e che al momento della consegna i Prodotti sono privi di vizi e/o difetti relativi al materiale utilizzato nonché alle lavorazioni eseguite.

6.2.Gessi non garantisce che i Prodotti siano compatibili con le leggi e le apparecchiature locali in tutto il mondo. Per questo motivo, la garanzia è valida solo ed esclusivamente per tutti i Paesi ai quali è destinato il Prodotto venduto all'Acquirente, fatte salve comunque le disposizioni della normativa applicabile.

7.Diritti di proprietà intellettuale

7.1.L'Acquirente riconosce che tutti i diritti d'autore, i disegni industriali, i brevetti, i marchi, i marchi di servizio, i loghi, i nomi commerciali, i nomi di dominio e/o gli slogan, registrati o non registrati e tutti gli altri diritti di proprietà intellettuale secondo diverse giurisdizioni (i "Diritti di Proprietà Intellettuale") detenuti o comunque nella disponibilità di Gessi e/o delle sue controllate o affiliate sono di proprietà o concesse in licenza a Gessi e/o alle sue controllate o affiliate, concedendo loro il diritto esclusivo di utilizzare e beneficiare di tali Diritti di Proprietà Intellettuale e l'Acquirente non acquisisce alcuno dei Diritti di Proprietà Intellettuale con la sottoscrizione delle presenti Condizioni Generali.

7.2.Nel corso del rapporto commerciale tra le Parti e successivamente alla sua cessazione, l'Acquirente non deve produrre i Prodotti o qualsiasi altro prodotto simile o che imiti i Prodotti e in ogni caso non deve violare i Diritti di Proprietà Intellettuale in nessuna circostanza e/o agire in qualsiasi modo che possa pregiudicare l'avviamento di Gessi.

7.3.Non è consentito all'Acquirente utilizzare carta intestata, biglietti da visita, insegne (anche nella corrispondenza via e-mail con i clienti o con terze parti) o altre rappresentazioni a nome di Gessi o di una delle sue controllate o affiliate, nonché rappresentare sé stesso come Gessi o come parte del Gruppo a cui Gessi appartiene o come una delle sue controllate o affiliate senza l'espressa autorizzazione scritta di Gessi.

7.4.L'Acquirente commercializzerà, distribuirà e venderà i Prodotti esclusivamente con i marchi, i loghi, i nomi commerciali e gli altri segni distintivi (i "Marchi) di Gessi e non con altri Marchi. L'Acquirente non dovrà rimuovere alcun Marchio di Gessi dai Prodotti e/o dal loro imballaggio senza il consenso scritto di Gessi. Qualsiasi rimozione, alterazione e/o modifica dei Marchi di Gessi o dei dati tecnici o delle etichette consegnate con i Prodotti o comunque fornite da Gessi sarà considerata una violazione dei Diritti di Proprietà Intellettuale di Gessi.

7.5.Resta inteso e concordato tra le Parti che Gessi non concede all'Acquirente alcuna licenza d'uso dei Marchi di Gessi o di altri materiali forniti da Gessi all'Acquirente se non per la promozione dei Prodotti e seguendo rigorosamente le indicazioni di Gessi.

7.6.L'Acquirente non potrà modificare i Marchi e i Prodotti di Gessi senza prima aver ottenuto il consenso scritto di quest'ultima. L'Acquirente riconosce che se durante l'efficacia dell'Accordo si renderanno necessarie delle modifiche ai Prodotti, ai disegni, ai marchi, ai materiali promozionali e/o a qualsiasi altro Diritto di Proprietà Intellettuale detenuto da Gessi, quest'ultima rimarrà, in ogni caso, la proprietaria esclusiva di tutti i Diritti di Proprietà Intellettuale modificati.

7.7.L'Acquirente non dovrà tentare di registrare alcuno dei Diritti di Proprietà Intellettuale di Gessi. Inoltre, l'Acquirente non dovrà tentare di registrare o anche solo utilizzare marchi o disegni confondibili con i Diritti di Proprietà Intellettuale di Gessi (anche se non sono registrati).

7.8.L'Acquirente dovrà condurre gli affari in modo tale che l'operato dell'Acquirente si rifletta sempre favorevolmente sui prodotti e sulla reputazione di Gessi.

7.9.È fatto divieto all'Acquirente qualsiasi uso commerciale dei Diritti di Proprietà Intellettuale di Gessi diverso da quello strettamente consentito dall'Accordo.

7.10. L'Acquirente segnalerà immediatamente a Gessi qualsiasi violazione effettiva o potenziale dei Diritti di Proprietà Intellettuale di Gessi e dovrà collaborare con Gessi per proteggere tali Diritti di Proprietà Intellettuale seguendo rigorosamente le direttive di Gessi.

7.11. Gessi potrà adottare forme di distribuzione selettiva che saranno previamente concordate tra le Parti.

8. Codice di condotta e policy

L'Acquirente si impegna a rispettare il codice di condotta di Gessi e tutte le politiche di Gessi applicabili all'Acquirente, reperibili sul sito ufficiale di Gessi https://www.gessi.com/.

9. Riservatezza

L'Acquirente riconosce e accetta che, durante l'efficacia dei rapporti contrattuali con Gessi e successivamente alla loro cessazione, tutta la documentazione e le informazioni commerciali riservate, in qualsiasi forma o supporto, divulgate da Gessi o comunque conosciute dall'Acquirente, verbalmente o per iscritto, in conseguenza o attraverso il rapporto commerciale con Gessi e che non sono generalmente note al pubblico, quali, a titolo esemplificativo ma non esaustivo, le informazioni relative ai Prodotti, alle finanze, ai processi, ai servizi, ai clienti, agli acquisti, ai risultati dei test, alla tecnologia, alla contabilità, alla produzione, alla distribuzione e alla commercializzazione (le "Informazioni") rimarranno di proprietà esclusiva di Gessi, saranno tenute strettamente riservate dall'Acquirente e quest'ultimo non potrà pubblicarle, divulgarle, diffonderle o utilizzarle in alcun modo, ad eccezione di quanto espressamente consentito nelle presenti Condizioni Generali. L' Acquirente non può riprodurre e copiare in tutto o in parte le Informazioni e deve restituirle o distruggerle alla scadenza o alla risoluzione dell'Accordo. L'Acquirente deve salvaguardare tali Informazioni e garantire che solo i dipendenti, i funzionari e gli amministratori che abbiano bisogno di avere accesso alle Informazioni per adempiere gli obblighi previsti dall'Accordo, possano avere accesso alle Informazioni e che tali dipendenti, funzionari e amministratori rispetteranno gli obblighi di riservatezza e di non utilizzo stabiliti nelle Condizioni Generali. Inoltre, rispetta i codici di condotta e le policy di Gessi.

GENERAL SALES CONDITIONS

1.Applicability

1.1.These general terms and conditions of sale (the “General Conditions”) shall form a binding contract between:

(i) “Gessi” meaning Gessi s.p.a. with its registered office in Parco Gessi, 13037 hamlet Vintebbio, Serravalle Sesia (VC), Tax Identification Number and VAT number 02235360027; and

(ii) the “Buyer” meaning the professional reseller agreeing to proceed with the purchase of Gessi’s products (the “Products”) after receiving these General Conditions.

(collectively the “Parties”)

1.2.By agreeing to proceed with the purchase of Gessi’s products (the “Products”) after receiving these General Conditions, for example by accepting the delivery or by making a payment, the Buyer accepts these General Conditions under to art. 1327 of the Italian Civil Code. Following such acceptance of these General Conditions, they shall govern all the Orders placed by the Buyer (the “Orders”). The Orders accepted by Gessi, are deemed biding contracts of sale which cannot be terminated unilaterally by the Buyer. Such accepted Orders and these General Conditions shall constitute the entire agreement between the Parties (the “Agreement”).

1.3.These General Conditions shall prevail over any general conditions presented to Gessi by the Buyer, either in the purchase orders or otherwise, unless expressly accepted in writing by Gessi. These General Conditions are governed by the laws of Italy.

1.4.Gessi reserves the right, at its sole discretion, to modify the General Conditions from time to time. Any such change shall take effect upon communicating them to the Buyer.

1.5.The resolution, invalidity, or ineffectiveness of one (or part of) a clause or any provision of the Agreement shall not in any way result in the termination, invalidity, or ineffectiveness in part or in the whole of any other clause or provision of the Agreement.

2.Prices and payment

2.1.The prices indicated on this price list(the “Price List”) are V.A.T. excluded and they are expressed in EUR. In the course of the business relationship with the Buyer, Gessi may communicate to the latter changes in price. Gessi and the Buyer may agree on the specific discounts relating to the distribution services of the Buyer.

2.2.Gessi reserves the right to change the Price List, for example, by making changes to the Products and/or even eliminating the same model from this Price List, at any time and at its sole discretion, without any obligation to give prior notice to the Buyer.

2.3.The payments become due with the expiration date of the relevant invoice of Gessi and shall not be retained by the Buyer under any circumstances. In particular, any delays in delivery or other conduct of Gessi the Buyer believes constitutes a default of Gessi shall not constitute grounds for any delay in the payments due.

2.4.In case of any delay in the payment due, Gessi reserves the right to charge default interest under Legislative Decree no. 231/2002 as amended, without prejudice in any case to the applicable legal limits.

3.Retention of title

The ordered Products shall remain the property of Gessi until the relevant Order is entirely paid up by the Buyer and/or in the case of an extended payment if such was agreed upon by Gessi. For that purpose, the Buyer shall cooperate with Gessi to protect Gessi’s ownership. The above is without prejudice to the fact that the risks of losing or damaging the Products shall pass to the Buyer from the moment the Products are delivered to the Buyer under art. 4.1. hereof.

4.Shipment and delivery

4.1.Unless otherwise expressly agreed upon by the Parties, the delivery shall be EXW (Incoterms 2010) Gessi’s headquarters, Italy.

4.2.Upon delivery of the ordered Products, the Buyer shall check (i) if the delivery is complete; and (ii) the packaging of the Products. The Buyer shall report, on a delivery report that must also be signed by the person delivering the Order to the Buyer and sent to Gessi, any default of delivery, indicating any error in the quantity or kind of the Products delivered or any damage to the packaging.

4.3.Unless otherwise expressly agreed upon by the Parties, within 14 calendar days from the delivery, the Buyer shall also (i) verify whether the Products were delivered in good shape; (ii) duly document any possible defects of production in the Products, with photographs and/or videos showing clearly such defects; and (iii) report any such defects to Gessi, via email at the mail address of your commercial referent (the reception of which should be confirmed by Gessi), fax, or registered letter, including a detailed description of the default and the documentation proving the default. The Buyer shall make the Products available for inspection or, if requested by Gessi, resend the Products to Gessi at Gessi’s cost (if Gessi confirms the Buyer’s claims) for its inspection when Gessi believes it is necessary.

4.4.If the Buyer does not raise any objection to the delivery and/or to the ordered Products according to the provisions of the above Sections 4.2. and 4.3., such delivery and ordered Products shall be considered, regarding visible defects, delivered in expected quantity and quality, in good shape, and the Buyer shall not be entitled to raise any further objections in that regard unless otherwise provided for by applicable law. The above is without prejudice to Gessi’s warranty obligations. It is understood that neither these General Conditions nor Gessi’s warranty shall prejudice any imperative guarantees provided by applicable laws.

5.Destination of Products

5.1.The Parties agree that if the sale of the Products in the country indicated by the Buyer as the country of destination of the Products and/or in the country in which the Buyer headquarters is located becomes (or it comes to Gessi’s knowledge that it has been) restricted by or would infringe any applicable regulations (the “Restrictions”) and unless the Restrictions are withdrawn, the relevant Orders will be cancelled by Gessi under art. 1456 of the Italian Civil Code, without the possibility to change the destination of the shipment and Gessi may, at its sole discretion, choose to (i) refund the payments already obtained from the Buyer for such cancelled Orders, (ii) and/or give credit to the Buyer for the Products that are not restricted, subject to availability. Under no circumstances shall the Buyer have the right to request Gessi to supply the Products to the countries

which are covered by the relevant Restrictions and/or which may be used to circumvent such Restrictions, being Gessi a manufacturer dedicated to scrupulous compliance with all the applicable laws, including also the legislation regarding the Restrictions. In the event of a violation of Article 12g of Regulation (EU) No. 833/2014, Gessi, in addition to the right to cancel Orders, may withdraw from the Agreement and shall have the right to request reimbursement of the expenses incurred in relation to the Agreement that led to the violation, as well as compensation for damages. In any case, Gessi commits to notifying the competent Authorities in the event of a violation of the prohibition set forth in this article.

5.2.The Buyer acknowledges that the Products may be dedicated to certain territories where local laws provide different requirements than other territories and/or where the sanitary structure differs from other countries. The Buyer shall always resell the Products within territories for which the Products are destined to ensure they comply with local laws. This is without prejudice to any laws (also including EU laws) prohibiting limitations of the resale territories.

6.Warranties of Gessi

6.1.Gessi warrants that the Products will correspond with their technical specifications subject to reasonable tolerances generally accepted in the trade and will be free from defects in material and workmanship at the time of delivery.

6.2.Gessi does not warrant that the Products will be compatible with local laws and appliances worldwide. For this reason, the warranty is valid only and exclusively for all countries for which the Product sold to the Buyer is destined, without prejudice, in any case, to the provisions of the applicable laws.

7.Use of Gessi's Intellectual Property Rights by the Buyers

7.1.The Buyer acknowledges that all copyrights, industrial designs, patents, trademarks, service marks, logos, commercial names, trade names, domain names and/or slogans, whether registered or unregistered and all other intellectual property rights protected under different jurisdictions (the "Intellectual Property Rights") held or in any case operated by Gessi and/or by its subsidiaries and affiliates are owned by or licensed to Gessi and/or its subsidiaries and affiliates, granting them an exclusive right to use and benefit from such Intellectual Property Rights and the Buyer does not acquire any such rights hereunder.

7.2.During the Parties' business relationship and after its end, the Buyer shall not produce the Products or any other products similar to or imitating the Products or in any other way infringe the Gessi' Intellectual Property Rights and/or act in any other way to the detriment of the goodwill of Gessi.

7.3.The Buyer shall not use letterhead, calling cards, signage (also in the e-mail correspondence with clients and other third parties) or other representations in the name of Gessi or any of its subsidiaries or to represent itself as Gessi or as a part of Gessi's team or as any of its subsidiaries without the express, written permission of Gessi.

7.4.The Buyer shall market, distribute and sell the Products only under the trademarks, logos, commercial names and other distinctive signs (the "Trademarks") of Gessi and not under any other Trademark. The Buyer shall not remove any Trademarks of Gessi from the Products and/or their packaging without Gessi's written consent. Any such removal, distortion and/or change of the Trademarks of Gessi or technical data or labels delivered with the Products or otherwise provided by Gessi shall be considered an infringement of the Intellectual Property Rights of Gessi.

7.5.It is understood and agreed by the Buyer that Gessi does not grant to the Buyer any licence to use the Trademarks of Gessi or its other materials provided to the Buyer by Gessi otherwise than as necessary for the promotion of the Products and following strictly the indications of Gessi.

7.6.The Buyer shall not alter any Trademarks or Products of Gessi without the latter's prior written consent. The Buyer acknowledges that if, during the effectiveness of this Agreement, changes to the Products, designs, Trademarks, promotional materials and/or other Intellectual Property of Gessi become necessary, Gessi will remain, in any case, the exclusive owner of all such modified Intellectual Property Rights.

7.7.The Buyer shall not attempt to register any of the Intellectual Property Rights of Gessi. Furthermore, the Buyer shall not attempt to register or even use any other Trademarks or designs confusingly similar to the Intellectual Property Rights of Gessi (also if they are not registered).

7.8.The Buyer shall conduct business in a manner that always reflects favourably on the Products and reputation of Gessi.

7.9.Any commercial use of the Intellectual Property Rights of Gessi by the Buyer other than strictly permitted under this Agreement is prohibited.

7.10.The Buyer shall immediately report to Gessi any actual or potential infringements of the Intellectual Property rights of Gessi and shall cooperate with Gessi in protecting such Intellectual Property Rights according to Gessi's instructions.

6.11. Gessi may adopt selective forms of distribution that will first be agreed upon between the parties.

8. Code of conduct and policy

The Buyer shall comply with Gessi's code of conduct and all Gessi's policies applicable to the Buyer, which can be found on Gessi's official website: https://www.gessi.com/.

9. Confidentiality

The Buyer acknowledges and agrees that, during the business relationship with Gessi and after its expiry, all documentation and confidential business information, in whatever form or media, disclosed by Gessi to or known by the Buyer orally or in writing as a consequence of or through the Buyer's relationship with Gessi and which is not generally known to the public, including but not limited to, correspondence with Gessi, information concerning Gessi's products, finances, processes and services, clients, purchasing, test results, technology and technical information, accounting, manufacturing, distribution and marketing ("Information"), shall remain the sole and exclusive property of Gessi, shall be held in strict confidence by the Buyer, and shall not be published, disclosed, disseminated or used by the Buyer in any manner, except as expressly permitted hereunder. The Buyer may not reproduce or copy the Information, in whole or in part, and must return or destroy the Information upon the expiration or other termination of this Agreement. In addition, the Buyer shall safeguard such Information and ensure that only the Buyer's employees, officers and directors who need access to the Information for purposes of performing the Buyer's obligations under this Agreement

will be given such access and all such employees, and officers and directors will comply with the confidentiality and non-use obligations set forth herein. It also complies with Gessi's codes of conduct and policies.

CONDITIONS GÉNÉRALES DE VENTE

1. Applicabilité

1.1.Les présentes conditions générales de vente (les « conditions générales ») constituent un contrat entre :

(i) « Gessi » : Gessi s.p.a., dont le siège social est situé à Parco Gessi, 13037 localité Vintebbio, Serravalle Sesia (VC), code fiscal et numéro de TVA : 02235360027 ; et

(ii) L « "Acheteur » : qui désigne le revendeur professionnel qui accepte de procéder à l'achat des produits de Gessi après avoir reçu les présentes Conditions générales.(Gessi et l'acheteur sont collectivement désignés comme les « Parties »).

1.2.En acceptant de procéder à l'achat des produits de Gessi (les ''Produits'' après avoir reçu les présentes Conditions générales, par exemple en acceptant la livraison ou en effectuant le paiement, l'Acheteur accepte les présentes Conditions générales conformément à l'article 1327 du Code civil italien. Suite à cette acceptation, les présentes Conditions générales régiront toutes les Commandes passées par l'Acheteur (les ''Commandes''). Les Commandes acceptées par Gessi seront considérées comme des contrats de vente contraignants qui ne pourront pas être résiliés unilatéralement par l'Acheteur. Les Commandes acceptées et les présentes Conditions générales constituent l'intégralité de l'Accord entre les parties (l''Accord'').

1.3. Les présentes Conditions générales prévalent sur toute autre disposition, requête et/ou condition relative à la commande passée par le client à Gessi, à moins que cette dernière ne l'ait expressément approuvée par écrit.

1.4. Les présentes Conditions générales sont régies par le droit italien.

1.5. Gessi se réserve le droit, à sa seule discrétion, de modifier régulièrement les Conditions générales. Ces modifications prendront effet à partir du moment où elles seront communiquées au Client ou à partir de leur publication sur le site Internet de Gessi. La résiliation, la nullité ou l'inefficacité d'une (ou d'une partie d'une) clause(s) de l'Accord n'entraîne en aucun cas la résiliation, la nullité ou l'inefficacité des autres clauses ou parties de clauses de l'Accord.

2. Prix et paiement

2.1.Les prix indiqués dans la présente liste tarifaire (la « Liste tarifaire ») s'entendent hors TVA et sont exprimés en EUR. Dans le cadre de la relation commerciale avec l'Acheteur, Gessi peut notifier à ce dernier des modifications de prix. Gessi et l'Acheteur peuvent convenir de remises spécifiques pour les services de distribution de l'Acheteur.

2.2.Gessi se réserve le droit de modifier la liste tarifaire, par exemple en modifiant les Produits présents et/ou en retirant un modèle de cette liste tarifaire, à tout moment et à sa seule discrétion, sans obligation de notification préalable à l'Acheteur.

2.3.Les paiements sont dus à la date d'échéance indiquée sur la facture correspondante émise par Gessi et les sommes dues ne peuvent en aucun cas être retenues par l'Acheteur. En particulier, tout retard dans la livraison des produits ou tout autre comportement de Gessi qui, de l'avis de l'Acheteur, constitue un manquement de la part de Gessi, ne justifie pas le retard de paiement des sommes dues de la part de l'Acheteur.

2.4.En cas de retard de paiement des sommes dues par l'Acheteur, Gessi se réserve le droit d'appliquer des intérêts de retard conformément au décret législatif n° 231/2002, sous réserve, en tout état de cause, des limites légales.

3. Réserve de propriété

Gessi reste propriétaire des Produits commandés jusqu'au paiement par l'Acheteur de la totalité du montant convenu pour la Commande et/ou jusqu'au paiement différé uniquement si ce mode de règlement a été expressément accepté par Gessi. Ainsi, l'Acheteur s'engage à coopérer avec Gessi pour protéger la propriété de cette dernière. Les risques de perte ou d'endommagement des Produits sont transférés à l'Acheteur à partir du moment où les Produits lui sont livrés conformément à l'article 4.1. des Conditions générales.

4. Expédition et livraison des produits

4.1.Sauf accord exprès entre les parties, la livraison des Produits aura lieu EXW (Incoterms 2010) siège social de Gessi en Italie.

4.2.Lors de la livraison des Produits commandés, l'Acheteur vérifiera (i) si la quantité de Produits reçus correspond à la quantité achetée et (ii) si l'emballage des Produits est intact. L'Acheteur se doit de signaler toute erreur et/ou divergence dans la livraison via un rapport de livraison, tout particulièrement toute erreur quant à la quantité et/ou au type de Produits livrés et/ou tout dommage d'emballage. Ce rapport doit être confirmé par écrit par qui a effectué la livraison à l'Acheteur par l'apposition de sa signature et doit être envoyé à Gessi.

4.3.Sauf accord contraire exprès entre les parties, dans les 14 jours calendaires suivant la livraison, l'Acheteur doit également (i) vérifier si les Produits ont été livrés en bon état ; (ii) documenter la présence de tout défaut dans les Produits, par exemple au moyen de photographies et/ou de vidéos montrant clairement ces défauts ; et (iii) signaler la présence de ces défauts à Gessi par courriel à l'adresse e-mail de son contact commercial (Gessi en confirmera alors la bonne réception) ou par fax ou lettre recommandée avec accusé de réception. Le rapport de l'Acheteur doit inclure une description détaillée et documentée de ces défauts. L'acheteur doit mettre les Produits à la disposition de Gessi pour lui permettre d'effectuer toutes les vérifications nécessaires ou envoyer les Produits au siège de Gessi pour les vérifications techniques appropriées, si Gessi le juge nécessaire. Les frais d'expédition ne seront pris en charge par Gessi que si les réclamations de l'Acheteur sont jugées justifiées par Gessi.

4.4.Si l'Acheteur n'émet aucune réclamation sur les Produits commandés et/ou sur la livraison dans les conditions et selon les modalités prévues aux articles 4.2. et 4.3., les Produits seront réputés, à l'exception des défauts visibles, avoir été livrés dans la quantité et la qualité convenues, ainsi qu'en bon état, et l'Acheteur ne pourra émettre aucune réclamation sur la quantité et la qualité des Produits livrés et/ou sur l'état des Produits, sauf dispositions contraires prévues par la loi en vigueur. Les dispositions précédentes n'affectent pas les obligations de garantie de Gessi. Il est entendu entre les parties que ni les conditions générales ni les garanties de Gessi n'affectent les garanties obligatoires prévues par la loi en vigueur.

5. Destination des produits

5.1.Les Parties conviennent que si la vente des Produits dans le pays indiqué par l'Acheteur comme pays de destination des Produits et/ou dans le pays où se trouve le siège de l'Acheteur est (ou si Gessi apprend qu'elle) est soumise à des restrictions ou violerait toute réglementation applicable

(les « Restrictions »), à moins que les Restrictions ne soient levées, les Commandes concernées seront annulées par Gessi conformément à l'art. 1456 du Code civil italien, sans possibilité de changer le pays de destination des Produits et Gessi pourra, à sa seule discrétion, (i) rembourser au Client le paiement reçu par ce dernier pour les Commandes annulées ; et/ou (ii) accorder un crédit à l'Acheteur pour les Produits non soumis aux Restrictions, sous réserve de disponibilité. En aucun cas l'Acheteur n'aura le droit de demander à Gessi de fournir des Produits dans des pays soumis à des Restrictions et/ou qui peuvent être utilisés pour contourner les Restrictions, Gessi étant un producteur désireux de respecter scrupuleusement toutes les lois en vigueur, y compris quant aux Restrictions. En cas de violation de l'article 12 octies du Règlement (UE) n° 833/2014, Gessi, outre le droit d'annuler les Commandes, peut se retirer de l'Accord et sera en droit de demander le remboursement des frais engagés dans le cadre de l'Accord ayant conduit à la violation, ainsi que des dommages-intérêts. Dans tous les cas, Gessi s'engage à informer les autorités compétentes en cas de violation de l'interdiction prévue au présent article.

5.2.L'Acheteur reconnaît que les Produits peuvent être destinés à certains territoires où les lois locales prévoient des conditions différentes de celles appliquées sur d'autres territoires et/ou où la structure sanitaire diffère de celle d'autres pays. L'Acheteur doit à tout moment revendre les Produits dans les territoires auxquels les Produits sont destinés afin de s'assurer qu'ils sont conformes aux lois locales, sous réserve de toute loi (y compris les lois de l'UE) interdisant les restrictions sur les territoires de revente.

6. Garanties Gessi

6.1.Gessi garantit que les Produits sont conformes aux spécifications techniques légales, sous réserve toutefois de tolérances raisonnables communément acceptées sur le marché, et qu'au moment de la livraison, les Produits sont exempts de défauts et/ou de vices liés aux matériaux utilisés ainsi qu'à l'exécution des travaux.

6.2.Gessi ne garantit pas que les Produits puissent être compatibles avec les lois et les équipements locaux dans le monde entier. Pour cette raison, la garantie n'est uniquement et exclusivement valable que pour tous les Pays auxquels le Produit vendu à l'Acheteur est destiné, sous réserve toutefois des dispositions des lois applicables.

7. Droits de propriété intellectuelle

7.1.L'Acheteur reconnaît que tous les droits d'auteur, les dessins industriels, les brevets, les marques, les marques de service, les logos, les noms commerciaux, les noms de domaine et/ou les slogans, qu'ils soient enregistrés ou non, ainsi que tous les autres droits de propriété intellectuelle relevant de différentes juridictions (les « Droits de propriété intellectuelle ») détenus ou autrement accessibles à Gessi et/ou à ses filiales ou sociétés affiliées, sont la propriété de Gessi et/ou de ses filiales ou sociétés affiliées, ou font l'objet d'une licence en leur faveur, leur accordant le droit exclusif d'utiliser et de bénéficier de ces droits de propriété intellectuelle et l'Acheteur n'acquiert aucun droit de propriété intellectuelle en signant les présentes conditions générales.

7.2.Pendant la durée de la relation commerciale entre les Parties et après sa cessation, l'Acheteur ne fabriquera pas les Produits ou tout autre produit similaire ou imitant les Produits et, n'enfreindra aucunement les Droits de propriété intellectuelle en toutes circonstances et/ou n'agira pas d'une manière susceptible de porter préjudice à Gessi.

7.3.L'Acheteur n'est pas autorisé à utiliser des en-têtes de lettres, des cartes de visite, des symboles (y compris dans la correspondance électronique avec des clients ou des tiers) ou d'autres représentations au nom de Gessi ou de l'une de ses filiales ou sociétés affiliées, ni à se présenter comme Gessi ou comme faisant partie du groupe auquel Gessi appartient ou comme l'une de ses filiales ou sociétés affiliées, sans l'autorisation écrite expresse de Gessi.

7.4.L'Acheteur commercialisera, distribuera et vendra les Produits exclusivement sous les marques, logos, noms commerciaux et autres signes distinctifs de Gessi (les « Marques ») et non sous d'autres marques. L'Acheteur ne doit retirer aucune des Marques de Gessi des Produits et/ou de leur emballage sans l'accord écrit de Gessi. Toute suppression, altération et/ou modification des Marques de Gessi, des données techniques ou des étiquettes livrées avec les Produits ou autrement fournies par Gessi sera considérée comme une violation des Droits de propriété intellectuelle de Gessi.

7.5.Il est entendu et convenu entre les Parties que Gessi n'accorde à l'Acheteur aucune licence d'utilisation des marques de Gessi ou d'autres matériels fournis par Gessi à l'Acheteur, sauf pour la promotion des Produits et en suivant strictement les instructions de Gessi.

7.6.L'Acheteur ne modifiera pas les Marques et les Produits de Gessi sans l'accord écrit préalable de Gessi. L'Acheteur reconnaît que si des modifications des Produits, des dessins, des Marques, du matériel promotionnel et/ou de tout autre Droit de propriété intellectuelle détenu par Gessi s'avèrent nécessaires pendant la durée de l'Accord, Gessi restera le propriétaire exclusif de tous les Droits de propriété intellectuelle modifiés.

7.7.L'Acheteur n'essaiera pas d'enregistrer les Droits de propriété intellectuelle de Gessi. En outre, l'Acheteur n'essaiera pas d'enregistrer ou même d'utiliser des Marques ou des dessins qui sont similaires aux Droits de propriété intellectuelle de Gessi au point de prêter à confusion (même s'ils ne sont pas enregistrés).

7.8.L'Acheteur doit conduire ses affaires de manière à ce que ses actions reflètent toujours favorablement les Produits et la réputation de Gessi.

7.9.Il est interdit à l'Acheteur d'utiliser les Droits de propriété intellectuelle de Gessi à des fins commerciales autres que celles strictement autorisées par l'Accord.

7.10. L'Acheteur doit immédiatement notifier à Gessi toute violation réelle ou potentielle des Droits de propriété intellectuelle de Gessi et doit coopérer avec Gessi pour protéger ces Droits de propriété intellectuelle en suivant strictement les directives de Gessi.

7.11. Gessi peut adopter des formes de distribution sélective à convenir à l'avance entre les Parties.

8. Code de conduite et directives

L'Acheteur s'engage à respecter le code de conduite de Gessi et toutes les directives de Gessi applicables à l'Acquéreur, qui peuvent être consultés sur le site officiel de Gessi https://www.gessi.com/.

9. Confidentialité

L'Acheteur reconnaît et accepte que, pendant la durée de la relation contractuelle avec Gessi et après sa résiliation, toute documentation et information commerciale confidentielle, sous quelque forme ou support que ce soit, divulguée par Gessi ou connue de l'Acheteur, verbalement ou par écrit, en raison de la relation commerciale avec Gessi et qui n'est pas généralement connue du public, telle que, mais sans s'y limiter, l'information relative aux Produits, aux finances, aux processus, aux services, aux clients, aux achats, aux résultats de tests, à la technologie, à la comptabilité, à la fabrication, à la distribution et au marketing (les « Informations ») resteront la propriété exclusive de Gessi, seront gardées strictement confidentielles par l'Acheteur et l'Acheteur ne les publiera pas, ne les divulguera pas, ne les diffusera pas et ne les utilisera pas de quelque manière que ce soit, sauf si cela est expressément autorisé dans les présentes Conditions générales. L'Acheteur ne peut reproduire ou copier les informations en tout ou en partie et doit les retourner ou les détruire à l'expiration ou à la résiliation de l'Accord. L'Acheteur doit protéger ces informations et veiller à ce que seuls les employés, les dirigeants et les administrateurs qui ont besoin d'avoir accès aux Informations pour remplir leurs obligations en vertu de l'Accord y aient accès et que ces employés, dirigeants et administrateurs se conforment aux obligations de confidentialité et de non-utilisation énoncées dans les Conditions générales. Ils doivent également respecter les codes de conduite et les politiques de Gessi.

CONDICIONES GENERALES DE VENTAS

1. Aplicabilidad

1.1.Las presentes condiciones generales de venta (las "Condiciones Generales") constituyen un contrato entre:
(i) "Gessi": referida a Gessi s.p.a. con domicilio social en Parco Gessi, 13037 aldea de Vintebbio, Serravalle Sesia (VC), N.I.F. 02235360027; y
(ii) "Comprador": referido al revendedor profesional que acepte proceder a la compra de los productos de Gessi tras haber recibido las presentes Condiciones Generales.
(Gessi y el Comprador se denominan colectivamente las "Partes").
1.2.Al aceptar proceder a la compra de los productos de Gessi (los "Productos") tras recibir estas Condiciones Generales, por ejemplo aceptando la entrega o efectuando el pago, el Comprador acepta estas Condiciones Generales de conformidad con el artículo 1327 del Código Civil italiano. Tras dicha aceptación, las presentes Condiciones Generales regirán todos los pedidos realizados por el Comprador (los "Pedidos"). Los Pedidos aceptados por Gessi se considerarán contratos de venta vinculantes que no podrán ser rescindidos unilateralmente por el Comprador. Los Pedidos aceptados y las presentes Condiciones Generales constituirán el acuerdo completo entre las Partes (el "Acuerdo").
1.3. Las presentes Condiciones Generales prevalecerán sobre cualquier otra disposición, exigencia y/o condición relativa al pedido de compra que realice el Cliente frente a Gessi, salvo aprobación expresa y por escrito de esta última.
1.4. Las presentes Condiciones Generales se rigen por la legislación italiana.
1.5.. Gessi se reserva el derecho, a su entera discreción, de modificar las Condiciones Generales periódicamente. Dichas modificaciones surtirán efecto desde el momento en que sean comunicadas al Cliente o desde su publicación en el sitio web de Gessi. La resolución, nulidad, ineficacia de una (o parte de) cláusula(s) del Acuerdo no implicará en modo alguno la resolución, nulidad, ineficacia de las demás cláusulas o parte de las cláusulas del Acuerdo.

2. Precios y formas de pago

2.1.Los precios indicados en esta lista de precios (la "Lista de Precios") no incluyen el IVA y se expresan en EUR. En el curso de la relación comercial con el Comprador, Gessi podrá notificar a este último cambios en los precios. Gessi y el Comprador podrán acordar descuentos específicos para los servicios de distribución del Comprador.
2.2.Gessi se reserva el derecho de modificar la Lista de Precios, por ejemplo, introduciendo cambios en los Productos y/o también eliminando el mismo modelo de esta Lista de Precios, en cualquier momento y a su entera discreción, sin obligación de avisar previamente al Comprador.
2.3.Los pagos serán exigibles en la fecha de vencimiento indicada en la correspondiente factura de Gessi y las sumas adeudadas no podrán ser retenidas en ningún caso por el Comprador. En particular, cualquier retraso en la entrega de los Productos o cualquier otro comportamiento de Gessi que, en opinión del Comprador, constituya un incumplimiento por parte de Gessi, no justificará un retraso por parte del Comprador en el pago de las sumas debidas.
2.4.En caso de retraso en el pago de los importes debidos por el Comprador, Gessi se reserva el derecho de aplicar intereses de demora de conformidad con el Decreto Legislativo 231/2002, sujetos en cualquier caso a los límites legales.

3. Reserva de dominio

Gessi seguirá siendo propietaria de los Productos solicitados hasta el pago por parte del Comprador del importe total acordado para el Pedido y/o hasta el pago aplazado únicamente si dicha forma de pago ha sido expresamente acordada por Gessi. A tal efecto, el Comprador se compromete a colaborar con Gessi en la protección de los bienes de esta última. Los riesgos de pérdida o deterioro de los Productos se transferirán al Comprador desde el momento en que los Productos le sean entregados, de conformidad con el art. 4.1. de las Condiciones Generales.

4. Envío y entrega de productos

4.1.Salvo que las Partes acuerden expresamente lo contrario, la entrega de los Productos se realizará EXW (Incoterms 2010) en el domicilio social de Gessi en Italia.
4.2.En el momento de la entrega de los Productos solicitados, el Comprador comprobará (i) si la cantidad de Productos recibida se corresponde con la cantidad comprada, y (ii) si el embalaje de los Productos está intacto. El Comprador informará de cualquier error y/o desviación en la entrega en un informe de entrega, en particular cualquier error en la cantidad y/o tipo de Productos entregados y/o cualquier daño en el embalaje. Este informe será confirmado por escrito por la persona que haya efectuado la entrega al Comprador, estampando su firma, y será enviado a Gessi.
4.3.Salvo que las Partes acuerden expresamente lo contrario, en el plazo de los 14 días naturales siguientes a la entrega, el Comprador también deberá (i) verificar si los Productos se entregaron en buen estado; (ii) documentar la presencia de cualquier defecto en los Productos mediante, por ejemplo, fotografías y/o vídeos que muestren claramente estos defectos; y (iii) informar de la presencia de estos defectos a Gessi por correo electrónico a la dirección de correo electrónico de su contacto comercial (cuya recepción de la comunicación será confirmada por Gessi) o por fax o carta certificada con acuse de recibo. El informe del Comprador incluirá una descripción detallada y documentada de dichos defectos. El Comprador pondrá los Productos a disposición de Gessi para que pueda realizar todas las comprobaciones necesarias o enviará los Productos a las instalaciones de Gessi para realizar las comprobaciones técnicas oportunas, en caso de que Gessi lo considere necesario. Los gastos de envío correrán a cargo de Gessi únicamente si las reclamaciones del Comprador son consideradas justificadas por Gessi.
4.4.En caso de que el Comprador no formule reclamaciones sobre los Productos pedidos y/o la entrega en los plazos y en la forma previstos en los artículos 4.2. y 4.3., se considerará que los Productos, salvo defectos visibles, han sido entregados en la cantidad y calidad acordadas, así como en buen estado, y el Comprador no podrá formular reclamaciones sobre la cantidad y calidad de los Productos entregados y/o el estado de los Productos, salvo que la legislación aplicable disponga otra cosa. Las disposiciones anteriores no afectarán a las obligaciones de garantía de Gessi. Las Partes entienden que ni las Condiciones Generales ni las garantías de Gessi afectarán a las garantías obligatorias previstas por la legislación aplicable.

5. Destino de los productos

5.1.Las Partes acuerdan que si la venta de los Productos en el país indicado por el Comprador como país de destino de los Productos y/o en el país donde se encuentra el Comprador está (o Gessi tiene conocimiento de que lo está) sujeta a restricciones o infringiría cualquier normativa aplicable (las "Restricciones"), a menos que se levanten las Restricciones, los Pedidos correspondientes serán cancelados por Gessi de conformidad con el art. 1456 C.C., sin posibilidad de cambiar el país de destino de los Productos y Gessi podrá, a su entera discreción, (i) reembolsar al Cliente el pago recibido por este por los Pedidos cancelados; y/o (ii) conceder un crédito al Cliente por los Productos no sujetos a las Restricciones, sujeto a disponibilidad. En ningún caso el Comprador tendrá derecho a exigir a Gessi que suministre Productos en países sujetos a Restricciones y/o que puedan ser utilizados para eludir las Restricciones, siendo Gessi un fabricante dedicado al cumplimiento escrupuloso de todas las leyes aplicables, incluidas las Restricciones. En caso de incumplimiento del artículo 12 octies del Reglamento (UE) nº 833/2014, Gessi, además del derecho a cancelar los Pedidos, podrá rescindir el Acuerdo y tendrá derecho a reclamar el reembolso de los gastos incurridos en relación con el Acuerdo que ha dado lugar al incumplimiento, así como una indemnización por daños. En cualquier caso, Gessi se compromete a notificar a las autoridades competentes en caso de incumplimiento de la prohibición prevista en el presente artículo.
5.2.El Comprador reconoce que los Productos pueden estar destinados a determinados territorios en los que las leyes locales establecen requisitos diferentes a los de otros territorios y/o en los que la estructura sanitaria difiere de la de otros países. El Comprador deberá en todo momento revender los Productos dentro de los territorios a los que se destinan los Productos para garantizar que cumplen con las leyes locales, sin perjuicio de cualquier ley (incluidas las leyes de la UE) que prohíba las restricciones en los territorios de reventa.

6. Garantías de Gessi

6.1.Gessi garantiza que los Productos cumplen con los detalles técnicos requeridos por la ley, sujetos en cualquier caso a tolerancias razonables comúnmente aceptadas en el mercado, y que en el momento de la entrega los Productos no presentan defectos y/o fallos relativos al material utilizado así como a la fabricación realizada.
6.2.Gessi no garantiza que los Productos sean compatibles con las leyes y equipos locales en todo el mundo. Por este motivo, la garantía es válida única y exclusivamente para todos los países a los que está destinado el Producto vendido al Comprador, sin perjuicio, no obstante, de lo dispuesto en la legislación aplicable.

7. Derechos de propiedad intelectual

7.1.El Comprador reconoce que todos los derechos de autor, diseños industriales, patentes, marcas registradas, marcas de servicio, logotipos, nombres comerciales, nombres de dominio y/o eslóganes, registrados o no registrados y todos los demás derechos de propiedad intelectual bajo diferentes jurisdicciones (los "Derechos de Propiedad Intelectual") de los que Gessi y/o sus filiales o empresas asociadas sean titulares o de los que Gessi y/o sus filiales o empresas asociadas dispongan de otro modo, son propiedad de Gessi y/o de sus filiales o empresas asociadas o han sido licenciados a Gessi y/o a sus filiales o empresas asociadas, otorgándoles el derecho exclusivo a utilizar y beneficiarse de dichos Derechos de Propiedad Intelectual y el Comprador no adquiere ningún Derecho de Propiedad Intelectual por el hecho de firmar las presentes Condiciones Generales.
7.2.Durante la relación comercial entre las Partes y tras su finalización, el Comprador no fabricará los Productos ni ningún otro producto similar o que imite a los Productos y, en cualquier caso, no infringirá los Derechos de Propiedad Intelectual bajo ninguna circunstancia y/o actuará de ninguna forma que pueda perjudicar el fondo de comercio de Gessi.
7.3.El Comprador no está autorizado a utilizar membretes, tarjetas de visita, insignias (incluso en la correspondencia por correo electrónico con clientes o terceros) u otras representaciones en nombre de Gessi o de una de sus filiales o afiliadas, ni a representarse a sí mismo como Gessi o como parte del Grupo al que pertenece Gessi o como una de sus filiales o afiliadas sin el permiso expreso por escrito de Gessi.
7.4.El Comprador comercializará, distribuirá y venderá los Productos exclusivamente bajo las marcas, logotipos, nombres comerciales y otros signos distintivos (las "Marcas") de Gessi y no bajo ninguna otra Marca. El Comprador no retirará ninguna de las Marcas de Gessi de los Productos y/o de su embalaje sin el consentimiento por escrito de Gessi. Cualquier eliminación, alteración y/o modificación de las Marcas de Gessi o de los datos técnicos o etiquetas entregados con los Productos o proporcionados de otro modo por Gessi se considerará una violación de los Derechos de Propiedad Intelectual de Gessi.
7.5.Las Partes entienden y acuerdan que Gessi no concede al Comprador ninguna licencia para utilizar las Marcas de Gessi u otros materiales suministrados por Gessi al Comprador, salvo para la promoción de los Productos y siguiendo estrictamente las instrucciones de Gessi.
7.6.El Comprador no modificará las Marcas ni los Productos de Gessi sin el previo consentimiento por escrito de esta última. El Comprador reconoce que si durante la vigencia del Contrato fuera necesario modificar los Productos, diseños, marcas, materiales promocionales y/o cualquier otro Derecho de Propiedad Intelectual titularidad de Gessi, Gessi seguirá siendo el propietario exclusivo de todos los Derechos de Propiedad Intelectual modificados.
7.7.El Comprador no intentará registrar ninguno de los Derechos de Propiedad Intelectual de Gessi. Además, el Comprador no intentará registrar o incluso utilizar marcas o diseños que sean confusamente similares a los Derechos de Propiedad Intelectual de Gessi (aunque no estén registrados).
7.8.El Comprador llevará a cabo su actividad comercial de tal forma que las acciones del Comprador siempre reflejen favorablemente los productos y la reputación de Gessi.
7.9.Se prohíbe al Comprador cualquier uso comercial de los Derechos de Propiedad Intelectual de Gessi distinto del estrictamente permitido por el Acuerdo.
7.10.El Comprador notificará inmediatamente a Gessi cualquier infracción real o potencial de los Derechos de Propiedad Intelectual de Gessi y cooperará con Gessi para proteger dichos Derechos de Propiedad Intelectual siguiendo estrictamente las directrices de Gessi.
7.11.Gessi podrá adoptar formas de distribución selectiva que se acordarán previamente entre las Partes.

8. Código de conducta y política

El Comprador se compromete a cumplir el código de conducta de Gessi y todas las políticas de Gessi aplicables al Comprador, que pueden consultarse en el sitio web oficial de Gessi https://www.gessi.com/.

9. Confidencialidad

El Comprador reconoce y acepta que, durante la vigencia de la relación contractual con Gessi y después de su terminación, toda la documentación e información comercial confidencial, en cualquier forma o soporte, divulgada por Gessi o en cualquier caso conocida por el Comprador, ya sea verbalmente o por escrito, como resultado de la relación comercial con Gessi o a través de ella, y que no sea de conocimiento general del público, como por ejemplo, aunque no exclusivamente, información relativa a Productos, finanzas, procesos, servicios, clientes, compras, resultados de pruebas, tecnología, contabilidad, fabricación, distribución y comercialización (la "Información") seguirá siendo propiedad exclusiva de Gessi, será estrictamente confidencial por el Comprador y este no podrá publicarla, divulgarla, difundirla ni utilizarla en modo alguno, salvo en los casos expresamente permitidos en las presentes Condiciones Generales. El Comprador no podrá reproducir ni copiar la Información, ni total ni parcialmente, y deberá devolverla o destruirla a la expiración o terminación del Acuerdo. El Comprador salvaguardará dicha Información y se asegurará de que solo tengan acceso a la misma aquellos empleados, directivos y administradores que necesiten tener acceso a la Información para cumplir con sus obligaciones en virtud del Acuerdo, y de que dichos empleados, directivos y administradores cumplan con las obligaciones de confidencialidad y no utilización establecidas en las Condiciones Generales. Asimismo, deberán cumplir los códigos de conducta y las políticas de Gessi.
