SHOWER DREAMS YOUR PERSONAL EXPERIENCE

Head showers, hand showers and shower systems are small technical masterpieces with the intention of making shower dreams come true. An experience that refreshes all senses and at the same time allows a moment of “release”.

KLUDI-ASANA WELLNESS PROGRAM

A SHOWER EXPERIENCE FOR ALL SENSES

In the bathroom, the shower plays a key role in creating an individual wellness experience. The large-format KLUDI-ASANA ceiling showers offer wellness with a real wow effect and the ultimate in showering comfort. They impress with their size alone, but even more so with their heavenly water experience.

This is especially true of the models that, in addition to a pleasant, voluminous summer rain, provide extra wellness with a focused laminar flow or a waterfall-like cascade and light. KLUDI-ASANA ceiling showers are made of high-quality stainless steel and are fully integrated into the ceiling so that they blend harmoniously into the bathroom.

A wide range

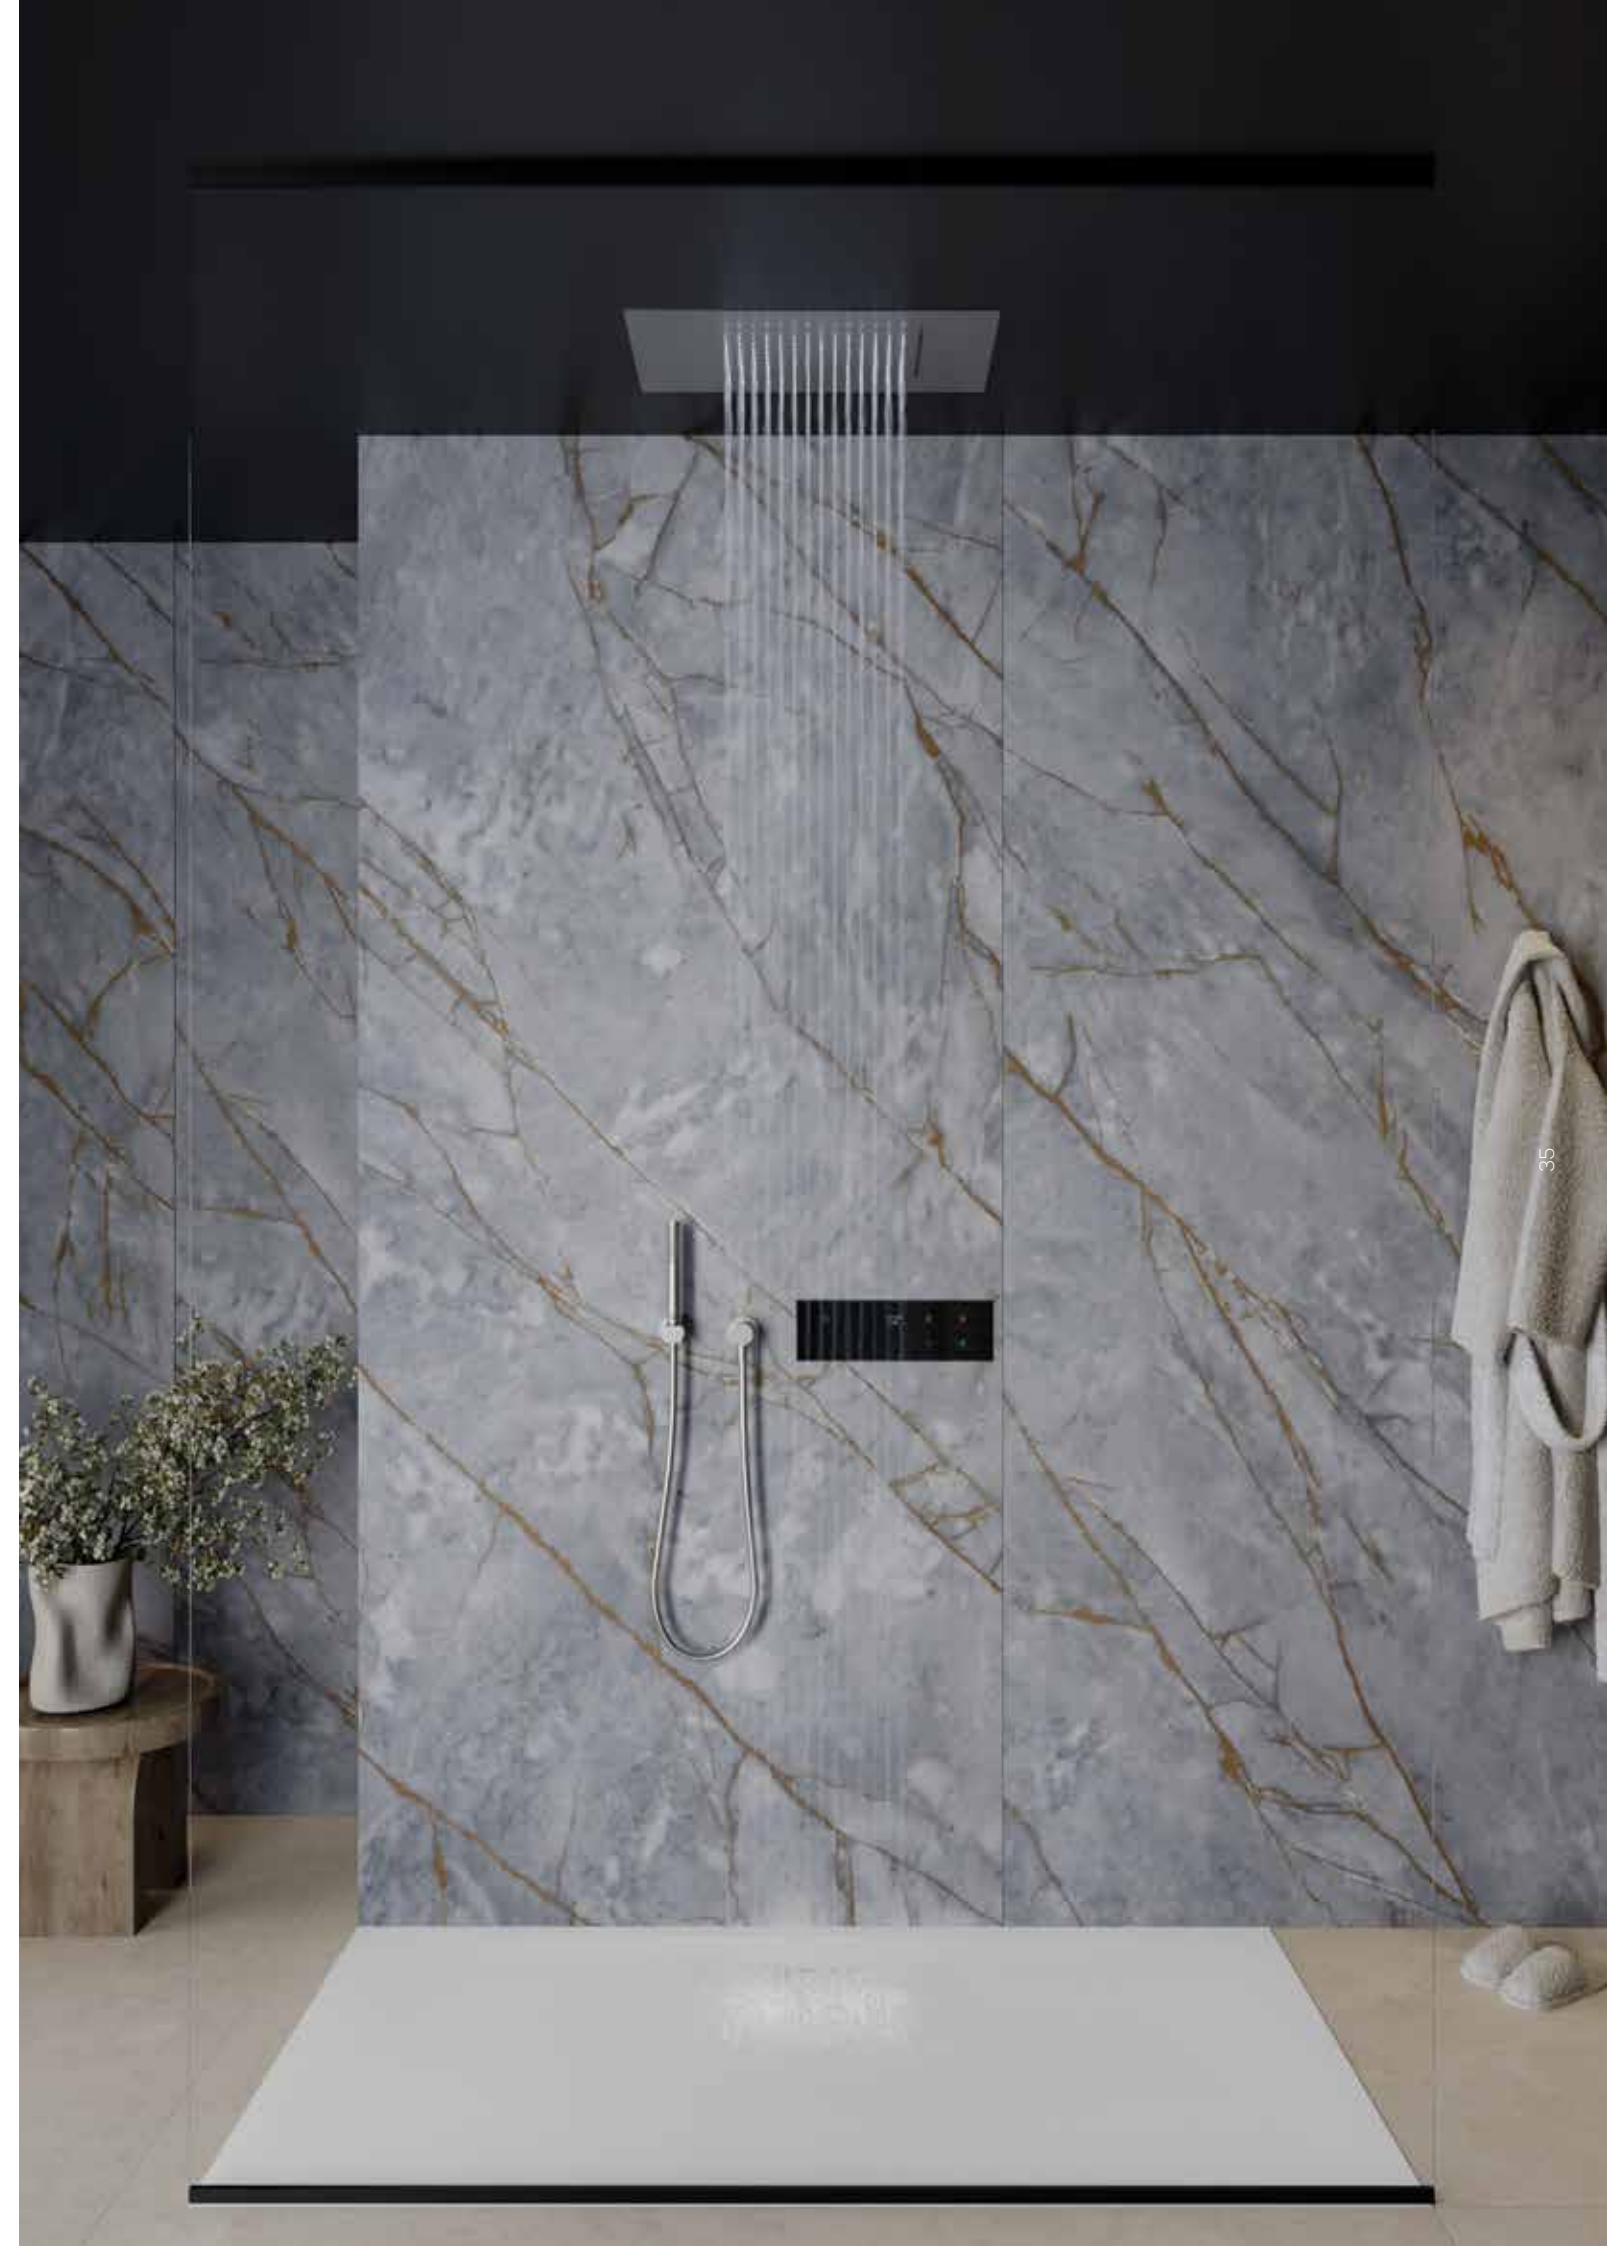

- Three sizes: 340x340 mm, 440x440 mm, 600x300 mm
- Single jet (summer rain) or dual jet (summer rain and clean jet or summer rain and waterfall)

SUMMER RAIN

WATERFALL

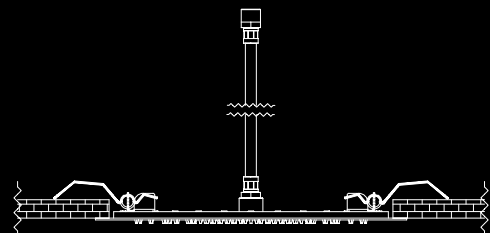

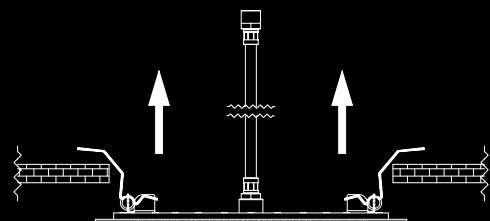

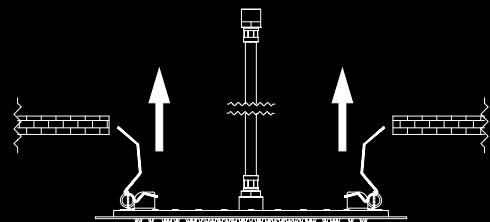

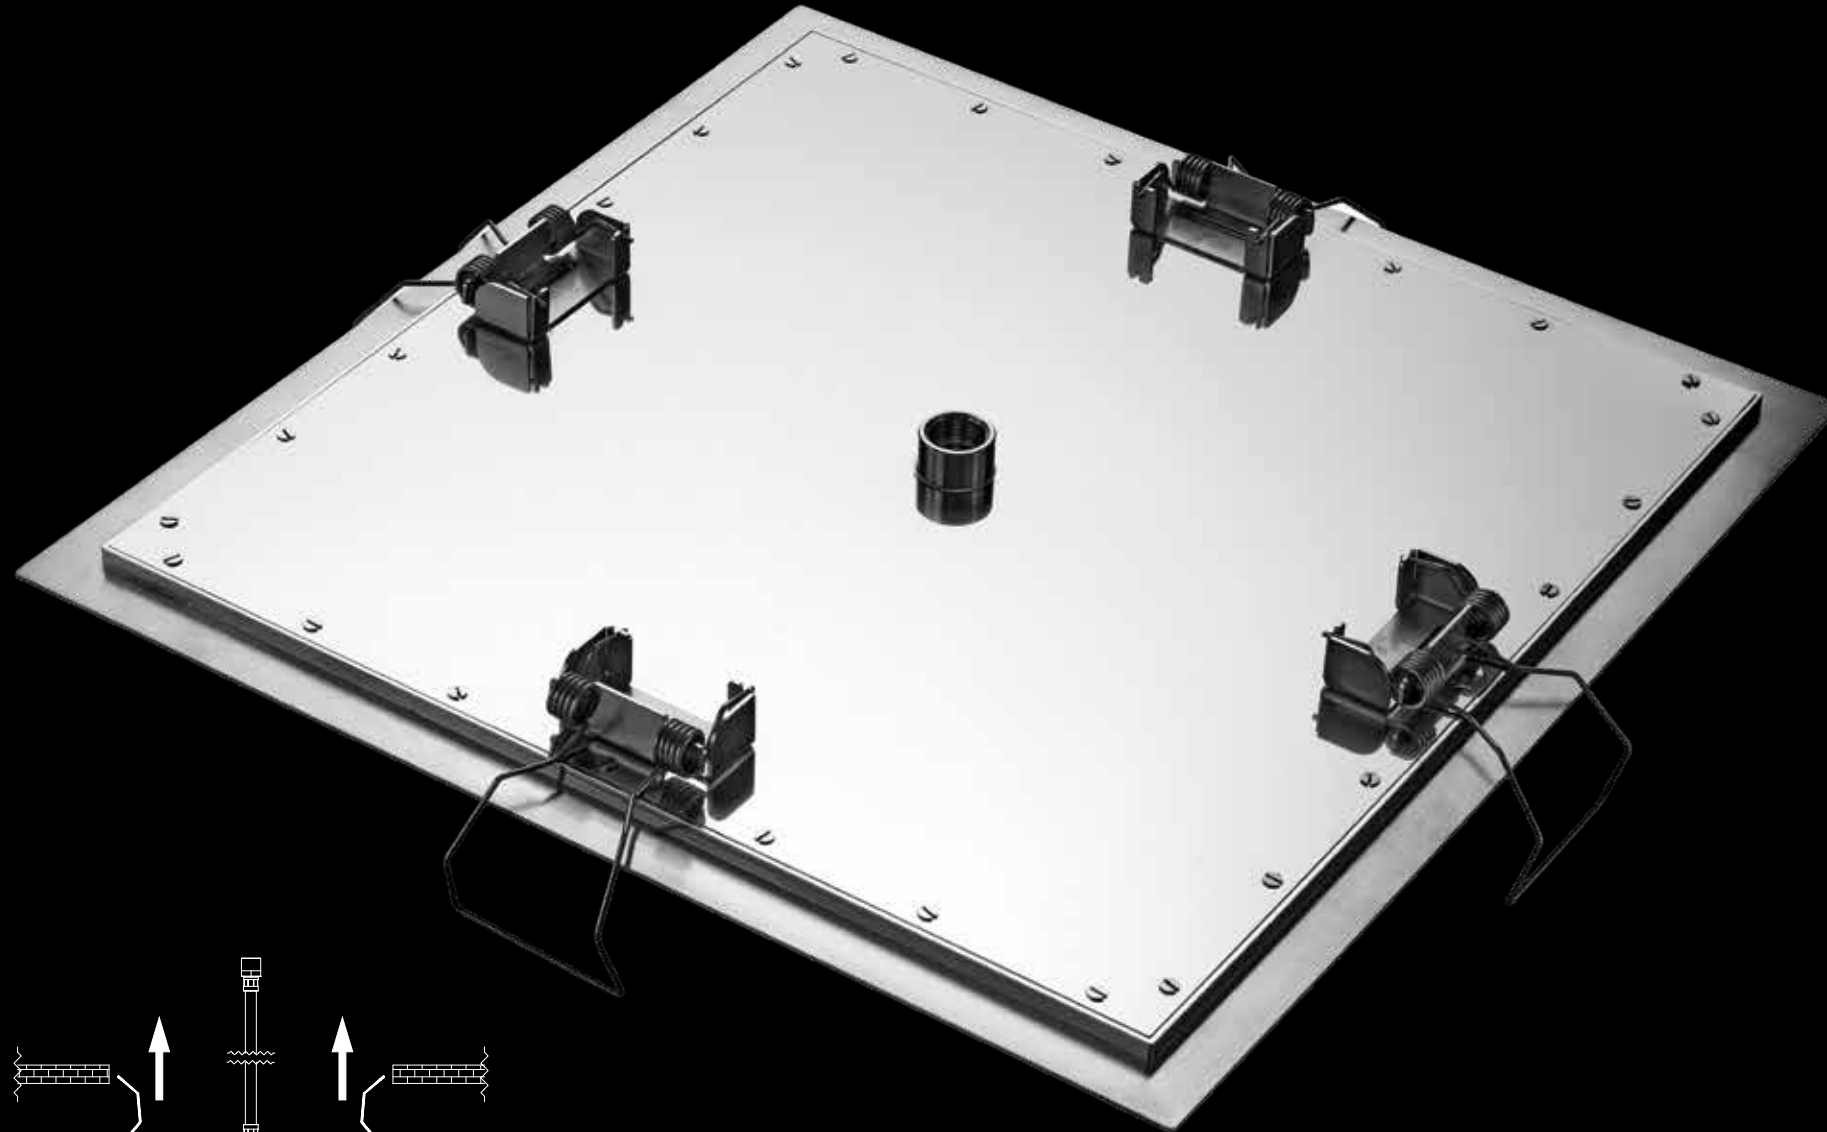

SUMMER RAIN

CLEAN JET

INNOVATIVE EASY INSTALLATION

Patented system allows easy ceiling installation, harmoniously integrated. KLUDI-ASANA is also available for the bath – as a beautifully designed waterfall spout. The system is ideal for both small renovations and large projects and reduces installation time to just a few minutes.

Tighten the clamp holders one by one and fix the head shower in the ceiling.

A new standard for hygiene

KLUDI-CLEANTRONIC is made with RAK-ProTek, the innovative ceramic glaze developed to protect wash basins, toilets and urinals, to make them more hygienic and easier to clean. RAK-ProTek, which is baked into the ceramic during firing, results to a smoother surface, unlike standard ceramic with irregular surface.

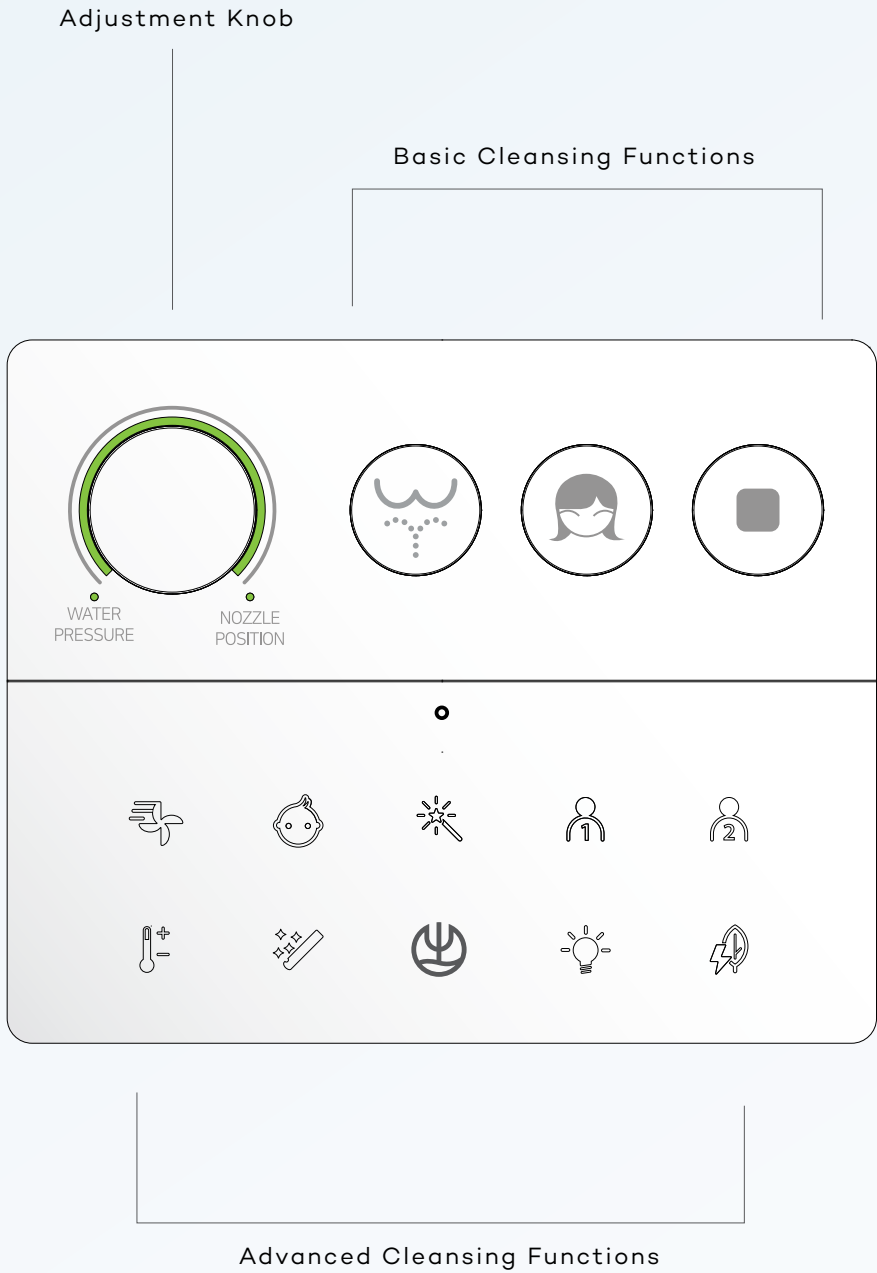

This feature allows the participls accumulating on the ceramic to easily slip away, making cleaning more efficient and convenient.

This glaze is an innovative protection against bacteria, the silver ions contained in this revolutionary glaze, kill 99.9% of bacteria in 24 hours and prevent the bacterial growth, in comparison to conventional ceramic glazing. RAK-ProTek has been tested by Artest laboratory from the Italian Ceramic district in Modena.

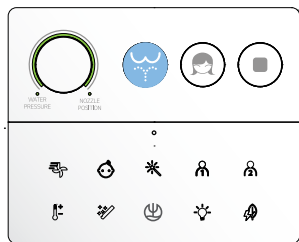

Advanced functionalities made easy

KLUDI-CLEANTRONIC's remote provides full control at your fingertips, easily and intuitively. While the three main buttons activate the main cleansing functions, the intuitive adjustment knob allows the user to select the preferred water pressure and nozzle position. All other cleansing functions appear to the user only if the KLUDI logo is tapped, allowing a more advanced experience.

BASIC CLEANSING FUNCTIONS

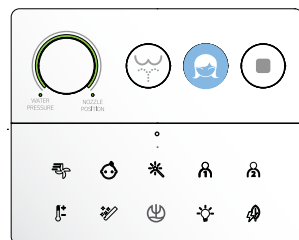

REAR WASH

Pleasant and reliable cleansing. Water temperature, water spray intensity and the spray wand position can be individually adjusted. The spray wand and nozzle are cleaned automatically before and after each use.

Adjustable settings:

- Water temperature (OFF, 33°C, 36°C, 39°C)
- Water flow pressure (5 levels)
- Nozzle position (5 levels)
- Nozzle oscillating movement

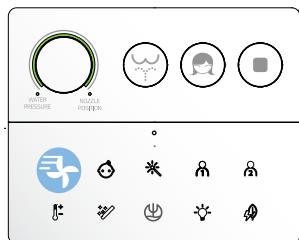

FEMININE WASH

Specially-developed for the needs of female users. It provides a gentle stream of water for a delicate wash. The spray wand and nozzle are cleaned automatically before and after each use.

Adjustable settings:

- Water temperature (OFF, 33°C, 36°C, 39°C)
- Water flow pressure (5 levels)
- Nozzle position (5 levels)
- Nozzle oscillating movement

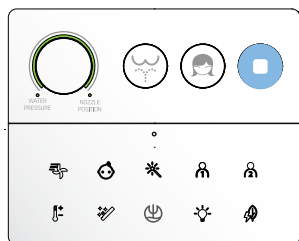

WARM AIR DRYER

The use of the various cleansing functions can be followed by a gentle flow of warm drying air. The temperature and intensity of the warm air dryer can be adjusted. Operating time 180 seconds.

Adjustable settings:

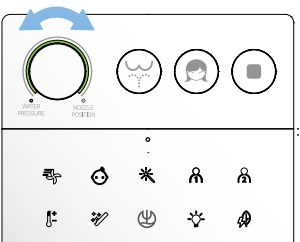

- Air temperature (5 levels)
- Air flow intensity (2 levels)

STOP

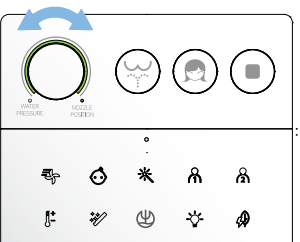

Halts the current activated function.

ADVANCED CLEANSING FUNCTIONS

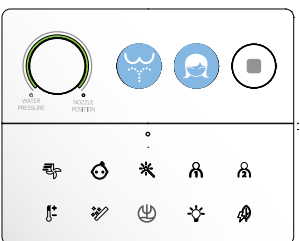

WATER PRESSURE ADJUSTMENT

The water flow pressure can be intuitively adjusted to 5 different intensity levels through the rotating knob. It adapts to each user's needs, making it a customizable experience.

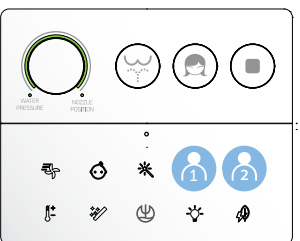

NOZZLE POSITION ADJUSTMENT

The position of the wand jet can be intuitively adjusted to 5 different levels through the rotating knob. It adapts to each user's needs, making it a customizable experience.

OSCILLATING MOVEMENT

During rear of feminine cleansing is possible to activate the oscillating mode by pressing the button again. The wand jet moves in and out for thorough cleansing over larger areas, for a feeling of ultimate clean.

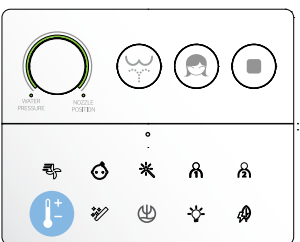

2 MEMORY SETTINGS

Personalized experience thanks to exclusive setting for 2 users. Water pressure and exact position of the nozzle can be set to individual preference.

Personal settings:

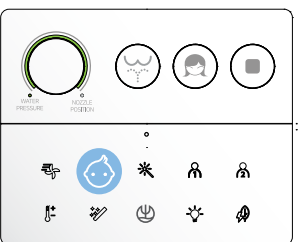

- Water flow pressure (5 levels)
- Nozzle position (5 levels)

WATER TEMPERATURE ADJUSTMENT

Pressing the dedicated button on the remote control, allows water temperature adjustment to 3 different ideal levels. Alternatively water heating can be completely turned OFF.

- OFF
- 33°C
- 36°C
- 39°C

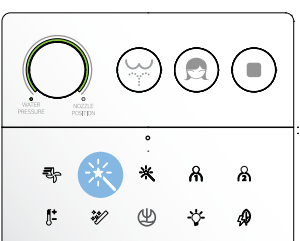

CHILD MODE

The child mode is a gentle automatic cycle of rear cleansing (40 sec.) and drying (180 sec.) adjusted to children's delicate needs and typical forward sitting position.

Fixed settings:

- Water temperature (as per general setting)
- Water flow pressure (level 1)
- Nozzle position (level 5)
- Air temperature (level 3)
- Air flow intensity (level 1)

AUTOMATIC MODE

The automatic mode is a standard automatic cycle of rear cleansing (20 sec.) with oscillating movement (20 sec.) and drying (180 sec.) adjusted to standard needs, it is ideal for elder people not familiar with technology.

Fixed settings:

- Water temperature (as per general setting)
- Water flow pressure (level 2)
- Nozzle position (level 3)
- Air temperature (level 3)
- Air flow intensity (level 1)

AUTO CLEANING NOZZLE

The spray wand and nozzle are cleaned automatically before and after each use, but is possible to run a 30 seconds auto cleaning cycle when desired. To extract the nozzle for a manual cleaning, press the button for 5 seconds.

KLUDI-CLEANTRONIC

USER FRIENDLY CARE & MAINTENANCE

QUICK RELEASE SEAT COVER

Seat cover can be easily detached from the toilet, making it fast and easy to clean all the surrounding area.

NO HIDDEN CREVICES

All areas of KLUDI-CLEANTRONIC can be easily reached, there are no hidden crevices making it easy to reach and clean.

WAND CLEANING

The spray wand and nozzle are cleaned automatically before and after each use, but is possible to run a 30 seconds auto cleaning cycle when desired.

WAND EXTRACTION

To extract the nozzle for a deeper manual cleaning, press the button for 5 seconds, the nozzle will remain in fully extended operating position for 180 seconds, with no water emission.

EASY SERVICING

TOILET BASIC FUNCTIONS NEVER COMPROMISED

In case of no electrical power or system failure and consequent need of assistance from KLUDI, the product can continue to be used. KLUDI-CLEANTRONIC's basic toilet functions are never compromised: flushing, seating, soft close seat & cover and quick release.

TANK DRAINER PROGRAM

KLUDI-CLEANTRONIC's tank (approx. 1,4L) automatically renews the water every 4 days of non-use, in order to ensure always safe and fresh water. In case of longer periods of non-use, it is possible to manually empty the water tank by pressing the STOP button for 5 seconds. It takes approximately 2 minutes to complete the operation, afterwards it is recommendable to turn off the power from the main switch placed under the lid.

AUTOMATIC DESCALING PROGRAM

KLUDI-CLEANTRONIC is programmed for a periodic automatic limestone removal, depending on the water quality. The water quality is verifiable with the water hardness test included in the product, to do during installation.

KLUDI-CLEANTRONIC

TOILET FEATURES

SOFT CLOSE AND QUICK RELEASE

Seat cover closes on its own as soon as it is pushed down, it gently and slowly lowers to its closed position. It can be easily detached from the toilet, making it fast and easy to clean all the surrounding area.

HIDDEN FIXATIONS

Our wall hung and back to wall products are benefitting of the collaboration with Fischer Group, one of the industry leaders. The use of the most innovative Fischer fixing systems, is allowing us design freedom on the ceramic, better aesthetics and more safety for the installer.

WCS AND BIDETS

FUNCTIONALITY AND DESIGN CRAFTED IN CERAMIC

KLUDI provides comprehensive toilet and bidet solutions, boasting an extensive range adaptable to any style, enabling the creation of a personalized toilet experience. A comprehensive lineup encompassing all essential components for bringing your dream bathroom to life, from the WC bowl and cistern to the control panel and meticulously coordinated accessories. Within the KLUDI sanitary series, you're certain to discover your perfect solution. KLUDI's esteemed focus on design, innovation, and quality now extends to every aspect of your bathroom with its new ceramic product range.

Spiralflush technology

Noiseless and beautiful

Kludi delivers the latest design/technology combination for water closet flushing system. Spiralflush allows you to experience the highest standard of design, hygiene and water efficiency, thanks to a uniquely engineered water flushing system, that effectively removes waste, helping keep bathroom fresh and hygienic. The system features a sleek linear design with minimal visible impact, while the spiral jet enables thorough cleaning using less water and markedly reduced noise. Water circulates in a spiral motion across the entire bowl surface, ensuring a splash-free and quiet operation.

FSC® CERTIFICATION
WOODEN MATRERIALS ARE FSC CERTIFIED.

Beyond its robustness, melamine faced MDF elevates the aesthetic appeal of any space with its sleek and uniform surface. The melamine sheet finish imbues the material with a lustrous sheen, creating a visually striking canvas for design endeavors. Moreover, melamine faced MDF exudes practicality and ease of maintenance, further enhancing its allure in both residential and commercial settings. Its smooth and non-porous surface repels scratches, moisture, and stains with ease, ensuring effortless upkeep and longevity. With minimal maintenance requirements, melamine faced MDF offers enduring beauty and functionality over time.

We play our role for a better environment and society

Sustainability in every sphere of business is one of the main elements of KLUDI mission statement. The company is committed to practicing environmental stewardship throughout its manufacturing chain – from product design and efficient operations processes – and to playing an active role in building a better community by enhancing the surrounding environment. Organization's activities improve energy efficiency, reduce pollution, enhance biodiversity and improve the quality of life for both people in the communities it operates in and for its workforce. It recycles natural raw materials to help conserve natural resources and adopts clean development mechanism (cdm) projects to reduce carbon emissions during the manufacturing process.

FROM RESPONSIBLE SOURCES FSC® CERTIFIED

The KLUDI-ICOS furniture collection respects the environment and the life of the furniture itself. All particleboard and MDF used in the construction of this striking furniture collection comes from responsible sources FSC certified, respecting the forests, the people and wildlife who call them home.

MIRRORS

UNLEASH YOUR IMAGINATION

The perfect example of how KLUDI's style is reflected in its creations.

KLUDI mirrors serve as the finishing touch to personalize your perfect bathroom. Offered in various shapes and sizes, all equipped with LED lighting and demister functionality. Adjustable light temperature adds further customization.

KLUDI-LUMA

Illuminate your bathroom

154

154

155

KLUDI-LUMA mirrors are a stylish and functional addition to any bathroom. They come in a choice of round or rectangular shapes and feature a contemporary, minimalist design with an innovative touch switch feature. The mirrors are equipped with backlighting, which provides a gentle light to create a cosy ambiance in the bathroom. All KLUDI-LUMA mirrors have a demisting function to prevent the mirror from fogging up.

BATHTUBS

A STYLISH TOUCH FOR LUXURIOUS COMFORT

Introducing our spacious and stylish freestanding or drop-in bathtubs, designed to bring a modern and comfortable touch to your bathroom. The flowing lines and symmetry of our bathtubs bring a new level of comfort, luxury and relaxation. Cosy minimalist shapes for luxurious baths, suitable for every bathroom environment. Available in a variety of sizes and shapes, including oval and rectangular, to fit any bathroom space. KLUDI-RESA bathtubs are made of RAKSOLID, a solid and durable material composed of a mixture of minerals and natural resins, while KLUDI-ELIN are made of high-quality acrylic, a strong and long-lasting material. The elegant matt white finish of KLUDI-RESA O bathtubs adds a touch of sophistication and contemporary style, while the glossy white finish of KLUDI-ELIN matches any other ceramic in the bathroom, providing a polished look.

SHOWER TRAYS

KLUDI's range of shower trays is designed to redefine the overall concept and aesthetic of your bathroom. Featuring an elegant matte finish with a stone effect, they impart a distinctive ambiance to the shower area while providing a tactilely pleasing, anti-slip surface for enhanced safety. Whether constructing a new shower or renovating an existing one, selecting the appropriate parts and materials tailored to the space and dimensions is paramount. With a thickness of only 3cm, KLUDI shower trays not only optimize space but also boast a surface that inhibits the growth of bacteria and fungi, ensuring superior safety and hygiene. Additionally, they exhibit excellent resistance to chemical products, ensuring long-lasting durability and functionality.

KLUDI-TERRA

Elevate your shower experience

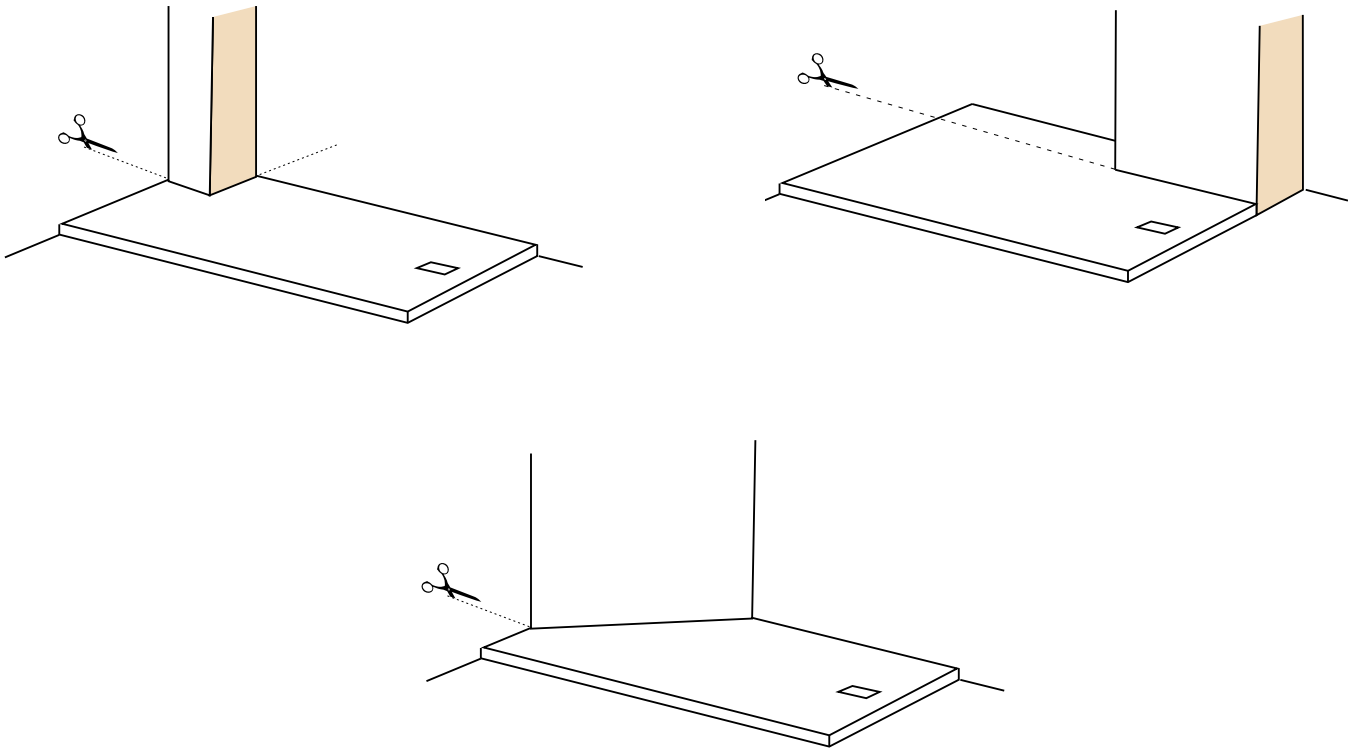

Think about your dream bathroom, where all the elements come together to create a space that is both beautiful and practical. KLUDI-TERRA shower trays are available in endless dimensions and three-colour options, making it the perfect solution for your dream shower area. KLUDI-TERRA collection is made of RAKSOLID, a solid and durable material composed of a mixture of minerals and natural resins.

URINALS & PARTITION

Efficiency and hygiene, in a well design product range. Partitions, dividing these fixtures, ensure privacy, offering a semblance of personal space in crowded facilities. Together, KLUDI's urinals and partitions uphold a delicate balance between functionality and comfort and represent the perfect solution for public restrooms.

KLUDI-IVO

Stylish solutions for the modern commercial bathroom

The KLUDI-IVO urinal is also available with Waterless technology and uses a unique dry valve system. This system helps to reduce odours in restrooms, provides strong flow, and makes maintenance and cleaning easier. The Waterless system is easy to maintain and has a green visual indicator made of biodegradable materials that tells you when it is time to replace the cartridge (about 7500 uses).

DRAINS & BOTTLE TRAPS

THE IDEAL COMPLETION OF KLUDI'S BATHROOM OFFERT

Refined siphons add a touch of sophistication to bathroom decor. Kludi offers traps crafted from chrome-plated ABS, stainless steel, or polypropylene, seamlessly blending with Kludi's wall-hung washbasins or bidets, enhancing the visual appeal without compromising aesthetics.

KLUDI- ROTEXA

The essential complement

The elegant KLUDI-ROTEXA bottle traps and drains complete the bathroom decor in style. KLUDI-ROTEXA products, available in different finishes, integrate perfectly with every KLUDI washbasin or bidet without visually impacting on the aesthetics.

OUR STRENGTHS, OUR PHILOSOPHY

At KLUDI, we are masters of our craft because, since 1926, we have concentrated on what we do best: developing, designing and manufacturing premium products for bathrooms and kitchens. And because we focus on the needs and requirements of our customers. Satisfying them is what drives us and remains our ultimate goal.

Pvd Coating

HIGH-GRADE BRILLIANCE

Various metallic finishes are equally popular in homes. Brushed gold, brushed bronze and brushed gunmetal are particularly popular. KLUDI uses the physical vapor deposition (PVD) process, originally developed for use in space technology, to apply these shiny surface variants in excellent quality and perfect brilliance. In this process, the fittings are physically vaporized in special vacuum chambers using mixtures of inert gases ignited in a magnetic field. The composition of the gas mixture determines the color. PVD surfaces are about ten times harder than chrome. They are therefore considered to be extremely durable and long-lasting.

FINISHES:

| | | |
|--|---|--|
|  MATT BLACK (39) |  MATT LIGHT DOVE (GREY) (02) |  MATT LIGHT BLUE (04) |
|  MATT WHITE (53) |  MATT DOVE (01) |  MATT VERMILION (05) |
| |  MATT TEAL BLUE (03) | |

Powder Coating

ELEGANT MATT

For matte pastel and color shades that are currently on vogue in interior design, KLUDI uses an innovative powder coating that brings out the matte colors particularly well. The fittings are finished with an electrostatically charged powder coating.

The powder consists of finely ground polyurethane and epoxy resin, both of which have a high chemical and mechanical resistance. This gives the surfaces particular resistance and durability. At the same time, powder coating is considered an environmentally friendly painting process because no solvents are used.

Awarded design that serves people

KLUDI designs and manufactures products used by people several times within every day. Therefore, KLUDI's designs are not just only focusing on appearance and style, but also on convenience, practicability and emotional appeal. Excellent design goals when it harmonizes with functionality and satisfies people's needs, resulting in added benefits. That's why our fittings leave a lasting impression - even on design award juries. KLUDI products have won many globally recognized awards for excellent design quality.

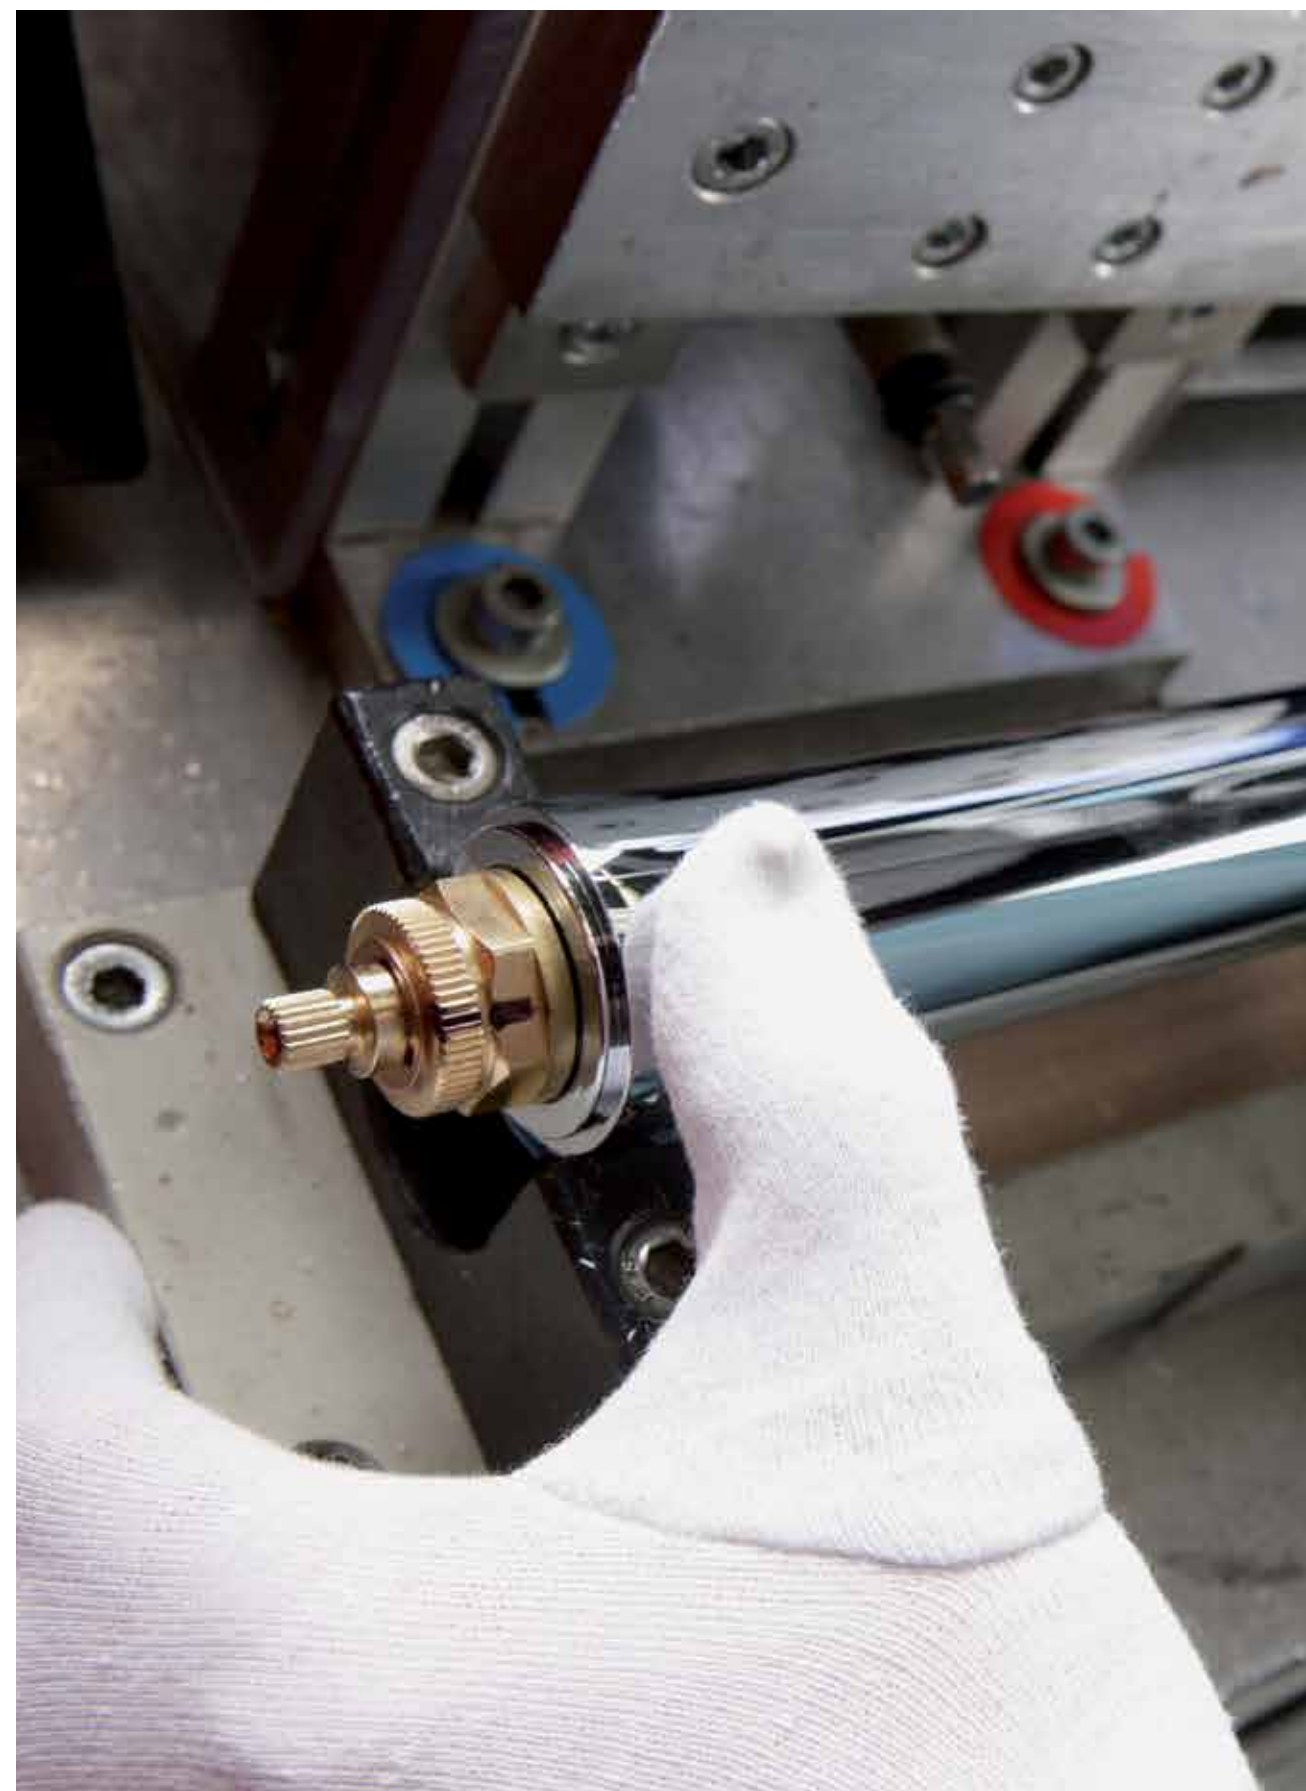

Innovation is just doing it

Freely following this motto, KLUDI has been developing trendsetting solutions for bathrooms and kitchens for almost 100 years. The focus is always on bringing to life people's diverse ideas of their dream bathroom and kitchen, with special attention to detail and forward-looking research. Our perfectly shaped designs and constant aspiration are to make life a little easier, safer, more pleasant, and more beautiful with every development. KLUDI aims to enhance people's quality of life through simple and secure installation, intuitive and convenient usage, perfect water enjoyment, and environmentally-friendly disposal at the end of the product's lifecycle.

Zero-fault tolerance

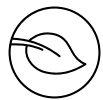

KLUDI never compromises on quality. Every KLUDI product is crafted with excellence, showcasing true value workmanship. KLUDI has nearly a century of expertise and emphasizes quality at every stage of the development and manufacturing process, beginning with customer needs. KLUDI values the use of high-quality materials and their precise manufacturing. Regarding quality control: Every plant has its own quality management team. Every single component is inspected before it goes into production or sub-supplier's part is mounted. Inspections are also performed during each step of the manufacturing process. Hereby most advanced testing equipment, like 3D coordinate measuring machines and electronic measuring microscopes are used. Our only benchmark: zero-defect. This is the only way to achieve the greatest possible customer satisfaction.

That makes a difference Simple, sustainable, plastic free.

This change is hard to miss. A new sustainable packaging concept has replaced our standard packaging. Not only does the packaging look and feel good, it's also certified.

KLUDI ECO flow limiter

From shower systems, showerheads and basin mixers in the bathroom to kitchen faucets - the ECO technology integrated in many water-saving products limits the flow to up to 3.8 litres per minute, letting you save water and energy efficiently. KLUDI technology – reducing costs without sacrificing comfort

KLUDI sensor technology

Thanks to integrated infrared technology, water in KLUDI sensor fittings only flows when the sensor field is activated by hand movement - and this with a noticeably reduced flow rate anyway.

KLUDI ECO PLUS technology

In many KLUDI washbasin and kitchen fittings, this function ensures even greater energy efficiency, as only cold water flows instead of mixed water when the handle is in the standard middle position. This is good for the environment and your budget.

KLUDI technology reducing costs without sacrificing comfort
